4	Non convertible debentures original maturity of less than 1 year as a % of total assets	0%
5	Other short term liabilities, if any as a % of total liabilities	91.63%
6	Other short term liabilities, if any as a % of total assets	91.63%

(vi) Institutional Set up for liquidity risk management

- The company's Board of Directors has the overall responsibility of management of liquidity risk. The board decides the strategy, policies and procedures of the company to manage liquidity risk in accordance with the risk tolerance/limits decided by it.

- The company also has a Risk Management Committee, which reports to the Board and is responsible for evaluating the overall risks faced by the company including liquidity risk.
- The company also has a Asset Liability Committee which is responsible for ensuring adherence to the risk tolerance/limits for the company.

JAINA HOLDINGS LIMITED

28 Capital management

The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains requisite credit ratings. The funding requirements are met through equity and non-convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per the terms and conditions of the licence issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DBR.NBD (SFB-JFS) No. 12881/16.13216/2016-17 dated 28 April 2017 ('Licensing letter'), the Company is required to comply with the provisions of paragraph 2.01(b)(ii) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ('CAR') compliance on a consolidated basis by the NOFHC as per RBI guidelines.

32 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 30th August 2019. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with for the RBI for setting up Small Finance Banks and Universal Banks.
Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).
The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 19th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of Rs.7Bl in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meantime, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.
Upon the receipt of the same, the Company will file the application with NCLT under section 230-232 of the Companies act, 2013 for the merger with a prayer to dispense with holding of meeting with the creditors and shareholders and period the subsequent steps involved for the amalgamation or, alternatively, file an application with RD under section 233 of the Companies Act, 2013 by following the fast track route of merger as may be applicable.

33 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation wide lockdown in March 2020. This was followed by localized lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021, India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.
The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and to collection efficiency of the target customers.
India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

34 Capital to Risk Assets Ratio

The Company is a Non operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") of a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II Framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented.
For the year ended 31 March 2021, the CAR computed on consolidated basis is at [4.17%] which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ("NCD") has been issued by the Company and treated as equity in books, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (Holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above as per Note 32.

35 Net Owned Fund

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction SMFB.MD.008/01.10.119/2016-17 dated September 1, 2016, the Company is required to achieve the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2023 being INR (3,488.25 Lakhs). The sole reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company) and a Core Investment Company, and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above as per Note 33.

36 Breach of Leverage Ratio on a Standalone basis

The Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of (105.32) which is above the regulatory threshold of 1.25 on a standalone basis for the year ended 31 March 2023. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company for related to acquisition interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company) and a Core Investment Company and has filed an application with Reserve Bank of India ("RBI") which has been explained above as per Note 33.

37 Going Concern Basis of Accounting

The Company has incurred a net loss of INR 512.51 crores for the year ended March 31, 2023 (net loss of INR 243.11 crores for the year ended March 31, 2022), and has accumulated losses amounting to INR 1,476.30 crores, as on March 31, 2023 which has subsequently eroded the net worth of the company. Further, breaches in the regulatory requirements such as consolidated capital adequacy ratio, net owned fund and leverage ratio continue to exist. (Refer note 34, 35, and 36 for detailed disclosures regarding regulatory breaches). Above events indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to statutorily sufficient liquidity to meet its obligations and continue its business for the foreseeable future. Accordingly, the financial statements have been prepared under the going concern assumption.

38 Listing requirement for equity shares of Associate Company

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within(iii) three years from the date of commencement of banking business (i.e., March 17, 2021). The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021, and received SEBI approval to raise funds through IPO on July 12, 2021.

39 Other Disclosures

(i) **Payment of Gratuity**

The Payment of Gratuity is not applicable to the company as the number of employees of the company are less than 10 and hence no provision of gratuity has been provided in the books of accounts.

(ii) **Ratios**

Ratio	Measurement unit	Numerator	Denominator	As at 31 March 2023 Ratio	As at 31 March 2022 Ratio	% Change	Reason for variance

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of Jana Holdings Limited ("The Company"), its Associate M/s Jana Small Finance Bank Limited, which comprise the Consolidated Balance Sheet as at 31 March 2023, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information. (Herein after referred to as "the Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us,except for the effects of the matter described in the Basis for Qualified Opinion section of our report,the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their Consolidated state of affairs of the Company and its Associate as at 31 March 2023, and its Consolidated loss, Consolidated changes in equity and its Consolidated cashflows for the year ended on that date.

Basis for Qualified Opinion

(i) The Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank", An Associate Company herein after called as "The Associate"). As per RBI guidelines, the Company shall maintain minimum Capital Adequacy Ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III CapitalRegulations of India, when implemented.

In Our Opinion, for the year ended 31 March 2023, the Company is not meeting with the regulatory minimumCAR on a consolidated basis. Capital adequacy computed on a consolidated basis as on 31 March 2023, is in negative data of 4.17% (minus 4.17%), which is below the regulatory minimum of 15%. The consequential impact of such non-compliances on the Consolidated Financial Statements is presently unascertainable. (Refer Note 33 to the Audited Consolidated Financial Statements).

(ii) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2023, is in a Deficit of Rs.225,469.55 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Consolidated Financial Statements is presently unascertainable. (Refer note 34 to the audited Consolidated Financial Statements).

(iii) As per RBI guidelines, the NOFHC may have a Leverage of up to 1.25 times, of it's Paid up Equity Share Capital and Free Reserves. For the year ended 31 March 2023, the Company had a Leverage Ratio Negative of 1.11 times which is above the regulatory threshold of 1.25 times as stated on a consolidated basis. In Our Opinion the consequential impact of such non-compliances on the Consolidated Financial Statements is presently unascertainable. (Refer Note 35 to the Audited Consolidated Financial Statements).

These matters were also qualified in our report on the Standalone Financial Statements for the year ended 31st March 2023.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its Associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 36 in the Consolidated Financial Statements, which indicates that the Company incurred a net loss of INR 339.54 crores during the year ended 31 March 2023 and has accumulated losses amounting to INR 3453.66 crores, as of that date, which is completely eroded its Net Worth and resulted in negative. Further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2023 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the matured debentures and the balance funds are invested in the equity shares of the Associate. Accordingly, the Consolidated Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to Note 32 & 36 to the Consolidated Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Consolidated Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

Our opinion is not modified in respect of this matter.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note 3 to the Consolidated Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded under Equity Method and is tested for Impairment annually. On 31 March 2023, Investment in the Associate amounts to INR 2323.26 crores (Previous year 31 March 2022: 13,99.55 crores) against which Reversal of Impairment Loss for the Year Rs Nil (Impairment Loss/ Reversal of Impairment Loss for the Last Year Rs. 37.28 crores). The net provision of Impairment is provided for Rs. 256.83 crores as at 31 March 2023 (Previous year 31 March 2022: Rs. 256.83 crores).

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.
ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.
iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Consolidated Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the Board of Directors is responsible for assessing the Company and of its Associates, ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company and its Associate financial reporting process of the Company and of its Associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statments, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entity and its Associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the Audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the Independent Auditors.

We communicate with those charged with governance of the Company and such other entities included in the Consolidated Financial Statements of which we are Independent Auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section143(3) of the Act, We report, to the extent applicable, that:

   a. We have sought and, except for the possible effects of the matter described in the Basis for Qualified Opinion above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.

   b. Except for the effects of the matter described in the Basis for Qualified Opinion section above, in our Opinion, proper Books of Account as required by Law relating to preparation of the aforesaid Consolidated Financial Statements.

   c. The Consolidated Balance Sheet, The Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in Agreement with the relevant Books of Account maintained for the purpose of preparation of the Consolidated Financial Statements.

   d. Except for the effects of the matter described in Basis for Qualified Opinion section above, in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 Companies (Accounts) Rules, 2014.

   e. The matter described in the Basis of Qualified Opinion and Material Uncertainty Related to Going Concern section of our report, in our Opinion, may have an adverse effect on the functioning of the Company.

   f. On the basis of the written representations received from the Directors of the Company as on 31st March, 2023 taken on record by the Board of Directors of the Company and the Reports of the Statutory Auditors of its Associate Company, none of the Directors of the Company, its Associate Company is disqualified as on 31st March, 2023 from being appointed as a Director in terms of Section 164 (2) of the Act.

   g. The Qualification relating to the maintenance of Accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.

   h. With respect to the adequacy of Internal Financial Controls with reference to Consolidated Financial Statements of the Company and the operating effectiveness of such Controls, refer to our separate Report in "Annexure-A".

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Consolidated Financial Statements disclose the impact of pending litigations on the Consolidated Financial position of the Company and its Associate. Refer Note 15(e) to the Consolidated Financial Statements.

ii. The Company and its Associate did not have any material foreseeable losses on long-term contracts including Derivative Contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company and its Associate Company incorporated in India.

iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

vi. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the reports issued by the respective auditors of the Associate Company incorporated in India as referred in Para "Qualified Opinion", we report that, the respective auditor is of the opinion that CARO reporting is not applicable to such Associate Company.

2. As required by the Companies (Amended) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company and its Associate to its Directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE 'A' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Consolidated Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Consolidated Financial Statements of Jana Holdings Limited ("the Company") and its Associate Company as of 31st March 2023 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements includes obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

JANA HOLDINGS LIMITED

JANA HOLDINGS LIMITED

Notes to the Consolidated financial statements for the year ended 31 March 2023

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on 10 March 2016 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debenture, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non Banking Financial Company ("NBFC") Non Operating Financial Holding Company ("NOFHC") from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of new banks in the private sector issued by Reserve Bank of India, the Company, a Non-Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (formerly known as 'Janalakshmi Financial Services Limited').

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(iii) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has obtained affidavits in the prescribed Formats from some of the creditors and shareholders for the merger. It is noted here that for want of the consent of one creditor constituting about 17.22% of the total creditors in value, due to which the earlier application was rejected, has during the current period provided their consent for the merger as the company has met their demand for providing the same.

The Company is working with the other creditors and shareholders for their consents. Upon the receipt of the same, the Company will file the application with NCLT for merger and for seeking dispensation with the meeting of creditors and shareholders and follow the subsequent processes involved in the merger.

1.2 Statement of compliance

These financial statements are Consolidated financial statements prepared in accordance with Indian Accounting Standards ('Ind AS'), the provisions of the Companies Act, 2013 ('the Act') (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

Jana Capital Limited ('the Parent Company' or 'the Holding Company') is a company incorporated in India, which holds 100% of Jana Holdings Limited ('the Company'). The Company holds 42.88% of Equity shares of Jana Small Finance Bank ('Associate').

1.3 Basis of preparation

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, (As Amended from time to time).

The Financial statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The Financial statements for the year ended 31 March 2019 were the first set of financial statements prepared in accordance with Ind AS.

The Company is regulated by the Reserve Bank of India ("RBI"). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its financial statements. The financial statements for the year ended 31 March 2023 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 Functional and Presentation currency

These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 Basis of measurement

The Consolidated Financial Statements have been prepared on a historical cost basis.

1.4 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Consolidated Financial Statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Financial Statements.

The key estimates and assumptions used in preparation of Financial Statements are:

i. **Fair value of Financial Instruments**

The fair value of Financial Instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions i.e., an exit price regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

ii. **Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalised.**

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalised and which components of the cost of the asset may be capitalised.

3 Significant accounting policies

The Company has applied the following Accounting Policies to all periods presented in these Financial Statements.

i. **Revenue recognition**

Interest on fixed deposits is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate.
Dividend is recognised when the right to receive the dividend is established.

ii. **Finance Cost**

Interest expense on financial liabilities is recognised on an accrual basis using effective interest rate (EIR) method.
The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusted for upfront expenses. The interest expense is recognised on EIR method on a time proportion basis applied on the carrying amount for financial liability.
Arranger fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.
Other fees and expenses such are recognised as and when they are incurred.

iii. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognised initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses if any, arising from impairment are recognised in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognised in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as "accounting mismatch").

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

JANA HOLDINGS LIMITED

MURALI & VENKAT
BANGALORE
Firm No. 002125
Chartered Accountants

f. **Fair value measurement**

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its nonperformance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as "active" if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

g. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Short term and long term employee Benefits are disclosed based on the period pending for due.

h. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use /disposed of.

i. **Other Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets, comprising of software are amortised on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

vii. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ('CGU') exceeds the recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognised in statement of profit or loss, when the carrying value of an asset or cash generating unit ('CGU') exceeds the estimated recoverable amount. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.
Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognised in statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

x. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provisions in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

c. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

d. **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.
Current tax assets and liabilities are offset only if, the Company:
a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

JANA HOLDINGS LIMITED

ix. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

x. Earnings per share

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xi. Cash and cash equivalents

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

xii. Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

xiii. Impairment of financial assets

The Company recognizes impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL. ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired – as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired – as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are fully provided for or written off either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortized cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment ("loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xiv. Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO being the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

JANA HOLDINGS LIMITED

Notes forming part of the Consolidated Financial Statements for the year ended 31 March 2023

(ii) Statutory Reserve

In terms of Section 45 IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirements is in one increase strength to the balance sheet of the NBFCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period year ended 31 March 2023 as the Company has incurred losses.

(iii) Retained Earnings

Retained earnings are the profits / losses that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(iv) Debenture redemption reserve

The entity being an NBFC is exempted from creation of Debenture Redemption Reserve for Debentures issued through Private Placement Access.

22 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	31-Mar-23	31-Mar-22
Net Loss as per the statement of Profit and Loss	(22,95,411.26)	(22,34,541.45)
Less: preference dividend after Tax (Refer Note 14(f))	-	-
Loss attributable to equity holders after preference dividend	(22,95,411.26)	(22,34,541.45)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(22,95,411.26)	(22,34,541.45)
Weighted average number of equity shares for basic EPS*	22,80,944.00	22,80,944.00
Effect of dilution:		
Rights Shares issued	7,56,152.00	-
Weighted average number of equity shares adjusted for the effect of dilution	21,27,138.00	22,80,944.00
Basic loss per share (INR)	(1,082.23)	(1,400.68)
Diluted loss per share (INR)	(1,082.23)	(1,400.68)

* The weighted average number of shares takes into account the weighted average effect of changes in treasury share transactions during the year.

23 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of IND AS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to
  (a) short term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2022-2023. This is in line with the treatment adopted by the entity for the previous financial year 2021-2022.

29. Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments, trade payables, short term borrowings and other financial liabilities approximate the carrying amount because of the short term nature of these financial instruments.

The amortised cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

30. Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

-Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

-Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

-Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

All financial assets/liabilities have been valued using level 1 fair value measurements.

Notes forming part of the Consolidated Financial Statements for the year ended 31 March 2023
(Amount in INR thousands, unless otherwise stated)

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Fair value measurement hierarchy of assets as at March 31, 2023

(Amount are in INR thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	1,164.57	-	-	1,164.57	1,164.57
Bank balance other than cash and cash equivalents		-	-	-	-
Investment in associates		-	23,23,261.31	23,23,261.31	23,23,261.31
Other Financial Assets		-	1,969.00	1,969.00	1,969.00
Financial Liabilities					
Payables		-	-	-	-
Debt securities		-	2,25,45,346.93	2,25,45,346.93	2,25,45,346.93
Other Financial Liabilities		-	335.00	335.00	335.00

Fair value measurement hierarchy of assets as at March 31, 2022

(Amount are in INR thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	17,610.67	-	-	17,610.67	17,610.67
Bank balance other than cash and cash equivalents		-	-	-	-
Receivables					
Investment in associates		-	13,99,552.47	13,99,552.47	13,99,552.47
Other Financial Assets		-	11,040.80	11,040.80	11,040.80
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-		1,89,95,919.98	1,89,95,919.98	1,89,95,919.98
Other Financial Liabilities			329.50	329.50	329.50

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short term borrowings are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

JANA HOLDINGS LIMITED

27 Capital management

The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains required credit ratings. The funding requirements are met through equity and non convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made in the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has its operation of its own. As per the terms and conditions of the license issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DOR.NBD.(SFB).(PU) No. 100011/16.13.216/2016-17 dated 28 April 2017 ("Licensing letter"), the Company is required to comply with the provisions of paragraph 2(iii)(j) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ("CAR") compliance on a consolidated basis by the NOFHC as per RBI guidelines.

31 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 15, 2019, approved Fast track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in principle approval from the RBI on 19th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.
Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2021, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned Subsidiary) with Jana Capital Limited (Holding Company).
The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of Directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2021 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.
Upon the receipt of the same, the Company will file the application with NCLT under section 230-232 of the Companies Act, 2013 for the merger with a prayer to dispense with holding of meeting with the creditors and shareholders and pursue the subsequent steps involved for the amalgamation or, alternatively, file an application with RD under section 233 of the Companies Act, 2013 by following the fast track route of merger as may be applicable.

32 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localized lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.
The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan origination and in collection efficiency of the target company.
India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

33 Capital to Risk Assets Ratio

The Company is a Non-operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on implementation of Basel III Capital Regulations of India, when implemented.
For the year ended 31 March 2021, the CAR computed on consolidated basis is at 14.17% which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company and invested as equity in bank, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above as per Note-31.

34 Net Owned Fund

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.
The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2021 being (INR 225,469.55 lakhs). The main reason for shortfall is on account of accumulated loans which consists of cost of borrowings.
In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above as per Note-31.

35 Breach of Leverage Ratio on a Standalone Basis

The Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of (1.11) which is above the regulatory threshold of 1.25 on a standalone basis for the year ended 31 March 2021. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company has resulted in accumulated interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company had evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and had filed an application with Reserve Bank of India ("RBI") which has been explained above as per Note-31.

JANA HOLDINGS LIMITED

Notes forming part of the Consolidated Financial Statements for the year ended 31 March 2023

(Amount in INR thousands, unless otherwise stated)

36 Going Concern Basis of Accounting

The Company has incurred a net loss of INR 3,395,411.26 thousands for the year ended March 31, 2023 (net loss of INR 3,134,941.45 thousands for the year ended March 31, 2022), and has accumulated losses amounting to INR 34,536,608.66 thousands, as on March 31, 2023 which has substantially eroded the net worth of the company. Further, breaches in the regulatory requirements such as consolidated capital adequacy ratio, net owned fund and leverage ratio continue to exist. (Refer note 33, 34, and 35 for detailed explanations regarding regulatory breaches). Above events indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its obligations and continue its business for the foreseeable future. Accordingly, the financial statements have been prepared under the going concern assumption.

37 Listing requirement for equity shares of Associate Company

As per Small Finance Bank Licensing Guidelines by the MB, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021, and received SEBI's approval to raise funds through IPO on July 12, 2021.

38 Prior year comparatives

Previous year figures have been re-grouped / reclassified wherever necessary to correspond with the current year's classification/ disclosure.

II Audit Qualification (each audit qualification separately):

A. **Details of Audit Qualification:**

i. Consolidated CAR is lower than the regulatory minimum of 15% for Non-Operating Financial Holding Company (NOFHC) as per the RBI guidelines.

ii. Shortfall of Net Owned Funds below the regulatory minimum of Rupees 200 lakhs as per Section 45-IA of the RBI Act 1934 and Master Direction DNBR. PD.008/03.10.119/2016-17 dated September 1, 2016.

iii. Leverage ratio Negative of 105.52 times on a standalone basis which is above the regulatory threshold of 1.33 times stipulated in the RBI guidelines.

B. **Type of Audit Qualification:** Qualified opinion.

C. **Frequency of qualification:** Repetitive.

D. **For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:** Does not arise.

E. **For Audit Qualification(s) where the impact is not quantified by the auditor:**

(i) Management's estimation on the impact of audit qualification: Cannot be estimated.

(ii) If management is unable to estimate the impact, reasons for the same: The management cannot estimate the impact for the following reasons.

a. The Company is a non-operating financial holding company and does not carry out any business activity except making investments in the associate company.

b. Main purpose of creating this intermediate structure is to act as a conduit for investment in the target company.

c. The performance of this company is entirely dependent on the target company in which it holds the investments.

d. In the recent years, the performance of the target company was impacted by unforeseen events that were external to it and the target company had no control over them.

e. In order to ensure that the target company meets its regulatory requirements, the company was required to raise debt by way of issuing non-convertible debentures and invest in the target company to keep it afloat.

(iii) Raising of debt at the company level to meet the capital requirement of the target company and losses incurred in the recent past by the target company for the reasons beyond its control have impacted CAR and Net owned Funds at consolidated level and the leverage ratio on a stand-alone basis.

ANNEXURE I

Statement on Impact of Audit Qualifications (for audit report with modified opinion) submitted along-with Annual Audited Consolidated Financial Results

	(iv) Auditors' Comments on (i) or (ii) above: The qualification matters stated in the audit report were pertaining to non-compliances with the certain conditions specified in the RBI guidelines and notifications (regulations) mentioned in our audit report. The monetary implications of such non compliances are not mentioned in the relevant regulations. Accordingly, consequential impact of such non-compliance on the financial results is presently unascertainable.

2. About the Company

The Company is a Non-Operative Financial Holding Company (NOFHC) which holds the investment in Jana Small Finance Bank Limited, Associate Company. The Company does not have any other operations except holding the Investments in its Associate Company. The Company is registered with the RBI as NBFC-ND-SI. The Company falls under base layer as

per the Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023.

3. **Dividend**

During the year under review, your Directors did not declare any dividends as the Company has suffered losses.

4. **Amount proposed to be carried to reserves**

No amount was carried to reserves during the year under review in view of losses as stated above.

5. **Share Capital**

The Authorised share capital of the Company as on 31st March 2024 is Rs. 50,00,00,000/- (Rupees fifty crores only) consisting of 3,50,00,000 equity shares having face value of Rs.10 each amounting to Rs. 35,00,00,000/- and 1,50,00,000 preference shares of face value of Rs. 10 each amounting to Rs. 15,00,00,000/-.

During the year under review the Company allotted following equity shares on rights issue basis to Jana Capital Limited, Holding Company.

Sl. No.	No. of shares	Face Value (Rs.)	Amount in Rs.	Allotment Date
1.	32,26,424	10	3,22,64,240	26-May-2023
2.	6,66,822	10	66,68,220	30-June-2023
3.	89,46,475	10	8,94,64,750	14-Dec-2023
4.	37,23,112	10	3,72,31,120	28-Dec-2023
5.	32,09,937	10	3,20,99,370	1-Jan-2024

The Issued, subscribed and paid-up share capital of the Company stood at Rs. 22,90,98,960 /- comprised in 22,909,896 equity shares of Rs. 10 face value each as on 31st March 2024.

6. **Debentures**

During the year under review, the Company issued following Debentures:

Sl. No.	Series	No. of Debentures	Face Value (Rs.)	Amount in Rupees	Allotment date
1.	Q1	24300	1,00,000	243.00 Crores	25-May-2023
2.	Q2	11950	1,00,000	119.50 Crores	30-May-2023
3.	R	1500	1,00,000	15.00 Crores	13-Dec-2023

7. **Directors & Key Managerial Personnel**

The composition of the Board is in compliant with the applicable provisions of the Companies Act, 2013, ("Act") and the rules framed thereunder, guideline(s) issued by the Reserve Bank of India, SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and other applicable laws.

During the period under review following are the changes in the composition of the Board of Directors of the Company:

- Mr. Sakalespur Visweswaraiya Ranganath was appointed as an Independent Director of the Company for the period of five consecutive years at the Board Meeting held on 19th April 2023 with effect from 19th April 2023 and was approved by Members at the Annual General Meeting of the Company held on 13th July 2023.
- Re-appointed Mr. Rajamani Muthuchamy as a Managing Director and CEO of the Company for the period of 3 years with effect from 1st October 2023 at the Annual General Meeting of the Company held on 13th July 2023.
- Mrs. Saraswathy Athmanathan resigned from the Board as an Independent Director with effect from 19th July 2023.
- Mrs. Rajalakshmi Ambady was appointed as an Independent Director of the Company for the period of five consecutive years with effect from 25th March 2024 and same will be placed at the ensuing Annual General Meeting for approval by the Members.

8. Policy on Appointment of Directors and Senior Management Personnel

In terms of Section 178 of the Companies Act, 2013 read with rules framed thereunder and the RBI Master Directions, the Board has adopted "Policy on "Fit & Proper" Criteria for appointment of Directors. The said policy has been updated on the website (http://janaholdings.in) of the Company.

9. Board of Directors

The Composition of the Board of Directors as on 31st March 2024 are as follows:

Name of the Director	Category
Mr. Ramesh Ramanathan	Non-Executive Chairman
Mr. Rajamani Muthuchamy	MD and CEO
Mr. Abraham Chacko	Independent Director
Mr. S. V Ranganath	Independent Director
Mrs. Rajalakshmi Ambady	Independent Director

10. Declarations from the Directors

Based on the declarations and confirmations received in terms of the applicable provisions of the Act, circulars, notifications and directions issued by the Reserve Bank of India and the Companies Act, 2013 none of the Directors of the Company are disqualified from being appointed as Directors of the Company. The Company has received necessary declarations from the Independent Directors, affirming compliance with the criteria of independence stipulated under Section 149(6) of the Act.

11. A statement regarding Independent Directors

All the Independent Directors have fulfilled their eligibility criteria for the appointment as an Independent Director.

In the opinion of the Board the Independent Directors possess the integrity, expertise and experience.

12. Declaration of compliance with the Code of Conduct for the Directors and Members of Senior Management Personnel

The Company has received the declaration in compliance with the Code of Conduct by the Directors and the Senior Management Personnel for the financial year 2023-24.

13. Director(s) retiring by rotation

In accordance with the provisions of the Companies Act, 2013 read along with the applicable Companies (Appointment and Qualification of Directors) Rules, 2014, Mr. Ramesh Ramanathan, Director and Non-executive chairman retires by rotation at the ensuing Annual General Meeting and, being eligible, offers himself for re-appointment.

14. Key Managerial Personnel (KMP)

There is no change in the KMPs during the year under review. Mr. Rajamani Muthuchamy, MD and CEO, Mr. Gopalakrishnan. S, CFO and Mrs. Vidya Sridharan, Company Secretary continue to be the KMPs of the Company in terms of Section 203 of the Act.

15. Subsidiaries / Joint Venture / Associate Companies

Jana Small Finance Bank Limited (JSFB) continues to be the Associate Company in accordance with the provisions of the Act. The Company holds 22.54% equity shares in JSFB as on March 31, 2024. Statement containing salient features of the financial statement of Associate Company in Form AOC-1 is attached as **Annexure-1.**

Brief contribution and performance of Jana Small Finance Bank Limited, Associate Company are as follows:

The total income increased from Rs. 3699.87 crores (FY 2022-23) to 4684.05 crores (FY 2023-24). The total expenditure increased from Rs. 3443.90 Crores (FY-2022-23) to Rs. 4014.51Crores (FY 2023-24). The Net (Loss) decreased to Rs. (3238.33) crores (FY 2023-24) from Rs. (3827.05) crores (FY 2022-23)

16. Transfer of Unclaimed Dividend etc., to Investor Education and Protection Fund (IEPF)

Since there was no amount lying with respect to the unpaid/ unclaimed Dividend, the provisions of Section 125 of the Companies Act, 2013 do not apply.

17. Compliance Monitoring System.

In terms of provisions of Section 134(5)(f) of the Act, the Company has right resources for effectively monitoring to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

18. Amalgamation

The Board of Directors at their meeting held on October 21, 2019, and November 12, 2019, approved the Fast-track method for merging Jana Holdings Limited (JHL), wholly owned Non-Operative Financial Holding Company (NOFHC), with Jana Capital Limited (JCL) Holding Company as well as Core Investment Company. After the receipt of the in-principle approval from the RBI on 10th August 2020, the Board of Directors of the JHL (transferor) and the JCL (Transferee Companies) met on 24th August 2020 and approved the Scheme of Amalgamation of JHL with JCL. JCL, the transferee Company submitted the necessary application to the Regional Director, Southeast Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad

vide letter dated 26th March 2021 rejected the application filed on 5th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the previously mentioned rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required.

Thereafter, the Board of directors of both JHL and JCL on November 14, 2022, had once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with JCL. In line with the decision of the Board of Directors, the company took steps to obtain affidavits from the creditors and shareholders for the merger. However, the Company, in the meanwhile received a request from Jana Small Finance Bank Limited (JSFB) to keep the merger process on hold. Because of the request received from JSFB and due to certain commercial considerations, the Board of Directors on 28th June 2023 took note of the same and passed the resolution to keep the merger process in abeyance until the listing of JSFB.

The listing of Jana Small Finance Bank Limited was completed on February 14, 2024. Since the approval obtained earlier by the Board on November 14, 2022, is more than six months old, it was proposed to take up the approval for amalgamation again.

The Board of Directors met on 15th March 2024 and passed resolutions for undertaking the Amalgamation of Jana Holdings Limited with Jana Capital Limited under the fast-track route as per section 233 of the Companies Act, 2013 or as per the provisions of Section 230 to 232 and authorise the officials to adopt the appropriate route for the merger as the circumstances may permit subject to obtaining the consents from the RBI, stock exchange, unsecured creditors, debenture holders, Members and others.

As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs.

19. Credit Rating:

The following ratings were given by India Ratings and Research Private Limited during the year under review:

Sl. No.	Rating date	Rating Agency	Rating
1.	May 19, 2023	India Ratings and Research Pvt Ltd	IND B-
2.	Jun 08, 2023	India Ratings and Research Pvt Ltd	IND B-/Stable
3.	Feb 02, 2024	India Ratings and Research Pvt Ltd	IND BB-*/Stable

20. Particulars of Deposits:

The Company has been granted Certificate of Registration by the RBI to carry on the business of non-banking financial Institution without accepting public deposits. Accordingly, the provisions of Section 73 and Section 74 of the Act read with Rule 8(5)(v) & (vi) of the Companies (Accounts) Rules, 2014, are not applicable to the Company. During the year under review, the Board of Directors have confirmed that the Company has neither accepted any deposits from public nor held any deposits from the public and shall not accept any deposits from the public without obtaining prior approval from the Reserve Bank of India.

21. Extracts of the Annual Return:

In accordance with the notification by MCA dated 28th August 2020, the Company is not required to attach the extract of the Annual return with the Board's report in Form MGT-9, if the web address of such annual return has been disclosed in the Board's report in accordance with Section 134(3)(a) of the Companies Act, 2013. Accordingly, the Company having the website has uploaded its Annual Return and the same can be accessed from the website (http://janaholdings.in) of the Company.

22. Particulars of contracts or arrangements with related parties:

During the period under review, there was no new contract entered with the related party. Details of contracts/arrangements entered by the company with related parties referred to in sub-section (1) of Section 188 of the Companies Act, 2013 are given in **Form AOC-2** forming part of **Annexure-2** of this Report.

Related Party Transaction Policy is placed on the website of the Company and the same can be accessed from the website (http://janaholdings.in) of the Company.

23. Particulars of Loans, Guarantees and Investments:

During the year under review, the Company has not made any investment.

The provisions of Section 186 of the Companies Act pertaining to granting of loans to any persons or body corporate and giving of guarantees or providing security in connection with the loan to any other body corporate or persons are not applicable to the Company, since the Company is a Non-Banking Financial Company, registered with Reserve Bank of India.

24. Internal Financial Control Systems:

Pursuant to Section 134(5)(e) your Company has a proper and adequate system of Internal Financial Control, commensurate with the size, scale and complexity of its operations. To maintain its objectivity and independence, the Company has appointed Ramesh Ashwin & Karanth, Chartered Accountants as Internal Auditor who conducted the Internal Audit of the Company for the Financial Year 2023-24 on a voluntary basis as the said provision is not applicable to the Company as per rule 2A of Companies (Specification of definitions details) Rules, 2014 with effect from 1st April 2021. The Internal Auditor, appointed as aforesaid, monitors and evaluates the efficacy and adequacy of internal financial control system in the Company, its compliance with operating systems, accounting procedures and policies of the Company. Based on the internal audit report, process owners undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions, if any, are presented to the Audit Committee of the Board. During the year under review, such controls were tested by the Internal Auditors of the Company and no material weaknesses in the design or operations were observed.

25. Conservation of energy, technology absorption, foreign exchange earnings and outgo:

A. Conservation of Energy:

Your Company, with a view to conserving energy wherever possible and practicable, has implemented suitable devices. As far as possible, natural light is used during the daytime. CFL/ LED lamps/ monitors are used to save power consumption. Further, awareness is also created among the employees on the need to conserve the energy in their workplace. There was no capital investment in this regard.

B. Technology Absorption:

Your Company be Non-Operating Financial Holding Company does not have any operation except for holding investment in Jana Small Finance Bank (JSFB). As such the Company has the latest technology to carry out its work efficiently.

C. Research & Development Activities (R & D):

Since the Company does not have operations on its own no research and development activities are carried out.

D. Foreign exchange earnings and Outgo:

There were no foreign exchange earnings and outgo during the year under review.

26. Risk Management:

The Company's principal financial liabilities comprise debt securities and sundry payables. The Company's financial liabilities arise mainly due to the borrowings for the purpose of making investments in its operating entity. The Company's principal financial assets include investments in associate company, cash and cash equivalents, balances in banks other than cash and cash equivalents.

The Company has developed and implemented risk management policy which identifies elements of risk which, in the opinion of the Board/Committee, may threaten the existence of the company. The Risks affecting the Company are governed by appropriate policies and procedures and the same are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Company has constituted Risk management Committee to oversee these risks at regular intervals. The Risk Management Committee and the Board of Directors review and agree on the policies for managing the risks.

27. Nomination and Remuneration policy.

Disclosure of remuneration & particulars of employees:

In terms of Section 178 of the Companies Act, 2013, your Board have adopted a 'Nomination and Remuneration Policy' inter-alia setting out the criteria for deciding remuneration of Executive Directors, Non-Executive Directors, Key Management Personnel and other employees. The said Policy is available on the website (http://janaholdings.in) of the Company.

In terms of Section 197 of the Companies Act, 2013 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014, the disclosures with respect to the remuneration of Directors, Key Managerial Personnel and Employees of the

Company are not applicable to the Company as the Company is not covered under the definition of listed Company w.e.f. 1st April 2021 pursuant to rule 2A of Companies (Specification of definitions details) Rules, 2014.

The Board hereby confirms that the remuneration paid to the Directors is as per the Remuneration Policy of the Company.

28. Corporate Social Responsibility (CSR)

The CSR committee was formed as per the provisions of Section 135 of the Companies Act, 2013. However, the said committee was dissolved by the Board on March 4, 2021 as per Section 135(9) of the Companies Amendment Act, 2020 notified on 28th September 2020 effective from 22nd January 2021 which provides that, if the amount to be spent by a company under Section 135(5) for CSR activity, does not exceed fifty lakh rupees, then the Company is not required to constitute the Corporate Social Responsibility Committee and the functions of such Committee provided under this section shall be discharged by the Board.

The CSR policy formulated by the Company pursuant to Section 135 of the Companies Act, 2013 has been placed on the website (https://anaholdings.in/) of the Company. The CSR Policy was amended during the year. The guiding principles of this policy are to reach out to underprivileged and underserved communities to address fundamental challenges in our society, thereby generating opportunities of better livelihood and building a more inclusive society. We shall mainly focus on the following areas which are aligned to Schedule VII to the Companies Act, 2013

- Education and skill development
- Environmental sustainability including water and sanitation, green energy, afforestation
- Livelihood
- Health & Nutrition

During the year under review, the Company was not required to spend any amount towards CSR expenditure.

29. Whistle Blower / Vigil Mechanism

The Company as part of the 'vigil mechanism' has in place a 'Whistle Blower Policy' to deal with instances of fraud and mismanagement, if any. The Whistle Blower Policy has been placed on the website (http://anaholdings.in) of the Company. Audit Committee oversees the vigil mechanism of the Company and provides adequate safeguard against victimization of employees. The Vigil mechanism provides direct access to the Chairperson of the Audit Committee in exceptional circumstances. During the year under review, there were no whistle blowers.

30. Management Discussions and Analysis

Management Discussion and Analysis detailing the industry developments, segment wise/ product wise performance and other matters is attached to this Report as **Annexure 3**

31. Maintenance of cost records.

The Company is not required to maintain cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013, accordingly such accounts and records are not made and maintained.

32. Compliance with Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Board of Directors have adopted POSH policy. The Company is not required to constitute Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 since the number of employees are less than 10.

33. Secretarial Standards:

The Company has complied with the applicable Secretarial Standards viz. SS-1 and SS-2 during the year.

34. Meetings of the Board of Directors and Committees.

The Board is required to meet at periodical intervals and the gap between two Board meetings does not exceed 120 days as required under the Companies Act, 2013. During the financial year 2023-24, the Company held the following meetings of the Board of Directors as per Section 173 of Companies Act, 2013 as mentioned below:

Sl. No.	Date of Board meeting	No. of Directors eligible to attend the meeting	No. of Directors attended the meeting
1.	April 19, 2023	4	4
2.	May 5, 2023	5	5
3.	May 10, 2023	5	4
4.	May 12, 2023	5	4
5.	May 18, 2023	5	5
6.	May 20, 2023	5	5
7.	May 24, 2023	5	5
8.	June 7, 2023	5	5
9.	June 30, 2023	5	4
10.	August 12, 2023	4	4
11.	October 25, 2023	4	4
12.	November 10, 2023	4	4
13.	November 23, 2023	4	4
14.	November 30, 2023	4	4
15.	December 8, 2023	4	4
16.	December 18, 2023	4	4
17.	February 10, 2024	4	4
18.	March 15, 2024	4	4

The Company has constituted mandatory committees as required under the Companies Act, 2013, RBI regulations and SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 such as Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee, Risk Management Committee, Asset and Liability Management Committee, IT strategy committee and Outsourcing Committee. The details of said committees are provided below:

March 25, 2024	2	2

35. Meeting of Independent Directors

The Company held Independent Directors meeting on March 28, 2024

36. Statutory Auditors

In accordance with the provisions of Section 139 of the Companies Act, 2013 and the Rules framed thereunder and pursuant to the RBI regulations, Murali and Venkat, Chartered Accountants, Bangalore (Firm Registration number 002162S) were appointed as Statutory Auditors of the Company at the Annual General Meeting held on 21st September 2022 for a period of 3 years to hold office from the conclusion of the 6th Annual General Meeting until the 9th Annual General Meeting for the purpose of conducting the Statutory Audit for the financial year from 2022-23 to 2024-25. Murali and Venkat, Chartered Accountants, had given their consent and confirmed their eligibility to act as the statutory auditors of the Company and the appointment of Statutory Auditors was approved by the Shareholders.

During the year under review, the statutory auditors have not reported any incident of fraud to the Audit Committee or the Board.

37. Qualification made by the Statutory Auditor's in the Audit report of Standalone and Consolidated Financial Statements.

Following are the qualifications/observations made by the statutory Auditors in the Statutory Audit report on Standalone and Consolidated financial statements for the Financial Year 2023-24:

1. The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2024, is in a Deficit of INR 48594.16 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Standalone Financial Statements is presently unascertainable. (Refer note 33 to the audited Standalone Financial Statements).

   Our reply:

   The above-mentioned qualification appeared in the previous year's Auditors' report as well. It is pertinent to note that the Company has been facing this issue as it has invested in the operating entity from out of its borrowings to help the operating entity sustain its business operations and meet the regulatory requirements. As the three-tier structure is no longer a requirement for the Small Finance Banks, the Company has decided to merge with Jana Capital Limited, its Holding Company. The merger process is underway. The requirement of Net owned funds is not a requirement for Core Investment Company. Thus, with the amalgamation of Jana Holdings Limited (JHL) with Jana Capital Limited (JCL), the issue of net owned fund will get addressed automatically.

38. Details of Fraud

Pursuant to Section 143(12) of the Companies Act, 2013 Board of Directors, to the best of their knowledge and ability, confirm that no offence of fraud has been committed in the Company or by its officers or employees.

39. Internal Auditors

In terms of provisions of Section 138 of the Companies Act, 2013 and other applicable laws, M/s Ramesh Ashwin & Karanth, Chartered Accountants, Firm Registration No. 010680S were appointed as the Internal Auditors of the Company for the FY 2023-24. The Internal Audit reports are reviewed by the Audit Committee.

40. Secretarial Auditors

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed Nagendra. D. Rao, Practising Company Secretary, Bangalore to conduct the secretarial audit for the financial year ended March 31, 2024. The Report of the Secretarial Auditor is provided as **Annexure 5** to this Report. The following are the qualifications made by the Secretarial Auditors in their report

a) The Company could not provide for adequate notice to the BSE as envisaged under Regulation 50 of SEBI (LODR) Regulations, 2015 for holding the following Board meetings on

1. May 08, 2023 and December 18, 2023 relating to items of restructuring and fresh borrowing of Non-Convertible Debentures (NCD) as specified under Regulation 50 (1)(b) and (d).

2. May 18, 2023, relating to items of fresh borrowing of Non-Convertible Debentures (NCD) as specified under Regulation 50 (1)(d) and

Further the Company has not submitted intimation of Board Meeting under Regulation 50 (1)(d) of SEBI (LODR) Regulations, 2015 for the board meeting held on November 30, 2023.

Our reply: The Company was in need of funds on urgent basis and hence the Company had to convene the Board meeting without giving sufficient notice under Regulation 50 of SEBI (LODR) Regulations 2015. The Company has paid fine with the BSE wherever the fines were raised.

b) The company has not filed Outcome of the Board meetings dated April 19, 2023, May 30, 2023, and March 15, 2024 with BSE limited within 30 minutes of the closure of the Board meetings as required under Schedule III Part B of the SEBI (LODR) Regulations, 2015 read with Regulation 51(2).

Further the Company has not filed outcome of the Board Meeting dated November 30,2023 with BSE Limited as required under Schedule III Part B of the SEBI (LODR) Regulations, 2015 read with Regulation 51(2).

Our reply: Since the meetings are held in Video Conferencing, there has been slight delay in following the administrative procedure for getting the signatures of all concerned. It may be noted that since the Company is only a debenture listed Company, there is no impact on the delay in submission.

c) The Company has issued 49,000 Rated, listed, Redeemable, Non -Convertible Debentures on private placement basis, out of which 12,759 Non -Convertible Debentures were Cancelled due to non –subscription. As per Part B of Schedule III of SEBI (LODR) regulations, 2015 – 'Any action which shall result in redemption, reduction, **cancellation**, retirement in whole or part of any non-convertible securities' shall be disclosed under Regulation 51(2) of SEBI (LODR) Regulations, 2015. However, the Company has not made disclosure as stated above.

Our reply: It may be noted that, the company has only cancelled/abandoned the unsubscribed portion. This has no effect on the debenture holders. The subscribed portion of the debentures were sufficient to fulfil the obligations for which the debentures were raised.

d) During the quarter ended March 31, 2023 and quarter ended December 31, 2023 there was breach and changes in covenants under the terms of non-convertible debentures. The Company has not intimated the Stock Exchange under the Regulation 51(2) of SEBI (LODR) Regulations, 2015.

Our reply: The delay was due to the listing of Associate Company wherein the Associate Company could not share certain price sensitive information during the said period. The Company has submitted said compliance in the month of May 2024.

e) As per Regulation 60 of SEBI (LODR) Regulations, 2015 the Company has not given notice in advance of at least seven working to Stock Exchange pertaining to the record date of the series B, F, G, H, I, K, L, O, P during the quarter ended June 30, 2023, December 31, 2023 and March 31, 2024.

Our reply: The delay was due to business exigencies. The Company has paid fines wherever levied by the BSE.

41. Change in nature of business.

During the period under review, there was no change in the nature of business of the Company.

42. Material changes after the closure of financial year.

There have been no material changes and commitments, which affect the financial position of the company that have occurred between the end of the financial year to which the financial statements relate and the date of this Report.

43. Material adverse orders, if any

There are no significant and material orders passed by the Reserve Bank of India or the Ministry of Corporate Affairs or Courts or Tribunals or other Regulatory/ Statutory authorities which will have an impact on the going concern status of the Company and Company's operations in future.

44. One Time Settlement

There was no instance of onetime settlement with any Bank or Financial Institution, and hence, no disclosure is required under rule 8(5)(xii) of the Companies (Accounts) Rules, 2014.

45. Pending proceedings under Insolvency and Bankruptcy Code, 2016

There is no proceeding pending under the Insolvency and Bankruptcy Code, 2016, initiated by or against the Company.

46. Directors' responsibility statement

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134(3)(c) of the Companies Act, 2013:

(a) That in the preparation of the annual financial statements for the year under review, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

(b) The directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit and loss of the company for that period;

c) The directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;

(d) The directors have prepared the annual accounts on a going concern basis;

(e) The directors have laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively and;

(f) The directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

47. Corporate Governance Report

The Company being High Value Debt Listed Company has prepared Corporate Governance Report for the financial year 2023-24. The same is attached herewith as **Annexure – 4.**

48. The names of companies which have become or ceased to be its Subsidiaries, joint ventures or associate companies during the year- Nil

Acknowledgement

The Board wishes to place on record their appreciation for the dedication and hard work put in by the employees of the Company at all levels and the support extended by Investors, Bankers and stakeholders of the Company. The Board is also thankful to the Reserve Bank of India and other regulatory authorities for their cooperation, guidance and support extended by them to the Company in its endeavours.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

a) About the Economy

Global growth estimated at 3.2% in 2023 is projected to continue at the same pace in 2024 and 2025. The forecast for 2024 is revised up by 0.1% from the January 2024 World Economic Outlook (WEO) Update and by 0.3% from the October 2023 WEO.

The International Monetary Fund (IMF) raised India's GDP growth projection for 2024-25 by 30 basis points to 6.8% in its update to the World Economic Outlook (WEO), citing buoyant domestic demand. However, the fund's estimate is below the 7% growth projection by the government.

Institute	India's FY24 Growth Projections from International Agencies
IMF	6.8%
World Bank	6.6%
OECD	6.6%
United Nations	6.6%
RBI	7.0%
Fitch	7.0%
Moody	6.1%

The outlook for the global economy in the financial year 2024-25 is influenced by a range of factors, including economic policies, geopolitical tensions, technological advancements, and environmental challenges. Here's a brief overview:

1. **Global Economic Growth**: Overall, the global economy is expected to continue its path of recovery from the COVID-19 pandemic, albeit with some regional disparities. Economic growth rates are projected to vary across countries, with emerging markets likely to see faster growth compared to advanced economies.
2. **Geopolitical Tensions**: Geopolitical tensions, including trade disputes and regional conflicts, could pose risks to global economic stability. Relations between major economies such as the United States, China, and Russia will continue to influence market sentiments and trade dynamics.
3. **Technological Advancements**: Continued advancements in technology, such as artificial intelligence, automation, and digitalization, will reshape industries and labor markets worldwide. Countries that invest in innovation and digital infrastructure are likely to gain a competitive edge in the global economy.
4. **Environmental Challenges**: Climate change and environmental sustainability will remain key concerns for policymakers and businesses. Efforts to transition to renewable energy sources, reduce carbon emissions, and promote sustainable practices will impact economic growth trajectories and investment opportunities.

The pace of expansion is low by historical standards, owing to both near-term factors, such as still-high borrowing costs and withdrawal of fiscal support, longer-term effects from the COVID-19 pandemic, Russia's invasion of Ukraine, weak growth in productivity and increasing geoeconomic fragmentation. Global headline inflation is expected to fall from an annual average of 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging markets and developing economies. The latest forecast for global growth five years from now at 3.1 percent is at its lowest in decades. The pace of convergence toward higher living standards

for middle and lower-income countries has slowed, implying a persistence in global economic disparities. The relatively weak medium-term outlook reflects lower growth in GDP per person stemming, notably, from persistent structural frictions preventing capital and labour from moving to productive firms.

Risks to the global outlook are now broadly balanced. On the downside, new price spikes stemming from geopolitical tensions, including those from the war in Ukraine and the conflict in Gaza and Israel, could, along with persistent core inflation where labour markets are still tight, raise interest rate expectations and reduce asset prices. A divergence in disinflation speeds among major economies could also cause currency movements that put financial sectors under pressure. High interest rates could have greater cooling effects than envisaged as fixed-rate mortgages reset and households contend with high debt, causing financial stress. In China, without a comprehensive response to the troubled property sector, growth could falter, hurting trading partners. Amid high government debt in many economies, a disruptive turn to tax hikes and spending cuts could weaken activity, erode confidence and sap support for reform and spending to reduce risks from climate change. Geoeconomic fragmentation could intensify, with higher barriers to the flow of goods, capital, and people implying a supply-side slowdown.

On the upside, looser fiscal policy than necessary and assumed in projections could raise economic activity in the short term, although risking more costly policy adjustment later. Inflation could fall faster than expected amid further gains in labour force participation, allowing central banks to bring easing plans forward. Artificial intelligence and stronger structural reforms than anticipated could spur productivity. As the global economy approaches a soft landing, the near-term priority for central banks is to ensure that inflation touches down smoothly, by neither easing policies prematurely nor delaying too long and causing target undershoots. At the same time, as central banks take a less restrictive stance, a renewed focus on implementing medium-term fiscal consolidation to rebuild room for budgetary maneuver and priority investments, and to ensure debt sustainability, is in order. Cross-country differences call for tailored policy responses. Intensifying supply-enhancing reforms would facilitate inflation and debt reduction, allow economies to increase growth toward the higher pre-pandemic era average and accelerate convergence toward higher income levels. Multilateral cooperation is needed to limit the costs and risks of geoeconomic fragmentation and climate change, speed the transition to green energy and facilitate debt restructuring.

b) Industry structure and developments.

The Company, being a Non-Operating Financial Holding Company (NOFHC) and registered as NBFC with the RBI, has no operations of its own except investment in its Associate company. The Company does not accept deposits from the public. However, the investment made by the Company has an impact on the performance of the Operating entity i.e., Jana Small Finance Bank (JSFB). The small finance business is picking up at a fast pace and is leading towards growth-oriented development with Pan-India presence and strong technology base with increasing digitalization at the core. The JSFB was listed on the stock exchanges in 2024.

c) Opportunities and Threats.

Risks to the global outlook are now broadly balanced. On the downside, new price spikes stemming from geopolitical tensions, including those from the war in Ukraine and the conflict in Gaza and Israel, could, along with persistent core inflation where labor markets are still tight, raise interest rate expectations and reduce asset prices.

A divergence in disinflation speeds among major economies could also cause currency movements that put financial sectors under pressure. High interest rates could have greater cooling effects than envisaged as fixed-rate mortgages reset and households contend with high debt, causing financial stress. In China, without a comprehensive response to the troubled property sector, growth could falter, hurting trading partners.

Amid high government debt in many economies, a disruptive turn to tax hikes and spending cuts could weaken activity, erode confidence and sap support for reform and spending to reduce risks from climate change. Geoeconomic fragmentation could intensify, with higher barriers to the flow of goods, capital, and people implying a supply-side slowdown.

The Union elections in India may pose risks in India such as policy uncertainty, fiscal pressure, stalled reforms, policy reversals, social unrest, infrastructure spending. Overall, while elections are an integral part of India's democratic process, they can introduce short-term uncertainties and risks to the economy. However, the extent of these risks depends on various factors, including the political landscape, the strength of institutions and the government's ability to maintain macroeconomic stability amidst electoral cycles.

Climate change has begun to play out in the form of rising global temperatures and increased frequency of extreme weather events like droughts, cyclones, heat waves, and flooding. According to Cross Dependency Initiative, which specializes in climate risk analytics for companies, banks, and regions, the vast majority (80%) of 50 provinces facing the highest climate risk to their physical infrastructure by 2050 are in China, the US, and India. These developments may have implications for India's food security

d) Segment–wise or product-wise performance.

The Company is Non-Operating Financial Holding Company (NOFHC) having investment in the Associate Company and has classified this as its business segment and accordingly there are no separate reportable segments. Since the Company does not have any other operations on its own or any product on its own, product-wise performance is not applicable for the Company.

e) Outlook

As mentioned above, the Company being a NOFHC does not have any other operations except holding the investment in Jana Small Finance Bank Limited ("Bank"), Associate Company. There has been a significant improvement in the performance of the Bank during the Financial Year 2022-23 when compared to the previous years as envisaged in the Audited Financial Statements of the Bank. Your Directors hope that such progressive improvement in the Associate entity will help the Company to maintain investment value.

f) Risks and concerns

The Company faces some inherent risks which may include, among others, business aspects, equity market, bond market, interest rate, market volatility, economic, political, regulatory risks and any combination of these and other risks. Some of the risks are briefed hereunder:

i. **Credit Risk:** The Company seeks financial data from the target company on an on-going basis to keep a close watch on its performance parameters that form part of financial covenants that the Company has undertaken to ensure while borrowing money through the issuance of NCDs.

ii. **Strategic Risk:** Risk related to overall business plans and associated economic / business environment. The Company does not have any operation of its own. Hence no strategic risk.

iii. **Operational Risk:** The company doesn't have operations of its own. However, the company has funds for meeting the corporate expenses. The Company has trained workforce and external agencies for internal audit on contract to prevent failure, fraud, and error. The Company has also enlisted the services of an IT expert to prevent risks, if any, arising out of technology failure. It, therefore, does not anticipate any operational risk.

iv. **Financial Risk:** These risks include movement in interest rates and liquidity risks inherent to the business. The Company has no interest rate risk as the liabilities and assets of the Company are non-sensitive to market interest rates. The Company has redeemed all the NCDs that fell due for the year ended March 31, 2019 on the maturity dates. However, there is a financial risk on the NCDs which are to be repaid in the short-term. The company is conscious of the same and efforts are being made to meet the commitments.

v. **Reputational Risk**: The Company does not apprehend any such risk as the practices followed by the Company are in alignment with industry standards. The Company has redeemed all the NCDs that fell due on the maturity dates. The Company keeps a close eye on the various regulations that are applicable and endeavours to fulfil the requirements with limited resources available.

vi. **Regulatory & Compliance Risk**: The Company has a full-time Chief Financial Officer, Company Secretary, and an Accountant besides the external agencies to ensure that it complies with various regulatory requirements unfailingly. Regarding the applicability of PCA framework, the Company sought a second opinion from another consultant who also confirmed that the Company being a NOFHC falls under the Base layer and hence the PCA framework is not applicable to the Company currently. Notwithstanding this, the RBI can give directions for bringing any Company under the purview of the PCA framework as it may deem fit.

Risk management implies controlling potential future events that may adversely impact business operations and functioning. It is about adopting a proactive approach instead of being reactive. Risk management forms a vital part of your Company's businesses, and the Company is cognizant of the prominent role it plays in its long-term success. Your Company is often subjected to various risks. Credit risk, market risk, liquidity risk, fraud risk, cyber risk, operational risk etc., are some of the risks that your Company is exposed to. With this as the backdrop, your Company has in place a Board-approved Risk Management Framework.

The Risk Management Committee (RMC) heads and supervises the efficiency of this framework periodically. Stress tests are conducted by your Company, which help assess the durability of the balance sheet. It provides useful insights to the management regarding a better understanding of the nature and extent of any vulnerabilities, quantifies the impact and develops plausible business-as-usual mitigating actions. Moreover, your Company has taken cognisance of the newer emerging risks such as reputational and sustainability risks.

g) Internal control systems and their adequacy.

Your Company has an efficient Internal Control System, commensurate with the size, scale and complexity of its operations. To maintain its objectivity and independence, the Company has appointed the Internal Auditors of the Company for the year under review. The Internal Auditor appointed, as aforesaid, monitors and evaluates the efficacy and adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies of the Company. Based on the internal audit report, process owners

undertake corrective actions in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions, if any, are presented to the Audit Committee of the Board. The Company has right number of resources having specialized knowledge in their respective fields which helps the Company keep abreast of the developments in the constantly changing environment.

h) Discussion on financial performance with respect to operational performance.

The Company's financial performance and operational performance is dependent upon the performance of the Bank. There has been considerable improvement in the performance of the Bank as compared to that of the previous year and the Bank is optimistic to continue the same in the years to come.

i) Material developments in Human Resources / Industrial Relations front, including number of people employed.

Your Company has required number of human resources having requisite knowledge, skills and experience for efficiently discharging his/her duties and responsibilities. The Company has well defined roles and responsibilities for each employee in executing their functions and thus enables the Company to maintain effective Corporate Governance.

j) Details of significant changes (i.e., change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefor, including

Sl. No.	Particulars	For the year ended 31-March-2024	For the year ended 31-March-2023	% of Change between two years
1	Debtors Turnover	NA	NA	NA
2	Inventory Turnover	N.A	N.A	N.A
3	Interest Coverage Ratio	N.A	N.A	N.A
4	Current Ratio *	0.79	1.59	(0.80)
5	Debt Equity Ratio *	1.21	(105.52)	106.73
6	Operating Profit Margin	N.A	N.A	N.A
7	Net Profit Margin	N.A	N.A	N.A
8	Sector Specific Ratios:			
	(a) Capital Requirement (CRAR)¶	15.94%	-4.17%	20.11%
	(b) Gearing Ratio†	0.55	1.01	(0.46)
	(c) Net Owned Fund*	(48,59,415.89)	(2,25,46,955.13)	78.54%
9	details of any change in Return on Net Worth as compared to the immediately previous financial year along with a detailed explanation thereof *	N.A	N.A	N.A

* Decrease in current ratio is on account of decrease in liabilities of the Company during the year.
* Positive Debt Equity ratio and Net owned fund is due to the reduction in the NCD borrowing and increase in equity capital during the year.
¶ Increase in the Consolidated CAR is due to performance of the Associate company.
†Increase in Gearing ratio is on account decrease in the outside liabilities
%% Not applicable as this Company does not have operations on its own.

Annexure 4

Corporate Governance Report for the financial year 2023-24

The Company believes that good corporate governance is essential for achieving long term corporate goals and enhancing value to all stakeholders. The philosophy of the Company on corporate governance is to attain a high level of accountability, transparency and fairness in its functioning and conduct of business with due emphasis on statutory compliances in letter and spirit. The management acknowledges and appreciates its responsibility towards society at large.

JRL strives for excellence with the objective of enhancing shareholder value and protecting the interest of stakeholders. Decisions are based on a set of principles influenced by the values, content and culture of the organisation. All functions of the Company are discharged in a professionally sound, competent and transparent manner.

A. Board of directors:

a) Composition and category of directors

Board of Directors
Mr. Ramesh Ramanathan – Chairman (Promoter)
Mr. Rajamani Muthuchamy – MD & CEO
Mr. Abraham Chacko – Independent Director
Mrs. Rajalakshmi Ambady - Independent Director (w.e.f. 25th March 2024)
Mr. S. V Ranganath - Independent Director

The composition of the Board of Directors (Board) of the Company is in accordance with the requirements of the Companies Act, 2013 ("Act") and is also in compliance with the requirements of Regulation 17 of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "Listing Regulations"). The Board comprises a balanced combination of Executive Directors & Independent Directors. The Board of Directors of the Company comprises five Directors, of which four are non-executive Directors and one Executive Director, being eminent persons with considerable professional expertise & experience in their respective fields.

Matters of policy and other relevant and significant information are furnished regularly to the Board. To provide better corporate governance & transparency, your Board has constituted an Audit Committee, a Stakeholders' Relationship Committee, a Nomination and Remuneration Committee, a Risk Management Committee, an Assets and Liabilities Management Committee, IT strategy committee and Outsourcing Committee. The composition and scope of each of the committees is in accordance with the provisions of the Companies Act, the Listing Regulations, the RBI requirements. The committees regularly look into various aspects, for which they have been constituted. There are no relationships between Directors inter-se.

In compliance with the Companies Act, 2013 and / or the Listing Regulations, as applicable, the Board's approvals are obtained, and Minutes of the Committees are regularly placed before the Board.

Further, matters which are significant are also placed before the Board.

All the Independent Directors possess the requisite qualifications and are experienced in their own fields. None of the Directors is a Director in more than Seven (7) Listed Companies or Ten (10) Public Limited Companies or acts as an Independent Director in more than Seven (7) Listed Companies. Further, none of the Directors are the members of more than ten committees or Chairman of more than five Committees in Public Listed Companies in which they are Directors. Necessary disclosures have been obtained from all the Directors regarding their Directorships and have been taken on record by the Board. The Board of Directors confirms that all the Independent Directors of the Company fulfil the conditions specified under SEBI (LODR) Regulations, 2015 and are Independent of the Management of the Company.

None of the Directors of the Company are disqualified in terms of section 164 (2) of the Act, read together with the Companies (Appointment & Qualification of Directors) Rules, 2014. Necessary disclosures have been received from all the Directors in compliance to the aforesaid requirements.

During the period under review following are the changes in the composition of the Board of Directors of the Company.

- Mr. Sakalespur Visweswareiya Ranganath was appointed as an Independent Director of the Company for the period of five consecutive years at the Board Meeting held on 19th April 2023 with effect from 19th April 2023 and was approved by Members at the Annual General Meeting of the Company held on 13th July 2023.
- Re-appointed Mr. Rajamani Muthuchamy as a Managing Director and CEO of the Company for the period of 3 years with effect from 1st October 2023 at the Annual General Meeting of the Company held on 13th July 2023.
- Mrs. Saraswathy Athmanathan was resigned from the Board as an Independent Director with effect from 19th July 2023.
- Mrs. Rajalakshmi Ambady was appointed as an Independent Director of the Company for the period of five consecutive years with effect from 15th March 2024 and the same will be placed at the ensuing Annual General Meeting for approval by the Members.

b) Board Meetings

According to Section 173 of the Companies Act, 2013, four Board Meetings are required to be held every year in such a manner that not more than 120 days shall intervene between two consecutive meetings. Further, the quorum for the Board Meeting is one-third (1/3rd) of the total strength (excluding interested Directors, if any) or 2 Directors, whichever is higher.

Meetings of the Board and its Committees are normally held through Video Conferencing.

During the year 2023-24, 18 Meetings of the Board of Directors were convened. The meetings of the Board vis-a-vis attendance of the Directors are provided herein below:

(c) *Details of the establishment of vigil mechanism/whistle-blower policy and affirmation that no personnel has been denied access to the audit committee-* Whistle Blower policy was formulated by the Board of Directors at the meeting held on March 30, 2020, and thereafter reviewed on timely basis. No person has been denied access to the audit committee during the year.

(d) *Details of compliance with mandatory requirements and adoption of the non-mandatory requirements:* The Company has complied with mandatory requirements.

The Company being high value debt listed company, has complied with provisions of Regulation 16 to 27 of SEBI (LODR) Regulations, 2015 except for the items mentioned below as observed by the secretarial Auditor in Annual Secretarial compliance report.

(i) As per Regulation 15 of SEBI (LODR) Regulations, 2015, Regulation 16 to Regulation 27 have been made applicable to the company on a 'comply or explain' basis until March 31, 2024. Accordingly, the company needs to explain the reasons with regards to non-appointment of Women Director in place of Mrs. Saraswathy Athmanathan who resigned from the Board of the Company with effect from July 19th, 2023

Woman Director resigned on 19th July 2023. The Board has appointed a Woman Director on 25th March 2024. The delay was caused since the Board had to find out suitable candidate for the said position. The same may be treated as necessary explanation as the said regulation is on "comply and explain" basis upto 31st March 2025.The company has explained the reasons for delay in appointment of woman Director in quarterly corporate governance report filed with the stock exchange.

(ii) Regulation 19 of SEBI (LODR) Regulations, 2015, states that the chairperson of Nomination and Remuneration Committee may be present at the annual General Meeting. However, the chairperson of the Nomination and Remuneration Committee was not present at the annual general meeting held on July 13,2023. As per Regulation 15 of SEBI (LODR) Regulations, 2015, Regulation 16 to Regulation 27 have been made applicable to the company on a 'comply or explain' basis until March 31, 2024. Accordingly, the Company needs to explain the reasons for absence of Mrs. Saraswathy Athmanathan chairperson of Nomination and Remuneration Committee in Annual General Meeting.

Reply: Chairperson of NRC was not present in the Annual General Meeting held on July 13, 2023, due to ill health. The Company has explained the reason for the absence of Mrs. Saraswathy Athmanathan in the quarterly compliance report filed with the stock exchange for the quarter ended September 2023.

3. *The Company being a Material Subsidiary of Jana Capital Limited needs to adopt the policy for determining material subsidiary as per Regulation 16 of SEBI (LODR) regulations, 2015. As per Regulation 15 of SEBI (LODR) Regulations, 2015, Regulation 16 to Regulation 27 have been made applicable to the company on a 'comply or explain' basis until March 31, 2024.*

Accordingly, the company needs to explain the reasons for not adopting the policy for determining 'material' subsidiary:
As per Regulation 16(e) of SEBI (Listing Obligation and Disclosure Requirements Regulations) 2015, a Listed Company is required to formulate a policy on determining material subsidiaries. The Company being a high-value debt-listed Company is required to adopt the policy for determining material subsidiary as per SEBI (LODR) regulations. However, the said provisions are mandatory only from 1st April 2024. The Company does not have any subsidiary under it, hence the adoption of determination of material subsidiary is superfluous at this juncture. The said regulation will only become relevant when the company has a subsidiary. There is no proposal currently to have any subsidiary. Therefore, the Board took note of the said regulation and proposed to adopt the policy in future when the said regulation becomes wanting.

(e) *Web link where policy for determining 'material' subsidiaries is disclosed:* The Company does not have any subsidiary and hence the said policy is not applicable.

(f) *Web link where policy on dealing with related party transactions:* https://janaholdings.co.in/JHL_Related-party-transaction-policy.pdf

(g) *Disclosure of commodity price risks and commodity hedging activities:* Not applicable.

(h) *Details of utilization of funds raised through preferential allotment or qualified institutions placement as specified under Regulation 32(7A):* Regulation 32(7A) is not applicable to the Company.

(i) *A certificate from a company secretary in practice that none of the directors on the board of the company have been debarred or disqualified from being appointed or continuing as directors of companies by the Board/Ministry of Corporate Affairs or any such statutory authority.* - Not applicable as Regulation 34(3) is not applicable for HVDL Company.

(j) *Where the board had not accepted any recommendation of any committee of the board, which is mandatorily required, in the relevant financial year, the same to be disclosed along with reasons thereof:* Nil

(k) Total fees for all services paid by the listed entity and its subsidiaries, on a consolidated basis, to the statutory auditor and all entities in the network firm/network entity of which the statutory auditor is a part.

The Company paid Rs. 5.18 Lakhs during the year under review to the Statutory Auditors for carrying out Limited review of financials on quarterly and half yearly basis, Statutory Audit and for providing various Certificates by the Statutory Auditors.

(l) Disclosures in relation to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013:
a. Number of complaints filed during the financial year: Nil
b. Number of complaints disposed of during the financial year: Nil
c. Number of complaints pending as on end of the financial year: Nil

(m) *Disclosure by listed entity and its subsidiaries of Loans and advances in the nature of loans to firms/companies in which directors are interested by name and amount*

P. *Non-compliance with any requirement of corporate governance report of sub-paras (2) to (10) above, with reasons thereof shall be disclosed.* – Woman Independent Director resigned on 19th July 2023. The Board has appointed another Woman Independent Director on 25th March 2024. The delay was caused since the Board had to find suitable candidate for the said position. The same may be treated as necessary explanation as the said regulation is on 'comply and explain' basis upto 31st March 2024.

Q. *The corporate governance report shall also disclose the extent to which the discretionary requirements as specified in Part E of Schedule II have been adopted.*
As regards Discretionary Requirements specified in Part E of Schedule II of the SEBI Listing Obligations and Disclosure Requirements] Regulations, 2015, the company has complied with items D of the said Schedule.

R. *The disclosures of the compliance with corporate governance requirements specified in regulation 17 to 27 and clauses (b) to (i) of sub-regulation (2) of regulation 46 shall be made in the section on corporate governance of the annual report* – The Company has complied with Regulation 17 to 27 except for those mentioned above.

S. *Declaration signed by the chief executive officer stating that the members of board of directors and senior management personnel have affirmed compliance with the code of conduct of board of directors and senior management* - We declare that all Board Members and Senior Management personnel have affirmed compliance with the code of conduct for the Financial Year 2023-24.

T. *Compliance certificate from either the auditors or practicing company secretaries regarding compliance of conditions of corporate governance shall be annexed with the directors' report* - Certificate from Practicing Company Secretary is enclosed.

U. **Disclosures with respect to demat suspense account/ unclaimed suspense account**

(a) Aggregate number of shareholders and the outstanding shares in the suspense account lying at the beginning of the year;	The Company has 7 shareholders as on the end of the financial year.
(b) Number of shareholders who approached listed entity for transfer of shares from suspense account during the year;	Nil
(c) Number of shareholders to whom shares were transferred from suspense account during the year;	Nil
(d) Aggregate number of shareholders and the outstanding shares in the suspense account lying at the end of the year;	Nil
(e) That the voting rights on these shares shall remain frozen till the rightful owner of such shares claims the shares.	NA

V. **Disclosure of certain types of agreements binding listed entities**

(1) Information disclosed under clause 5A of paragraph A of Part A of Schedule III of these regulations: Not applicable.

Sub.: Compliance Certificate by Chief Executive Officer and Chief Financial Officer

Ref: *SEBI (LODR) Regulation 17(8) - Furnishing of compliance certificate by the chief executive officer and the chief financial officer to the Board of directors as specified in Part B of Schedule II.*

Dear Board of Directors,

A. We have reviewed financial statements and the cash flow statement for the year and that to the best of their knowledge and belief:
   I. these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading
   II. these statements together present a true and fair view of the listed entity's affairs and are in compliance with existing accounting standards, applicable laws, and regulations.

B. There are, to the best of our knowledge and belief, no transactions entered by the listed entity during the year which are fraudulent, illegal or violative of the listed entity's code of conduct.

C. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the listed entity pertaining to financial reporting and we have disclosed to the auditors and the audit committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.

D. We have indicated the following to the auditors and the Audit Committee :
   I. significant changes in internal control over financial reporting during the year,
   II. significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
   III. instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the listed entity's internal control system over financial reporting.

Thanking you,

For **Jana Holdings Limited**

Rajamani Muthuchamy
Chief Executive Officer.

Corporate Governance Compliance Certificate

To
The Members,
Jana Holdings Limited,
No 1974, Sai Bhag Building,
4th Floor Cunningham Road,
Bangalore 560 052

I have examined the compliance of the conditions of Corporate Governance by **Jana Holdings Limited** ('the Company') for the purpose of certifying compliance of the disclosure requirements and corporate governance norms as specified for the High Value Debt Listed Companies for the year ended on March 31, 2024, as stipulated under Regulations 16 to 27, clauses (a) to (g), (h)(iii), (j) to (k) of sub- regulation (1), clauses (a) to (i) of sub- regulation (1A), sub - regulation 2, 3 and 4 of Regulation 62 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') as applicable.

The compliance of the conditions of Corporate Governance is the responsibility of the management of the Company. My examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me, and the representations made by the Directors and the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2024 and further pursuant to Proviso to Regulation 15(1A) of the SEBI Listing Regulations, the provisions of Regulations 16 to 27 of the SEBI Listing Regulations are applicable to the Company on a comply or explain basis until March 31, 2025 and on a mandatory basis thereafter. I certify that the Company has complied with the conditions of Corporate Governance as stipulated for High Value Debt Listed Companies in the SEBI Listing Regulations for the year ended on March 31, 2024.

I further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

My report of even date is to be read along with this letter

Management's Responsibility

It is the responsibility of the management of the Company to maintain secretarial records, devise proper systems to ensure compliance with the provisions of all applicable laws and regulations and to ensure that the systems are adequate and operate effectively.

Auditor's Responsibility

1. My responsibility is to express an opinion on these secretarial records, standards and procedures followed by the Company with respect to secretarial compliances.

2. I believe that audit evidence and information obtained from the Company's management is adequate and appropriate for me to provide a basis for my opinion.

3. Whenever required, I have obtained the management's representation about the compliance of laws, rules and regulations and happening of events, etc.

Disclaimer

The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2024

[Pursuant to section 204(1) of the Companies Act 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014]

To
The Members of Jana Holdings Limited
2nd Floor, No. 80, 5th Cross, 4th Main,
Marathi Extension,
Bangalore – 560 037.

I have conducted the secretarial audit of the compliance of the applicable statutory provisions and the adherence to good corporate practices by **Jana Holdings Limited** (hereinafter called the company). Secretarial Audit was conducted in the manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of the secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **31st March, 2024** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2024** according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -

(a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 **[Not Applicable]**;

(b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

(c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 **[Not Applicable]**;

'Vaghdevi', 543/A, 7th Main, 3rd Cross, S.L. Bhyrappa Road, Hanumanthha Nagar, Bengaluru - 560 019

GSTIN : 29ADAPR3026C1ZZ MSME Reg. No : UDYAM-KR-03-0062388

(d) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 **[Not Applicable]**;

(e) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021

(f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with clients **[Not Applicable]**;

(g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 **[Not Applicable]**; and

(h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018 **[Not Applicable]**;

(i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 **[Only Chapters III, IV (Regulations 16 to 27) and V are applicable]**

(vi) The Laws as are applicable specifically to the Company are as under:

a) The Reserve Bank of India (RBI) Act 1934
b) The Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007
c) Prevention of Money-Laundering Act (PMLA), 2002 and The Prevention of Money- Laundering (Maintenance of Records, etc.) Rules, 2005
d) RBI Master Direction on Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions 2016
e) Monitoring of Frauds in NBFCs (Reserve Bank) Directions 2016

I have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards with respect to Meetings of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India and made effective 1st July, 2015).

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc., mentioned above except as stated below:

a) *The Company could not provide for adequate notice to the BSE as envisaged under Regulation 50 of SEBI (LODR) Regulations, 2015 for holding the following Board meetings on:*

1. May 05, 2023 and December 18, 2023 relating to items of restructuring and fresh borrowing of Non-Convertible Debentures (NCD) as specified under Regulation 30 (1)(b) and (d);
2. May 18, 2023, relating to items of fresh borrowing of Non-Convertible Debentures (NCD) as specified under Regulation 30 (1)(d) and

Further the Company has not submitted intimation of Board Meeting under Regulation 30 (1)(d) of SEBI (LODR) Regulations, 2015 for the board meeting held on November 30, 2023.

b) *The company has not filed Outcome of the Board meetings dated April 19, 2023, May 20, 2023, and March 15, 2024 with BSE Limited within 30 minutes of the closure of the Board meetings as required under Schedule III Part B of the SEBI (LODR) Regulations, 2015 read with Regulation 51(2).*

Further the Company has not filed outcome of the Board Meeting dated November 30,2023 with BSE Limited as required under Schedule III Part B of the SEBI (LODR) Regulations, 2015 read with Regulation 51(2).

c) *The Company has issued 49,000 Rated, Listed, Redeemable, Non Convertible Debentures on private placement basis, out of which 12,750 Non Convertible Debentures were Cancelled due to non - subscription. As per Part B of Schedule III of SEBI (LODR) regulations, 2015 - "Any action which shall result in redemption, reduction, **cancellation**, repurchase in whole or part of any non-convertible securities" shall be disclosed under Regulation 51(2) of SEBI (LODR) Regulations 2015. However, the Company has not made disclosure as stated above.*

d) *As per Regulation 60 of SEBI (LODR) Regulations, 2015 the Company has not given notice in advance of at least seven working to Stock Exchange pertaining to the record date of the series B, F, G, H, I, K, L, O, P during the quarter ended June 30, 2023, December 31, 2023 and March 31, 2024.*

e) *The Net Owned Funds of the Company as on 31 March 2024, is in a Deficit of 48594.16 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs.*

I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors except Women Director. There were changes in the composition of the Board of directors that took place during the period under review.

Changes taken place in the Composition of Board of Directors of the Company during the year under review.

Sl.No	Name of the Director	Designation	Date of Appointment/ Resignation/ Change in Designation	Appointment/ Resignation/ Change in Designation
1.	Mr. S V Ranganath	Additional Independent Director	19-04-2023	Appointment
2.	Mr. S V Ranganath	Independent Director	15-07-2023	Change in Designation
3.	Ms. Saranyathy Athanasathan	Independent Director	19-07-2023	Cessation
4.	Ms. Rajalakshmi Ambady	Additional (Women) Independent Director	25-03-2024	Appointment

All the Board meetings viz. held on April 19, 2023, May 05, 2023, May 10, 2023, May 12, 2023, May 18, 2023, May 20, 2023, May 24, 2023, June 07, 2023, June 30, 2023, August 12, 2023, October 25, 2023, November 10, 2023, November 23, 2023, November 30, 2023, December 08, 2023, December 18, 2023, February 10, 2024, March 15, 2024 were convened by shorter notice. A system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the Minutes of the Board of Directors duly recorded and signed by the Chairman, the decisions were unanimous, and no dissenting views have been recorded.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the Audit period under review:

1. *Pursuant to the BSE email dated 31st January, 2024, company has paid a fine of Rs. 5,900/- towards Non-submission of Intimation of Board Meeting under Regulation 30(1)(a) of SEBI (LODR) Regulations, 2015.*

2. *Pursuant to the BSE email dated January 01, 2024, company has paid a fine of Rs. 10,000/- for delay in intimation of record date as per Regulation 60(2) of SEBI (LODR) Regulations, 2015 for the month ended November 30, 2023.*

3. *Pursuant to the BSE email dated March 18, 2024, company has paid a fine of Rs. 23,600/- for delay in intimation of record date as per Regulation 60(2) of SEBI (LODR) Regulations, 2015 for the month ended January 31, 2024.*

4. *Pursuant to the BSE email dated January 30, 2024, company has paid a fine of Rs. 11,800/- for delay in intimation of record date as per Regulation 60(2) of SEBI (LODR) Regulations, 2015 for the month ended December 31, 2023.*

5. *The company has not filed Outcome within 30 minutes of the closure of the Board meetings with BSE, as required under Schedule III Part B of the SEBI (LODR) Regulations, 2015 read with Regulation 51(2).*

6. *The Board of Directors of the company has approved the Scheme of Amalgamation of Jana Holdings Limited (Transferor Company) with Holding Company i.e. Jana Capital Limited (Transferee Company) under the fast-track route as per section 233 of the Companies Act, 2013 or as per the provisions of Section 230 to 232 at its meeting held on March 15, 2024.*

I further report that -

1. *As per Regulation 15 of SEBI (LODR) Regulations, 2015, Regulation 16 to Regulation 27 have been made applicable to the company on a 'comply or explain' basis until March 31, 2024. Accordingly, the company needs to explain the reasons with regards to non-appointment of Women Director in place of Mrs. Sornamalya Athimanthan who resigned from the Board of the Company with effect from July 19th, 2023.*

2. *Regulation 19 of SEBI (LODR) Regulations, 2015 states that the chairperson of Nomination and Remuneration Committee may be present at the annual General Meeting. However, the chairperson of the Nomination and Remuneration Committee was not present at the annual general meeting held on July 13,2023. As per Regulation 15 of SEBI (LODR) Regulations, 2015, Regulation 18 to Regulation 27 have been made applicable to the company on a 'comply or explain' basis until March 31, 2024. Accordingly, the Company needs to explain the reasons for absence of Mrs. Saraswathy Allimuthu chairperson of Nomination and Remuneration Committee in Annual General Meeting.*

3. *The Company being a Material Subsidiary of Jana Capital Limited needs to adopt the policy for determining material subsidiary as per Regulation 16 of SEBI (LODR) regulations, 2015. As per Regulation 15 of SEBI (LODR) Regulations, 2015, Regulation 18 to Regulation 27 have been made applicable to the company on a 'comply or explain' basis until March 31, 2024. Accordingly, the company needs to explain the reasons for not adopting the policy for determining 'material' subsidiary.*

I further report that –

1. During the period under review, the company has allotted 24,300 and 11,950 unsecured, rated, listed, redeemable, Non-convertible Debentures each having face value of Rs. 1,00,000/- for an aggregate nominal value of Rs. 3,63,50,00,000/- on a private placement basis to TPG Asia VI India Markets Pte Limited.

2. During the period under review, the company has allotted 1,500 unsecured, rated, listed, redeemable, Non-convertible Debentures each having face value of Rs. 1,00,000/- for an aggregate nominal value of Rs. 15,00,00,000/- on a private placement basis to Iris Icon Solutions LLP.

3. During the period under review, the company has issued and allotted 38,93,246 Equity shares of face value Rs. 10 each at a premium Rs.981.81 per Equity share of the Company to Jana Capital Limited on Right issue basis.

4. During the period under review, the company has issued and allotted 1,58,79,524 Equity shares of face value Rs. 10 each at a premium Rs.324.87 per Equity share of the Company to Jana Capital Limited on Right issue basis.

I further report that during the audit period the company has, **in compliance with the Act,** passed the below special resolutions at its Annual General Meeting held on July 13, 2023.

1. Appointment of Mr. Sakalishpur Viswesvaraiya Ranganath as an Independent Director of the Company for a period of 5 years.

2. Re-appointment of Mr. Rajamani Muthukumar, MD, and CEO for a period of 3 years and approval of remuneration.

3. Alteration of Articles of Association of the Company.

I further report that, as per the information and explanation provided by the company, the company is in compliance with the requirement of Structured Digital Database under SEBI (Prohibition of Insider Trading) Regulations, 2015.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the Standalone Financial Statements of Jana Holdings Limited ("The Company") which comprise the Balance Sheet as at 31 March 2024, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us,except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("The Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

(i) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2024, is in a Deficit of INR 45594.16 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Standalone Financial Statements is presently unascertainable. (Refer note 33 to the audited Standalone Financial Statements)

Accordingly, we are unable to comment on the impact of adjustment if any and Consequential impact on the Statement.

The matter was also qualified in our report on the Standalone Financial Statements for the year ended 31st March 2023

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under these Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial

Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 35 in the Standalone Financial Statements, which indicates that the Company incurred a net loss of INR 460.42 crores during the year ended 31 March 2024 and has accumulated losses amounting to INR 1936.91 crores, as of that date, which has significantly eroded its Net Worth. Further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2024 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the debentures on maturity. Accordingly, the Standalone Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

1. We draw attention to Note 36 to the Audited Standalone Financial Statements describing the Listing requirement for equity shares of the Associate Company as per Small Finance Bank Licensing Guidelines by the RBI, in which the company has invested in equity holdings and the Associate Company (Bank), IPO of equity shares was completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

2. We draw attention to the Audited Standalone Financial Statements about the reduction in short term inter corporate loan liability from Holding company 'Iara capital Limited' INR 1093.80 Crores and the same is due to complete waiver by the holding company not to claim any dues of the same as per agreed terms between the Holding company and the company and there by the same has been resulted in income of the company for the period to the extent which is disclosed under Revenue from operations as other income.

3. We draw attention to Note 31 to the Standalone Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Standalone Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

4. We draw attention to Note No. 08 to the Statement, wherein the Company issued fresh debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed to by the existing investors at an investor IRR of 49% to be accrued annually as agreed to in the Debenture trust deed signed between the Company and the debenture trustee. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover fair value for accounting purposes.

Our opinion is not modified in respect of this matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note 2 to the Standalone Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded at cost and is tested for Impairment annually.

On 31 March 2024, Investment in the Associate amounts to INR 2,490.16 crores (Previous year 31 March 2023: INR 2,490.16 crores) against which allowance for Impairment Loss for the Year INR. 1267.67 crores (Impairment Loss/ Reversal of Impairment Loss for the Last Year INR. Nil). The provision of Impairment is provided for INR. 1,524.50 crores as at 31 March 2024 (Previous year 31 March 2023: INR. 256.83 crores).

Basis for Measurement:

Investments represent the shares invested in its associate company Jana Small Finance Bank. The IPO of equity shares of Jana Small Finance Bank Ltd was completed and now the shares are listed in the stock exchanges with effect from 14th February 2024. The fair market value of shares of Jana Small Finance Bank as on March 31, 2024 is at Rs. 409.60 and accordingly the investments are valued at fair market value as per IND AS 28-Investment in Associates and Joint Ventures and presented under Investments at Fair Value through profit or loss.

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.

ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.

iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Standalone Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the

preparation and presentation of the Standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence

obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information and explanations given to us, the remuneration paid by the Company to its Directors is within the limits laid down under Section 197 read with Schedule V of the Act and the rules thereunder.

3. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report, are in agreement with the books of account.

d) Except for the matter described in the Basis of Qualified Opinion section here in above, in our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) The matter described in Basis of Qualified Opinion section here in above and the Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the Directors as on 31 March 2024 taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March 2024 from being appointed as a Director in terms of Section 164 (2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position as at 31 March 2024.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

vi. Based on our examination, which included test checks, the company has used accounting software for maintaining its Books of Account for the Financial Year ended 31st March, 2024 which has a feature of recording Audit Trail facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our Audit we did not come across any instances of the Audit Trail feature being tampered with.

As Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from 1 April, 2023, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 on presentation of Audit Trail as per the Statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.

ANNEXURE A - Statement on the matters specified in paragraphs 3 and 4 of the companies (Auditor's Report) order, 2020 ("CARO") to Independent Auditor's report of even date on the standalone of M/s. Jana Holdings Limited for the year ended 31st March 2024.

Based on the audit procedure performed for the purpose of reporting a true and fair view on the Standalone Financial Statements of Jana Holdings Limited ("*The Company*") and taking into consideration the information and explanations given to us and the books of account and other records examined by us in a normal course of audit, and to the best of our knowledge and belief, we report that:

(i)

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of its Property, Plant and Equipment. The Company has maintained proper records showing full particulars of its intangible assets.

(b) The Company's Property, Plant and Equipment have been physically verified by the management at reasonable intervals as per a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. The Company has reported that no material discrepancies were noticed on such verification made during the year.

(c) According to the information and explanations given to us, there are no immovable properties and accordingly, the requirements under paragraph 3(i)(c) of the order are not applicable to the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) We have not observed nor have we been informed of any proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder to disclose appropriately in its Standalone Financial Statements.

(ii) The Company is Non- Banking Financial Company ('NBFC') Non- Operating Financial Holding Company ('NOFHC') and it does not hold any physical inventories. Accordingly, the reporting requirements stated in the clause 3(ii) of the order are not made.

(iii) The Company, during the year in respect of the loans, or advances in the nature of loans, secured or unsecured granted, investments made, or providing of guarantees by the Company to companies, firms, limited liability partnerships or other parties, including the parties covered under the provisions of Section 2(76) of the Act. Our Opinion on the matters specified as per this clause is as under:

(a) The Company has not granted any loans or any advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnerships or other parties.
and hence the reporting requirements under clause (c), (d), (e), (f) of (iii) of the Order are not made.

(b) The company has made Investment in Equity instruments as mentioned in Note No. 2 to the financial statements and all such investments and terms & conditions of the same are not prejudicial to the interest of the company.

(iv) The Company complied with the provisions of section 185 and 186 of the Act in respect of loans given and investments made.

(v) The Company has not accepted any deposits or amounts which are deemed to be Deposits and hence compliance with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 and other applicable provisions of the Companies Act, 2013 and the Rules framed thereunder are not applicable. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal against this Company in any matter relating to the deposits.

(vi) The Maintenance of Cost records has not been specified by the Central Government u/s.148 (1) of the Act for the business activities carried by the Company. Accordingly, the requirements under clause 3(vi) of the order are not applicable to the Company.

(vii)

(a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities *except the payment of Tax Deducted at Source of Rs. 6.79 cr.* There were no other undisputed amounts in respect of the above statutory dues as at March 31, 2024 outstanding for a period of more than six months from the date they became payable.

(b) There were no material dues on account of disputed statutory liabilities referred to in sub-clause (a), which have not been deposited.

(viii) The Company has not surrendered or disclosed any transactions, previously unrecorded as income in the Books of Account in the Income Tax assessments under the Income Tax Act, 1961, as income of the Company during the year

(ix)

(a) The Company has no loans except borrowings by way of debentures and there are no defaults in repayments of debentures including interest there on during the year to the debenture holders.

(b) The Company is not a declared wilf full defaulter by any Bank or Financials Intuition or Other lenders.

(c) The Company has taken short term loan, were applied for the purpose for which the loan was obtained and which were repaid on time.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short-term loans were utilized for long term purposes by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company has raised funds by way of debentures from other parties mainly to meet the obligation of the repayment of debentures to meet the obligations which are due during the year.

(f) There was no fresh investment made during the year in the Associate Company. The Net investment value in the Associate Company INR 965.66 crores as at the Balance Sheet date invested in Equity shares of the Associate Company. Also Refer Note 2 to the Standalone Financial Statement and our observation in the Key Audit Matters in our report here in above.

(x)

(a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence the reporting requirements under the clause 3(x)(a) is not made.

(b) The Company has not made any preferential allotment on private placement of Equity shares during the year, the requirements of section 42 and section 62 of the Companies Act, 2013 are not applicable.

(xi)

(a) In our opinion, no fraud by the Company or any fraud on the Company has been noticed or reported during the year and hence the reporting requirements under the clause 3(xi)(a) is not made and as per clause 3(xi)(b) for filing report under sub-section (12) of Section 143 of the Act by the Auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government does not arise.

(b) In our opinion, the Company has not received any whistle - Blower complaints during the year as per the records maintained for the purpose and hence the impact of the same on the Standalone Financial Statements is Nil.

(xii) The Company is not a Nidhi Company and hence compliance requirements applicable to Nidhi companies as per clause 3(xii)(a),(b) and (c) are not applicable.

(xiii) In our opinion, all the transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and the details of the transactions have been disclosed in the Standalone Financial Statements as required by the applicable Accounting Standards.

(xiv)

(a) The Company has an Internal Audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date, for the period under audit.

(xv) In our opinion, the Company has not entered into any non-cash transactions with its Directors or persons connected with them and hence, the compliance with the provisions of Section 192 of the Companies Act, 2013 is not applicable.

(xvi)

(a) The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as NBFC-NI-NOFHC.

(b) The Company has not conducted any non-Banking Financial or Housing Finance activities during the year.

(c) The Company is not a Core Investment Company (CIC) as defined in the Regulations made by the RBI.

(d) The Company's Group has one CIC (M/s Jana Capital Limited, Holding Company) as part of the Group.

(xvii) The Company has incurred cash losses in the financial year INR.460.62 crores and in the immediately preceding financial year INR.333.39 crores. However, we observe that there is no cash out flow occurred during the year for the interest on debentures, which is the part of the cash losses for the year and is due & payable at the time of redemption of such debentures.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly, the compliance clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE 'B' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Standalone Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Standalone Financial Statements of Jana Holdings Limited ("the Company") as of 31st March 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements includes obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at March 31, 2024, based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

JANA HOLDINGS LIMITED
Notes to the standalone financial statements for the year ended 31 March 2019

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on 10 March 2016 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non-Banking Financial Company (NBFC) Non Operating Financial Holding Company (NOFHC) from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of New banks in the private sector issued by Reserve Bank of India, the Company, a Non Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (formerly known as Janalakshmi Financial Services Limited).

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2021 approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL. Since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(iii) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed formats from the creditors and shareholders for the merger.

However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 15th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in principle approval for merger given by them through their letter dated 10th August 2022 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

1.2 Statement of compliance

These financial statements are separate financial statements prepared in accordance with Indian Accounting Standards (Ind AS), the provisions of the Companies Act, 2013 ("the Act") (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

Jana Capital Limited ("the Parent Company" or "the Holding Company") is a company incorporated in India, which holds 100% of Jana Holdings Limited ("the Company"). The Company holds 21.34% of Equity shares of Jana Small Finance Bank (Associate).

1.3 Basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, (as amended from time to time).

The financial statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements for the year ended 31 March 2019 were the first set of financial statements prepared in accordance with Ind AS.

The Company is regulated by the Reserve Bank of India ("RBI"). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its financial statements. The financial statements for the year ended 31 March 2024 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 **Functional and Presentation currency**

These Ind AS Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 **Basis of measurement**

The Financial Statements have been prepared on a historical cost basis.

1.6 **Significant areas of estimation, critical judgments and assumptions in applying accounting policies**

The preparation of Financial Statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Financial Statements.

The key estimates and assumptions used in preparation of Financial Statements are:

i. **Fair value of Financial instruments**

The fair value of Financial Instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgments and estimates include considerations of liquidity and model inputs related to items.

ii. **Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized:**

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

2 **Significant accounting policies**

The Company has applied the following Accounting Policies to all periods presented in these Financial Statements.

i. **Revenue recognition**

Interest on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate.

Dividend is recognized when the right to receive the dividend is established.

ii. **Finance Cost**

Interest expense on financial liabilities is recognized on an accrual basis using effective interest rate (EIR) method.

The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusted for upfront expenses. The interest expense is recognized on EIR method on a time proportion basis applied on the carrying amount for financial liabilities.

Arrange fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.

Other fees and expenses such are recognized as and when they are incurred.

iii. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for those at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has (transferred) substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as "active" if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

g. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The short term and long term employee benefits are disclosed based on the period pending for due.

h. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self constructed items includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed of.

i. **Other intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets, comprising of software are amortised on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

j. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds the recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognized in statement of profit or loss, when the carrying value of an asset or cash generating unit ("CGU") exceeds the estimated recoverable amount. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.
Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognized if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost.

x. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

xi. **Contingencies related to claims, litigation, etc.**

Provision in respect of any contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

xii. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.
Current tax assets and liabilities are offset only if, the Company:
a) has a legally enforceable right to set off the recognized amounts, and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if,
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

xi. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.
Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xii. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortised cost in the balance sheet.

xiii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

xiv. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.
ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:
- Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows.
Financial assets are fully provided for or written off neither partially or in full when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xv. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO (being the CODM) include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The Company issued from debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed to by the existing investors at an investor IRR of 49% to be accrued annually as agreed to in the Debenture trust deed signed between the Company and the debenture trustee. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which hold discover fair value for accounting purposes.
In case of certain non convertible debentures, redemption premium payable is linked to share price of the JIFB shares. This constitutes an embedded derivative under Ind AS 109.

The above borrowings are unsecured. However, as part of sanction letter there is no requirement to submit Quarterly stock records as the company does not have any stock in hand.

9 Other Financial Liabilities

	31-March-2024	31-March-2023
Audit fee payable	275.00	135.00
Loan from related Parties (Jana Capital Limited) *	-	-
Other Expenses Payable	-	-
Total	275.00	135.00

Note on waiver of loan from JCL : "Jana Holdings Limited, wholly owned subsidiary, borrowed Rs Rs. 5000.00 crore as short term loan from Jana Capital Limited, it's holding company. To meet the repayment obligations of the NCDs issued by Jana Holdings Limited. While borrowing the short term loan, Jana Holdings Limited planned to repay the same by realising part of its stake in Jana Small Finance Bank, its Associate Company, where the entire investments of Jana Holdings Limited are held, after the launch of the IPO by Jana Small Finance Bank. However, the IPO launch was delayed for want of requisite approvals from the Regulators. As a result, Jana Holdings Limited could not sell its stake in Jana Small Finance Bank. To repay the short term loan to its Holding Company, Jana Holdings Limited realised the constraints and decided to seek a waiver of the short term loan along with interest accrued since the beginning from Jana Capital Ltd, it's holding company. Since it is a transaction between the wholly owned subsidiary and its Holding Company, such a waiver did not impact other stakeholders in any manner. Further, such a waiver helped Jana Holdings Limited obviate the difficulties that would have arisen by its failure to meet its financial commitments. The company, accordingly, requested Jana Capital Limited, its Holding Company, to waive the short term loan given by it. Jana Capital Limited, the Holding Company, after due consideration of the request of Jana Holdings Limited, its wholly owned subsidiary, waived the short term loan given to Jana Holdings Limited in the best interest of its wholly owned subsidiary." Hence there is no outstanding due as on March 31, 2024 with respect to the loan amount to Jana Capital Limited.

(b) Rights, preferences and restrictions attached to shares

The Company has only one class of equity shares being issued, subscribed and fully paid up having a par value of ₹ 10/- each. Each holder of equity share is entitled to one vote per share.

The Company declares and pays dividend on equity shares in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. The company has not declared any dividend during the year April 2023 to March 2024 to its shareholders.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive the assets of the Company. The distribution will be in proportion to the number of equity shares held by the equity shareholders.

JANA HOLDINGS LIMITED

Notes to the standalone financial statements for the year ended 31 March 2024

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NFBCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the year ended 31 March 2024 as the Company has made losses.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Debenture redemption reserve

The Entity being an NBFC is exempted from creation of Debenture Redemption Reserve for Debentures issued through Private Placement Avenue.

20 Earnings/ Loss per share

Basic earnings / (loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings / (loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	31-March-2024	31-March-2023
Net Profit / (Net Loss) as per the statement of Profit and Loss	(46,04,170.88)	(11,35,291.30)
Less: preference dividend after tax (Refer Note 14(i))	-	-
Loss attributable to equity holders after preference dividend	(46,04,170.88)	(11,35,291.30)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(46,04,170.88)	(11,35,291.30)
Weighted average number of equity shares for basic EPS*	31,37,136.00	21,80,944.00
Effect of dilution:		
Rights shares issued	1,97,72,270.00	7,36,192.00
Weighted average number of equity shares adjusted for the effect of dilution	2,29,09,406.00	31,37,136.00
Basic loss per share (INR)	(200.97)	(1,059.91)
Diluted loss per share (INR)	(200.97)	(1,059.91)

* The weighted average number of shares taken into account the weighted average effect of changes in treasury share transactions during the year.

21 Leases

The Entity has established and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through ministry of Corporate Affairs Notification.

- As per Para 5 of INDAS 116, a lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to
  (a) short-term leases, and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2023-2024. This is in line with the treatment adopted by the entity for the previous financial year 2022-2023.

22 Related Party Disclosures: 31 March 2024

33 Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables ,investments trade payables, short term borrowings and other financial liabilities approximate the carrying amount because of the short term nature of these financial instruments.

The amortised cost using effective interest rate (ER) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

34 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents the value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets as at 31 March 2024

(Amount are in INR thousands)

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and overdraft are considered to be the same as their fair values. Investments has been recognised based on the market value per share of the associate company Jana Small Finance Bank. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

28 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of debt securities and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in associate companies, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

i Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company not be exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

(b) Foreign currency risk

Currency risk is the risk that the value of an recognised liability will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

ii Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalents, company's investment in associates & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

b) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews performance of investments in associates.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

31-Mar-24 (Amount in thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Associate	Investments at fair value through profit and loss	2,23,33,305.58	1,26,76,862.00	96,56,443.58

31-Mar-23 (Amount in thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Associate	Investments at amortised cost	2,23,33,305.58	-	2,23,33,305.58

The below table shows the maximum exposure to credit risk by class of financial assets.

31-Mar-24 (Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	54,866.03	-	54,866.03
Bank balance other than cash and cash			-
Investment in associates	96,56,443.58	-	96,56,443.58
Other Financial Assets	1,711.25	-	1,711.25
Total	97,13,220.87	-	97,13,220.87

31-Mar-23 (Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	1,164.57	-	1,164.57
Bank balance other than cash and cash		-	-
Investment in associates	2,23,33,305.58	-	2,23,33,305.58
Other Financial Assets	1,969.00	-	1,969.00
Total	2,23,36,439.15	-	2,23,36,439.15

Expected credit loss on other financial assets

Security deposits represent Other Financial Assets. Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount of receivable from the parts. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of Rs. 54,866.03 thousands as at March 31, 2024 (INR 1,164.57 thousands as at 31 March 2023) The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

iii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company to assuring the ability to meet its liabilities as they become due. The liquidity risk can be either (i) institution-specific or (ii) market-specific.

i. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

ii. Maturity of financial liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

(vi) Institutional Set-up for liquidity risk management:

- The company's Board of Directors has the overall responsibility of management of liquidity risk. The board decides the strategic policies and procedures of the company to manage liquidity risk in accordance with the risk tolerance/limits decided by it.

- The company has a Risk Management Committee, which reports to the board and is responsible for evaluating the overall risks faced by the company including liquidity risk.

- The company has a Asset Liability Committee which is responsible for ensuring adherence to the risk tolerance/limits for the company.

26 Capital management

The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains healthy credit ratings. The funding requirements are met through equity and non convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operations of its own. As per the terms and conditions of the licence issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DOR.(BD).(CS).(FS) No. 1288/16.13.216/2016-17 dated 28 April 2017 ("Licensing letter"), the Company is required to comply with the provisions of paragraph 2(iii)(f) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ("CAR") compliance on a consolidated basis by the NOFHC as per RBI guidelines.

20 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its holding as well as Core Investment Company, Jana Capital Limited after receiving the in principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been mandated with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned Subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company, in line with the decision of the Board of Directors. The company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 19th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in principle approval for merger given by them through their letter dated 10th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

21 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation wide lockdown in March 2020. This was followed by localized lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID- 19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behavior and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

32 Capital to Risk Assets Ratio

The Company is a non operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operations of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on implementation of Basel III Capital Regulations of India, when implemented. For the year ended March 31, 2024 the Consolidated CAR is at 15.94% which is greater than the regulatory minimum of 15%. Refer Note 26(i)

33 Net Owned Fund

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operations of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to achieve the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2024 being INR 485.54 crores. The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

To resolve the issue, the Company evaluated the option to merge with Jana Capital Limited (the holding Company and a Core Investment Company) and accordingly filed an application with the Regional Director, MCA, Hyderabad, the position of which has been explained above as part of Note 30.

34 Leverage Ratio on a Standalone Basis

The Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 1.21 times which is below the regulatory threshold of 1.25 times on a standalone basis for the year ended 31 March 2024

35 Going Concern Basis of Accounting

The Company has incurred a net loss of INR 462.42 crores for the year ended March 31, 2024 (net loss of INR 132.31 crores for the year ended March 31, 2023), and despite the accumulated losses being at INR 1,926.71 crores, as on March 31, 2024, the Reserves and Surplus remain positive at Rs.413.20 crores. However, because of the regulatory requirements such as net owned funds continue to exist. Despite that, the Company was able to successfully raise further debt and equity required for maintaining sufficient liquidity and meeting its obligations and is in a position to continue its business in the foreseeable future. Accordingly, the financial statements have been prepared under the going concern assumption

36 Listing requirement for equity shares of Associate Company

As per Small Finance Bank Licensing Guidelines issued by the RBI, the equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business (i.e., March 27, 2023). The IPO of equity shares of Jana Small Finance Bank Ltd has been completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

37 Other Disclosures

(i) Payment of Gratuity

The Payment of Gratuity is not applicable to the company as the number of employees of the company are less (less 10 and hence no provision of gratuity has been provided in the books of accounts.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of Jana Holdings Limited ('The Company'), its Associate M/s Jana Small Finance Bank Limited, which comprise the Consolidated Balance Sheet as at 31 March, 2024, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes tothe Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information. (Herein after referred to as "the Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us,except for the effects of the matter described in the Basis for Qualified Opinion section of our report,the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their Consolidated state of affairs of the Company and its Associate as at 31 March, 2024, and its Consolidated Profit, Consolidated changes in equity and its Consolidated cashflows for the year ended on that date.

Basis for Qualified Opinion

(i) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March, 2024, is in a Deficit of Rs. 48594.16 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Consolidated Financial Statements is presently unascertainable. (Refer Note no. 32 to the audited Consolidated Financial Statements).

The matter was also qualified in our report on the Standalone Financial Statements for the year ended 31st March, 2024.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further

described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its Associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note no. 34 in the Consolidated Financial Statements, which indicates that the Company incurred a net loss on Standalone basis of INR 460.42 crores during the year ended 31 March, 2024 and has accumulated losses amounting to INR 1936.91 crores, as of that date, which has significantly eroded its Net Worth. Further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March, 2024 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the debentures on maturity. Accordingly, the Consolidated Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

1. We draw attention to Note no. 30 to the Consolidated Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Consolidated Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

2. We draw attention to Note no. 35 to the Audited Consolidated Financial Statements describing the Listing requirement for equity shares of the Associate Company as per Small Finance Bank Licensing Guidelines by the RBI, in which the company has invested in equity holdings and the Associate Company (Bank) IPO of equity shares was completed and now the shares are listed in the stock exchanges with effect from 14th February, 2024.

3. We draw attention to the Audited Consolidated Financial Statements about the reduction in short term inter corporate loan liability from Holding company 'Jana capital Limited' INR 1058.88 Crores and the same is due to complete waiver by the holding company not to claim any dues of the same as per agreed terms between the Holding company and the company and there by the same has been resulted in income of the company for the period to the extent which is disclosed under Revenue from operations as other income.

4. We draw attention to Note no. 29 of the Audited Consolidated Financial Statements, which describes the merger of the Company with its holding Company, Jana Capital Limited.

5. We draw attention to Note no. 08 to the Statement, wherein the Company issued fresh debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed to by the existing investors at an investor IRR of 49% to be accrued annually as agreed to in the Debenture trust deed signed between the Company and the debenture trustee. The said investor IRR agreed to is an outliner and the same is not to be found among the market rates which help discover fair value for accounting purposes.

Our opinion is not modified in respect of this matter.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note no. 02 to the Consolidated Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded at cost and is tested for Impairment annually along with the share of Profit/Loss from the Associate. On 31 March 2024, Investment in the Associate amounts to INR 463.60 crores (Previous year 31 March 2023: 195.04 crores) against which reversal of allowance for Impairment Loss for the Year is Rs. 37.28 crores (Impairment Loss/ Reversal of Impairment Loss for the Last Year Rs. Nil). The Impairment loss recognised during the year on account of Market value of the share which are listed and accordingly the investments are valued at Fair market value provided for Rs. 500.88 crores as at 31 March, 2024 only to the extent of Investment carrying value as on 31st March, 2024.

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.
ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.
iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Consolidated Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the Board of Directors is responsible for assessing the Company and of its Associates, ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company and its Associate financial reporting process of the Company and of its Associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entity and its Associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the Audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the Independent Auditors.

We communicate with those charged with governance of the Company and such other entities included in the Consolidated Financial Statements of which we are Independent Auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section143(3) of the Act, We report, to the extent applicable, that:

   a. We have sought and, except for the possible effects of the matter described in the Basis for Qualified Opinion above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.

   b. Except for the effects of the matter described in the Basis for Qualified Opinion section above, in our Opinion, proper Books of Account as required by Law relating to preparation of the aforesaid Consolidated Financial Statements.

   c. The Consolidated Balance Sheet, The Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in Agreement with the relevant Books of Account maintained for the purpose of preparation of the Consolidated Financial Statements.

   d. Except for the effects of the matter described in Basis for Qualified Opinion section above, in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 Companies (Accounts) Rules, 2014.

   e. The matter described in the Basis of Qualified Opinion and Material Uncertainty Related to Going Concern section of our report, in our Opinion, may have an adverse effect on the functioning of the Company.

f. On the basis of the written representations received from the Directors of the Company as on 31st March, 2024 taken on record by the Board of Directors of the Company and the Reports of the Statutory Auditors of its Associate Company, none of the Directors of the Company, its Associate Company is disqualified as on 31st March, 2024 from being appointed as a Director in terms of Section 164 (2) of the Act.

g. The Qualification relating to the maintenance of Accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.

h. With respect to the adequacy of Internal Financial Controls with reference to Consolidated Financial Statements of the Company and the operating effectiveness of such Controls, refer to our separate Report in "Annexure-A".

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position as at 31 March 2024.

   ii. The Company and its Associate did not have any material foreseeable losses on long-term contracts including Derivative Contracts.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company and its Associate Company incorporated in India.

   iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

vi. Based on our examination, which included test checks, the company has used accounting software for maintaining its Books of Account for the Financial Year ended 31st March, 2024 which has a feature of recording Audit Trail facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our Audit we did not come across any instances of the Audit Trail feature being tampered with.

As Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from 1 April, 2023, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 on presentation of Audit Trail as per the Statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.

vii. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the reports issued by the respective auditors of the Associate Company incorporated in India as referred in Para "Qualified Opinion", we report that, the respective auditor is of the opinion that CARO reporting is not applicable to such Associate Company.

2. As required by the Companies (Amended) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company and its Associate to its Directors is within the limits laid down under Section 197 of the Act and the rules thereunder.

ANNEXURE 'A' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Consolidated Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Consolidated Financial Statements of Jana Holdings Limited ("the Company") and its Associate Company as of 31st March, 2024 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements includes obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements:

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2024, based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

JANA HOLDINGS LIMITED

Notes to the Consolidated Financial Statements for the year ended 31 March 2024

Note:

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on 10 March 2016 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debenture, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non-Banking Financial Company ('NBFC') Non Operating Financial Holding Company ('NOFHC') from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of new banks in the private sector issued by Reserve Bank of India, the Company, a Non Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (Formerly known as 'Janalakshmi Financial Services Limited').

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 15th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in principle approval for merger given by them through their letter dated 10th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

1.2 Statement of compliance

These Consolidated Financial Statements are prepared in accordance with Indian Accounting Standards ('Ind AS'), the provisions of the Companies Act, 2013 ('the Act') (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

Jana Capital Limited ('the Parent Company' or 'the Holding Company') is a company incorporated in India, which holds 100% of Jana Holdings Limited ('the Company'). The Company holds 22.54% of Equity shares of Jana Small Finance Bank ('Associate').

JAHA HOLDINGS LIMITED

Notes to the Consolidated Financial Statements for the year ended 31 March 2024

Note:

1.3 **Basis of preparation**

These Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. (As Amended from time to time)

The Consolidated Financial Statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The Consolidated Financial Statements for the year ended 31 March 2019 were the first set of Consolidated Financial Statements prepared in accordance with Ind AS.

The Company is regulated by the Reserve Bank of India ('RBI'). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its Consolidated Financial Statements. The Consolidated Financial Statements for the year ended 31 March 2024 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, to the extent.

1.4 **Functional and Presentation currency**

These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 **Basis of measurement**

The Consolidated Financial Statements have been prepared on a historical cost basis.

1.6 **Significant areas of estimation, critical judgments and assumptions in applying accounting policies**

The preparation of Consolidated Financial Statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Consolidated Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Consolidated Financial Statements.

The key estimates and assumptions used in preparation of Consolidated Financial Statements are:

i. **Fair value of Financial Instruments**

The fair value of Financial Instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

ii. **Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized.**

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

2 **Significant accounting policies**

The Company has applied the following Accounting Policies to all periods presented in these Consolidated Financial Statements.

i. **Revenue recognition**

Interest on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate.

Note:

ii. **Finance Cost**

Interest expense on financial liabilities is recognized on an accrual basis using effective interest rate (EIR) method.

The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusted for upfront expenses. The interest expense is recognized on EIR method on a time proportion basis applied on the carrying amount for financial liability. Arrange fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.

Other fees and expenses such are recognized as and when they are incurred.

iii. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortised cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as "accounting mismatch").

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

Note:

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

– The rights to receive cash flows from the asset have expired, or

– The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

h. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Short term and long term employee Benefits are disclosed based on the period pending for due.

Note:

v. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight-Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use /disposed of.

vi. **Other intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets, comprising of software are amortised on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

vii. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds the recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognized in statement of profit or loss, when the carrying value of an asset or cash generating unit ("CGU") exceeds the estimated recoverable amount. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Note:

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognized if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

x. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

Note:

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

xi. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.
Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xii. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortised cost in the balance sheet.

xiii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transaction of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

xiv. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.
ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:
• Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
• Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
• Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows.
Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xv. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO (being the CODM) include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The Company issued fresh debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures w the existing investors at an investor IRR of 4% to be accrued annually as agreed to in the Debenture trust deed signed between the Company and the debenture trustee. The said is is an outlier and the same is not to be found among the market rates which help discover fair value for accounting purposes.

In case of certain Non convertible debentures, redemption premium payable is linked to share price of the JSFB shares. This constitutes an embedded derivative under Ind AS 109.

The above borrowings are unsecured . However, as part of sanction letter there is no requirement to submit Quarterly stock records as the company does not have any stock in hand

JANA HOLDINGS LIMITED

Notes forming part of the Consolidated Financial Statements for the year ended 31 March 2024

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NFBCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the year ended 31 March 2024 as the Company has made losses.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Debenture redemption reserve

The Entity being an NBFC is exempted from creation of Debenture Redemption Reserve for Debentures issued through Private Placement Avenue.

(e) Contingent Liabilities and commitments

a Contingent Liabilities	31-March-2024	31-March-2023
Claims against the NBFC not acknowledged as debt	-	-
Guarantees excluding financial guarantees	-	-
Other money for which the NBFC is contingently Liable (Refer Note-1 below)		80,36,777.98
Total	-	-

Note-1

Other money for which the entity is contingently liable represents the difference between Cap Rate and Floor rate for each series of non convertible debentures issued by the entity as agreed upon in the Debenture Trust Deed with the debenture holders detailed as under:

Series L2 and P are in the nature of fixed interest rate and hence no contingent liabilities has been recognised.

20 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Rs. in thousands

	31-Mar-24	31-Mar-23
Net Loss as per the statement of Profit and Loss	55,69,930.53	(33,95,411.26)
Less: preference dividend after tax (Refer Note 14(1))	-	-
Loss attributable to equity holders after preference dividend	55,69,930.53	(33,95,411.26)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	55,69,930.53	(33,95,411.26)
Weighted average number of equity shares for basic EPS*	31,37,136	31,80,944.00
Effect of dilution:		
Rights Shares Issued	1,97,72,770.00	7,56,192.00
Weighted average number of equity shares adjusted for the effect of dilution	2,29,09,906.00	31,37,136.00
Basic loss per share (INR)	241.12	(1,082.33)
Diluted loss per share (INR)	241.12	(1,082.33)

* The weighted average number of shares takes into account the weighted average effect of changes in treasury share transactions during the year.

21 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

As per Para 5 of INDAS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to:

(a) short-term leases; and

(b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).

Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2023-24. This is in line with the treatment adopted by the entity for the previous financial year 2022-2023.

22 Related Party Disclosures: 31 March 2024

The Entity has identified and entered into transactions with the related parties. The details of the same is disclosed as under in accordance with IND AS 24 - Related Party Disclosures

23 Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments, trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortised cost using effective interest rate (EIR) of non current financial assets consisting of security and term deposits are not significantly different from the carrying amount. Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

24 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets as at March 31, 2024

Rs. in Thousands

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	54,866.03		-	54,866.03	54,866.03
Bank balance other than cash and cash equivalents			-	-	-
Investment in associates			-	-	-
Other Financial Assets	-	-	1,711.25	1,711.25	1,711.25
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	32,81,180.90	32,81,180.90	32,81,180.90
Other financial liabilities	-	-	275.00	275.00	275.00

Fair value measurement Hierarchy of assets as at March 31, 2023

Rs. in Thousands

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	1,164.57	-	-	1,164.57	1,164.57
Bank balance other than cash and cash equivalents	-	-	-	-	-
Receivables					
Investment in associates	-	-	23,23,261.31	23,23,261.31	23,23,261.31
Other Financial Assets	-	-	1,969.00	1,969.00	1,969.00
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	2,25,45,346.92	2,25,45,346.92	2,25,45,346.92
Other financial liabilities	-	-	333.00	333.00	333.00

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short term borrowings are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

25 Capital management

The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains requisite credit ratings. The funding requirements are met through equity and non convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per the terms and conditions of the license issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DBR.NBD.(SFB.JFS) No. 13881/16.13.216/2016-17 dated 28 April 2017 ("Licensing letter"), the Company is required to comply with the provisions of paragraph 2(h)(ii)(i) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ("CAR") compliance on a consolidated basis by the NOFHC as per RBI guidelines.

29 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast Track method for merging Jana Holdings Limited (JHL), being the wholly owned Non Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be expected to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in principle approval from the RBI, the Board of Directors of the transferee and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed formats from the creditors and shareholders for the merger. However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024, the Board of both the companies passed resolution in their meetings held on 11th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in-principle approval for merger given by them through their letter dated 10th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

30 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation wide lockdown in March 2020. This was followed by localized lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the Target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Groups results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

31 Other Matters

(i) Capital to Risk Assets Ratio

The Company is a Non operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company is required to maintain minimum capital adequacy ratio ("CAR") on a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, which is applicable. For the year ended March 31, 2024 the Consolidated CAR is at 15.54% which is greater than the regulatory minimum of 15%. Refer Note 26(ii) above for the computation of the same.

31 Other Matters Continued...,

31 (ii). Note on waiver of loan from Jana Capital Limited:

Note on waiver of loan from JCL : "Jana Holdings Limited, wholly owned subsidiary, borrowed Rs Rs.1093.88 crore as short term loan from Jana Capital Limited, it's holding company, to meet the repayment obligations of the NCDs issued by Jana Holdings Limited. While borrowing the short term loan, Jana Holdings Limited planned to repay the same by realising part of its stake in Jana Small Finance Bank, its Associate Company, where the entire investments of Jana Holdings Limited are held, after the launch of the IPO by Jana Small Finance Bank. However, the IPO launch was delayed for want of requisite approvals from the Regulators. As a result, Jana Holdings Limited could not sell its stake in Jana Small Finance Bank to repay the short term loan to its Holding Company. Jana Holdings Limited realised the constraints and decided to seek a waiver of the short term loan along with interest accrued since the beginning from Jana Capital Ltd, it's holding company. Since it is a transaction between the wholly owned subsidiary and its Holding Company, such a waiver did not impact other stakeholders in any manner. Further, such a waiver helped Jana Holdings Limited alleviate the difficulties that would have arisen by its failure to meet its financial commitment. The company, accordingly, requested Jana Capital Limited, its Holding Company, to waive the short term loan given by it. Jana Capital Limited, the Holding Company, after due consideration of the request of Jana Holdings Limited, its wholly owned subsidiary, waived the short term loan given to Jana Holdings Limited in the best interest of its wholly owned subsidiary."

31 (iii). The Company has issued brick debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed to by the existing investors at an investor IRR of 40% to be accrued annually as agreed to in the Debenture trust deed signedbetween the Company and the debenture trustee. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover fair value for accounting purposes.

JANA HOLDINGS LIMITED

Notes forming part of the Consolidated Financial Statements for the year ended 31 March 2024

(Amount in INR thousands, unless otherwise stated)

32 Net Owned Fund

The Company is a NBFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operations of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.

The Company on a standalone basis has a shortfall of the prescribed minimum net owned fund as of March 31, 2024 being (INR 485.94 crores). The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

To recover the loss, the Company evaluated the option to merge with Jana Capital Limited (the holding Company and a Core Investment Company) and accordingly filed an application with the Regional Director, MCA, Hyderabad, the position of which has been explained above as part of Note 29.

33 Breach of Leverage Ratio on a Standalone basis

The Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 1.21 times which is below the regulatory threshold of 1.25 times on a standalone basis for the year ended 31 March 2024.

34 Going Concern Basis of Accounting

The Company has incurred a net loss on a standalone basis of INR 468.42 crores for the year ended March 31, 2024 (net loss of INR 331.51 crores for the year ended March 31, 2023), and despite the accumulated losses being at INR 1,926.91 crores, as on March 31, 2024, the Reserves and Surplus remain positive at Rs.413.20 crores. However, breaches in the regulatory requirements such as net owned funds and consolidated capital adequacy ratio continue to exist. Despite that, the Company was able to successfully raise further debt and equity required for maintaining sufficient liquidity and meeting its obligations and is in a position to continue its business in the foreseeable future. Accordingly, the financial statements have been prepared under the going concern assumption.

35 Listing requirement for equity shares of Associate Company

As per Small Finance Bank Licensing Guidelines issued by the RBI, the equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The IPO of equity shares of Jana Small Finance Bank Ltd has been completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Capital Limited

Report on the Audit of the Standalone financial statements

Qualified Opinion

1. We have audited the Standalone financial statements of Jana Capital Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2022, Standalone statement of Profit and Loss, Standalone statement of changes in Equity and Standalone statement of Cash Flows for the year then ended, and notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

2. In our opinion and to the best of our information and according to the explanations given to us except for the possible effects of the matter described in Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss, other total comprehensive income, changes in equity and cash flows for the year ended on that date.

Basis for Qualified Opinion

3. Referring to the note No. 34 (I) of the standalone financial statements, the Company is a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company. As on March 31, 2022 the adjusted net worth is 7.78% of its aggregate risk weighted assets which is less the limit specified as per Section II of Master Direction DoR (NBFC). PD.003/03.10.119/2016-17 ("The Directions") dated August 25, 2016 and the outside liabilities of the Company as on March 31, 2022 is 11.85 times of its adjusted Net worth which is more than the limit specified in the Directions.

4. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

5. We draw attention to Note 30 of the standalone financial statements, which indicates that the Company incurred a net loss of Rs. 27,48,485.74 thousands during the year ended March 31, 2022 and has accumulated losses amounting to Rs. 1,21,06,885.42 thousands, as of that date, which has eroded substantial portion of its net worth. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, as stated in the note, the Company is in the process of raising additional funds as necessary to operate as a going concern. Accordingly, the standalone financial statements have been prepared under going concern assumption

Our opinion is not modified in respect of this matter.

Key Audit Matters

6. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How the matter was addressed in our Audit
Impairment Assessment of Investment in wholly owned Subsidiary: The investment in the subsidiary is recorded at cost and is tested for impairment annually. On March 31, 2022, Investment in subsidiary amounts to Rs. 1,37,88,972.36 thousands (Previous year March 31, 2021: Rs.1,37,88,972.36 thousands) against which total allowance of Rs. 1,14,27,529.39 thousands (till Previous year March 31, 2021: Rs. 89,94,206.59 thousands) was made towards impairment in the books of account. The annual impairment testing of value of investment in the subsidiary is considered to be a key audit matter due to the materiality of investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of investment based on complex assumptions, that by their nature imply the use of management's judgement, in particular with reference to identification of impairment indicators.	Our audit procedures to assess appropriateness of impairment test includes, but were not limited to the following: • Verified the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment of Investment in subsidiary • Evaluated the appropriateness of the assumptions considered and key inputs used in the assessment of impairment. • Verified completeness, arithmetical accuracy and validity of the data used in the impairment assessment. • Assessed the accuracy of the impairment loss and evaluated the adequacy of the disclosures in the standalone financial statements.

K.S. RAO & CO. Chartered Accountants SEMBALURU

Information Other than the Standalone Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone financial statements:

8. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the standalone financial statements, Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

10. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

K.S. RAO & CO. Chartered Accountants BENGALURU

Auditor's Responsibilities for the Audit of the standalone financial statements

11. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

12. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our Opinion is based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

K.S. RAO & CO. Chartered Accountants BENGALURU

13. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

17. The audit of Standalone financial statement for the year ended March 31, 2021, included in the Standalone financial Statement was carried out by the predecessor auditor, who have expressed unmodified opinion vide their audit report dated June 24, 2021, whose report has been furnished to us and which has been relied upon by us, for the purpose of our audit of the Standalone Financial Statement.

Report on Other Legal and Regulatory Requirements

18. As required by Sec 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with schedule V to the Act.

19. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013, we give in "Appendix - A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extend applicable.

20. As required by Section 143(3) of the Act, we report that:

    a) We have sought and except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations

K.S. RAO & CO. Chartered Accountants BENGALURU

which to the best of our knowledge and belief were necessary for the purposes of our audit of the standalone financial statements.

b) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, The aforesaid standalone financial statements dealt with by this report are in agreement with the books of account.

d) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

e) The matter described in Basis for Qualified Opinion section and Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Appendix-B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position in its as at March 31, 2022.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

K.S. RAO & CO. Chartered Accountants BENGALURU

iv.

a. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries.

b. The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The Company has not declared any dividend during the year. Accordingly, disclosure under this clause is not applicable.

Appendix - A to the Independent Auditors' Report

The Appendix referred to in Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended March 31, 2022, we report that:

(i) In respect of Property, Plant and Equipment and Intangible Assets:

(a) According to the information and explanations given to us and on the basis of our examination of our records of the Company, the Company does not have Property, plant and equipment. Therefore, the provisions of paragraph 3 (i) (a) of the Order are not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of our records of the Company, the Company does not have Property, plant and equipment. Therefore, the provisions of paragraph 3 (i) (b) of the Order are not applicable to the Company.

(c) According to the information and explanations given to us: there are no immovable properties, and accordingly, the requirements under paragraph 3(i)(c) of the Order are not applicable to the Company.

(d) According to the information and explanations given to us and on the basis of our examination of our records of the Company, the Company does not have Property, plant and equipment. Therefore, the provisions of paragraph 3 (i) (d) of the Order are not applicable to the Company.

(e) No proceedings has been initiated during the year or are pending against the as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibitions) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company is Non-Banking Financial Company (NBFC) – Non-Deposit taking – Systematically Important- Core Investment Company (NBFC-ND-SI-CIC). Accordingly, it does not hold any physical inventories. Accordingly, the provisions stated in paragraph 3(ii) of the Order are not applicable to the Company.

(b) As per the information and explanations provided to us, the Company has not taken any working capital loan by providing security on current assets. Accordingly, disclosure under this clause is not applicable.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to any company, firm, Limited Liability Partnership or other parties listed in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Accordingly, clauses from (iii) (a) to (iii) (f) of paragraph 3 of the Order is not applicable to the Company

K.S. RAO & CO. Chartered Accountants BENGALURU

(iv) In our opinion and according to the information and explanations given to us, the Company has not either directly or indirectly, granted any loan to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of section 185 of the Act. The Company has complied with Section 186(1) of the Act in relation to investment made by the Company. The remaining provisions related to Section 186 of the Act do not apply to the Company as it is an NBFC.

(v) According to the information and explanations given to us, the Company has not accepted deposits and does not have any unclaimed deposits within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of the clause 3 (v) of the Order are not applicable.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Act for the business activities carried out by the Company. Accordingly, the provisions stated in paragraph 3 (vi) of the Order are not applicable to the Company.

(vii) In respect of statutory dues:

(a) According to the records of the Company, the Company is generally regular in depositing undisputed statutory dues payable including Provident Fund, Employees' State Insurance, Income Tax, Goods and Services Tax, and Cess and other material statutory dues as applicable to the Company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance Income Tax, Goods and Services Tax, and Cess were in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues in respect of income tax, sales tax, service tax, value added tax, goods and service tax, customs duty, excise duty, cess which have not been deposited on account of dispute.

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

(ix)

(a) In Our opinion and according to the information and explanation provided us, the Company did not have any outstanding dues to debenture holders during the year. The Company does not have any loans or borrowings from any financial institutions, banks, governments during the year.

(b) According to the information and explanations provided to us, the company has not been declared wilful defaulter by any bank or financial institution or other lender;

K.S. RAO & CO. Chartered Accountants BENGALURU

(c) The Company has applied the loans for which the loans were obtained.

(d) On an overall examination of standalone financial statements of the Company, the Company has not raised any funds on short-term basis. Accordingly, reporting under clause is not applicable for the Company.

(e) The Company has not raised any funds from any entity or person on account of or to meet the obligations of its subsidiary company or its associate Company. Accordingly, reporting under this clause not applicable.

(f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiary or associate company. Accordingly, reporting under this clause is not applicable.

(x) (a) According to the information and explanations given by the management, the Company has not raised moneys by way of initial public offer or further public offer or debt instruments or term loans and hence the reporting under clause 3 (x)(a) is not applicable

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable

(xi) (a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the period

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.

K.S. RAO & CO. Chartered Accountants BENGALURU

(xiv) According to the information and explanations given to us and on an overall examination of the books of account:

a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him as referred to in section 192 of companies Act, 2013. Accordingly, paragraph 3(xv) of the Order is not applicable

(xvi) (a) The Company is required to and has been registered under section 45 IA of the Reserve Bank of India Act, 1934 as NBFC-ND-SI-CIC.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid CoR from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is a Systematically Important Core Investment Company ("SI-CIC"). However, as mentioned in note 34 (II) of the standalone financial statements the asset size of the Company is below the specified limit as on March 31, 2022 due to the impairment accrued for investment in Associate Company.

(d) According to the information and explanation provided to us the Company has only one Core Investment Company.

(xvii) The Company has incurred cash losses of Rs. 3,15,162.93 thousands during the financial year covered by our audit and in the immediately financial year amounting to Rs. 2,73,847.74 thousands.

(xviii) There has been resignation of statutory auditors during the year as they reached maximum limit for number of audits to be undertaken in current year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, the matter specified in Material Uncertainty Related to Going Concern paragraph of our report, has causes us to believe that there is a material uncertainty as on the date of the audit report indicating that Company is not capable of meeting

K.S. RAO & CO. Chartered Accountants BENGALURU

its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

(xx) (a) The provision of Corporate Social Responsibility is not applicable for the Company. Accordingly, disclosure under clause 3 (xx) (a) is not applicable for the Company.

(b) There are no ongoing projects, hence reporting under this clause is not applicable.

(xxi) The reporting under clause 3(xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Jana Capital Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Managements Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

K.S. RAO & CO. Chartered Accountants BENGALURU

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial Control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Institute of Chartered Accountants of India.

Notes to the standalone financial statements for the year ended 31 March 2022

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on March 26, 2015 to carry on the business of an Investment Company and to invest, buy, sell, barter, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, stocks, securities of any Government, Local, Authority, Bonds and Certificates. The Company received a certificate of registration dated 24 March 2017 from the Reserve Bank of India as a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company (NBFC-CIC-ND-SI) under section 45IA of the Reserve Bank of India Act, 1934.

The company holds 100% investments in its wholly owned subsidiary company - Jana Holdings Limited (the Company). The wholly owned subsidiary company holds 41.84% of Equity shares in Jana Small Finance Bank being the Associate company.

The board in its meeting held on October 21, 2019, and November 17, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited (JCL). The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 13th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be response to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the requisite approval from the RBI, the Board of Directors of the Company and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The Company sented notices (CAA 1) along with the proposed Scheme to the Regional Director, Karnataka and Chennai Jurisdiction, Ministry of Corporate Affairs by letter dated 24th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(3)(a) of the Act and rules made thereunder.

The Company submitted necessary application to the Regional Director, South East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad, vide letter dated 24th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 87.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with.

The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meantime, the Company managed to make Rs. 100 crores (part prepayment and part purchase of their NCDs from NCDs available, as demanded, so one of the conditions for enabling them to provide NOC for the merger although the said NCDs will mature in March 2021. The Transferee Company will seek notice from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

1.2 Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Rules, 2016, notified under Section 133 of the Companies Act, 2013 (the "Act"), other relevant provisions of the Act, guidelines issued by the Reserve Bank of India as applicable to a CIC and other accounting principles generally accepted in India.

Accounting policies have been consistently applied except where a newly issued Ind AS is initially adopted or a revision to an existing Ind AS required a change in the accounting policy hitherto in use. The standalone financial statements were authorised for issue by the Board of Directors (BOD) on May 26, 2022.

1.3 Presentation of Standalone Financial Statements

The Standalone Balance Sheet, Statement of Standalone Profit and Loss and Statement of Standalone Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III of the Companies Act, 2013 (the "Act"). The Statement of Standalone Cash Flows has been prepared and presented as per the requirements of Ind AS.

A summary of the significant accounting policies and other explanatory information is in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as specified under Section 133 of the Companies Act, 2013 (the "Act") including applicable Indian Accounting Standards (Ind AS) and accounting principles generally accepted in India.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis.

1.4 Functional and Presentation currency

These Ind AS Financial Statements are presented in Indian Rupees in thousands (Rs.), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 Basis of measurement

The financial statements have been prepared on a historical cost basis.

(All amounts are rupees in thousands, unless otherwise stated)

Notes to the standalone financial statements for the year ended 31 March 2022

1.6 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made and, if material, their effects are disclosed in the notes to the financial statements.

The key estimates and assumptions used in preparation of financial statements are:

i. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include consideration of liquidity and model inputs related to items.

2 Significant accounting policies

The Company has applied the following accounting policies to all periods presented in these financial statements.

i. Revenue recognition

Dividend is recognised when the right to receive the dividend is established.

ii. Financial assets and liabilities

a. Financial assets

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognised initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses, if any, arising from impairment are recognised in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognised in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognised the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortised cost or at FVOCI, is classified to be measured at FVTPL.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortised cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortised cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. Financial Liabilities

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognised initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortised cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

K.S. RAO & CO. CHARTERED ACCOUNTANTS BENGALURU

JANA CAPITAL LIMITED BANGALORE

c. **Derecognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortised cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the Statement of financial position when the company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as "active" if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

III. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognized if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

IV. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED BANGALORE

a. Current tax

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustments to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax basis.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reviewed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:

a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and

b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

v. Earnings per share

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

vi. Cash and cash equivalents

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortised cost in the balance sheet.

vii. Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, cash and cash equivalents include bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

viii. Impairment of financial assets

The Company recognizes impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL. ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired – as the present values of all cash shortfalls that are expected within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired – as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in subsidiary at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment ('loss event') and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

ix. Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segments and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

* Management of the Company has elected to avail the exemption as per Ind AS 101 and measures the investment at Deemed cost i.e previous IGAAP carrying amount as on the Ind AS transition date i.e. April 01, 2017.
# Based on the para 12 of Ind AS 36, there is an objective evidence of impairment based on the observable data with respect to investment made by the company in Jana Holdings Limited (JHL) based on the below mentioned factors:

i.The Company has invested in Jana Holdings Limited (JHL) [Wholly owned subsidiary] which is registered as Non Banking Financial Company - Non Operating Financial Holding Company (NOFHC) and JHL holds investments only in Jana Small Finance Bank (JSFB) ("the Bank").
The Entity had performed the impairment test for its investments in wholly owned subsidiary entity - Jana Holdings Limited as on March 31, 2022 and accordingly impairment loss has been provided for the period April-2021 to March 2022.

ii. JHL has reported loss of INR 2,453,323.80 thousands for the year ended March 31, 2022 due to high fund burden as result of which there is a decline in net worth of JHL as compared to 31 March 2021.

iii. The fair value per share of JHL shares for the period ended 31 March 2022 has declined from INR 2,013.81 per share (31 March 2021) to Rs. Wt.Rs per share (31 March 2022) computed as per book value method.
The carrying amount has been reduced to its recoverable amount and the reduction which is an impairment loss has been recognized in the statement of profit and loss for the period ended 31 March 2022 as detailed below.

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as balance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give internal strength to the balance sheets of the NFBCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period ended 31 March 22 as the Company has incurred losses.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to

(d) Contingent Liabilities and commitments

i Contingent Liabilities

	As at 31 March 2022	As at 31 March 2021

20. Earnings/ Loss per share

Basic earnings / (loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings / (loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

(Rs. in thousands)

The following reflects the income and share data used in the basic and diluted EPS computations:	For the year ended 31 March 2022	For the year ended 31 March 2021
Net Loss as per the statement of Profit and Loss	(27,48,485.74)	(26,00,652.95)
Less: preference dividend after-tax	-	-

Weighted average number of equity shares for basic EPS	27,04,181.00	27,04,181.00
Effect of dilution:		
Rights Shares issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	27,04,181.00	27,04,181.00
Basic loss per share (Rs.)	(1,016.38)	(961.72)
Diluted loss per share (Rs.)	(1,016.38)	(961.72)

21. Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

As per Para 5 of INDAS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to

(a) short-term leases; and

(b) leases for which the underlying asset is of low value (as described in paragraphs 22-48).

Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Jaasoothar India Private Limited and Vidya Tridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2021-2022. This is in line with the treatment adopted by the entity for the previous financial year 2020-2021.

23. Fair values of financial assets and financial liabilities

The fair value of other financial assets, cash and cash equivalents, investments, other payables, and other financial liabilities approximate the carrying amounts because of the nature of these financial instruments and their recorded amounts approximate fair values or are receivables or payables on demand.

The Debt securities has been amortised using the EIR method of measurement of Financial Liabilities.

24. Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique.

•Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Fair value measurement hierarchy of assets as at March 31, 2022

(Rs. In thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Investment	-	-	23,61,442.97	23,61,442.97	23,61,442.97

Fair value measurement hierarchy of assets as at March 31, 2021

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Investment	-	-	47,94,765.78	47,94,765.78	47,94,765.78

The carrying amount of cash and cash equivalents, other financial assets, other payables, other financial liabilities are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA SMALL FINANCE BANK LIMITED BANGALORE

25 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in its wholly owned subsidiary company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

I Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31-Mar-22	31-Mar-21
Variable rate borrowings	-	
Fixed Rate of Borrowings	16.50%	16.50%
Total	16.50%	16.50%

Sensitivity

Profit or loss is not sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Due to the increase in accrual of interest on NCD on a monthly basis the profit or loss for the financial year is sensitive.

(Rs. In thousands)

Particulars	Impact on profit after tax		Impact on other components of equity	
	31-Mar-22	31-Mar-21	31-Mar-22	31-Mar-21
Interest rates - increase by 30 basis points	5,605.90	4,808.88	5,605.90	4,808.88
Interest rates - decrease by 30 basis points	(5,605.90)	(4,808.88)	(5,605.90)	(4,808.88)

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

II Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in wholly owned subsidiary & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews the performance of its investments in wholly owned subsidiary.

K.S. RAO & CO. Chartered Accountants BENGALURU

JAYA BANGALORE LIMITED

The below table shows the carrying amount of Investments along with corresponding impairment losses and the net carrying amount:

As at 31 March 2021 (Rs. In thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Wholly Owned Subsidiary	Investments at amortised cost	47,94,765.77	24,33,322.80	23,61,442.97

As at 31 March 2021 (Rs. In thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Wholly Owned Subsidiary	Investments at amortised cost	71,21,570.98	23,26,805.21	47,94,765.77

The below table shows the maximum exposure to credit risk by class of financial assets.

As at 31 March 2022 (Rs. In thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	126.56	-	126.56
Bank balance other than cash and cash equiv	7.44	-	7.44
Investment in Wholly owned Subsidiary	23,61,442.97	-	23,61,442.97
Other Financial Assets	176.64	-	176.64
Total	23,61,753.61	-	23,61,753.61

As at 31 March 2021 (Rs. In thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	337.67	-	337.67
Bank balance other than cash and cash equiv	7.44	-	7.44
Investment in Wholly owned Subsidiary	47,94,765.77	-	47,94,765.77
Other Financial Assets	209.06	-	209.06
Total	47,95,319.94	-	47,95,319.94

Expected credit loss on other financial assets

Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount or receivable from the party. Such receivables carry insignificant probability of default. Hence the credit risk is assessed low.

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of INR 126.56 thousands as at 31 March 2022 (31 March 2021: INR 337.67 thousands). The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

Notes to the standalone financial statements for the year ended 31 March 2022

Note-35 continued

III. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by ensuring the ability to meet its liabilities as they become due.
The liquidity risk can be either (i) institution specific or (ii) market specific.

I. Liquidity risk management

Liquidity has to be treated through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

II. Maturity pattern of financial assets and liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

As at 31 March 2022

(Rs. in thousands)

28 Disclosure on Proposed Merger with Wholly Owned Subsidiary

The Board in its meeting held on October 21, 2019, and November 17, 2019, approved fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited (JCL). The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, with a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the Transferor and the Transferee Companies vide on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by under dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1) (a) of the Act and rules made thereunder.

The Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad, vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with.

The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the inconsistent, Jana Holdings Limited arranged its 100 crores and made available (part prepayment and part purchase of their NCDs from MDMs to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2023. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

29 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the emergency of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and to collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

30 Going Concern Basis of Accounting

The Company incurred a net loss of Rs. 27,48,485.74 thousands during the year ended March 31, 2022 and has accumulated losses amounting to Rs. 1,21,06,885.47 thousands, as of March 31, 2022 which has substantially eroded the net worth. Further, the Company has breached regulatory requirements such as Adjusted Net Worth to Risk Weighted Assets and Leverage Ratio (Please refer to note 34 for detailed explanations regarding regulatory breaches). Above events indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its financial obligations when fall due and continue its business for the foreseeable future. Accordingly, the financial results have been presented under going concern assumption.

31 Listing requirement for equity shares of Bimsa Company

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021 and received SEBI's approval to raise funds through IPO on July 12, 2021.

34 I) Capital Management

The Company is a Core Investment Company CIC and its entire investment is in Jana Holdings Limited (JHL) and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Directive Draft (MRFC) PD.002/22.10.119/2016-17 dated August 25, 2016, the Company is required to adhere to the prescribed Capital Requirements according to which the Adjusted Net Worth of a CIC shall at no point of time be less than 30% of its aggregate risk weighted assets on balance sheet and risk adjusted value of all balance sheet items as on the date of last audited balance sheet as at the end of the financial year. The Company has shortfall of the prescribed minimum requirement which is at 7.28% as of March 31, 2022. (Refer Note-1 for the computation)

The Core Investment Companies (Reserve Bank) Directions, 2016, further stipulate that the outside liabilities of a CIC-ND-SI shall at no point in time exceed 2.5 times its Adjusted Net Worth as on date of the last audited balance as at the end of the financial year. During the period ended March 31, 2022 the shortfall has been exceeded by 11.85 times. (Refer Note-2 for the computation)

The main reason for shortfall in the Capital Requirement and consequently in the Leverage Ratio of the Company is due to impairment or assets of the Company on account of accrual of interest on the Non Convertible Debentures issued by Jana Holdings Limited, its wholly owned subsidiary. The Company will endeavour to address the shortfall by taking necessary steps.

JANA CAPITAL LIMITED BANGALORE

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Capital Limited

Report on the Audit of the Consolidated financial statements

Qualified Opinion

1. We have audited the accompanying Consolidated financial statements of Jana Capital Limited (hereinafter referred as "the Holding Company") and its subsidiary (Holding and its Subsidiary together called as "the Group"), its associate, which comprise the Consolidated Balance Sheet as at March 31, 2022, Consolidated statement of Profit and Loss, Consolidated statement of changes in Equity and Consolidated statement of Cash Flows for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").

2. In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in Basis for Qualified Opinion section of our report, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Group and its associate, as at March 31, 2022, its Consolidated loss, other total comprehensive income, Consolidated changes in equity and Consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

3. Referring to note 39 of the Consolidated financial statement, Jana Holdings Limited (Wholly Owned Subsidiary Company) is a Non-operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline – New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented. For the year ended March 31, 2022, the Company CAR computed on consolidated basis is at (7.96%) which is below the regulatory minimum of 15%. The Consequential impact of such non-compliance on the Consolidated financial results is presently unascertainable.

4. Referring to the note 40 of the Consolidated financial statement, The terms and conditions of Certificate of registration issued to the subsidiary by the RBI vide letter No. N-02.00275 dated January 27, 2017, requires subsidiary to comply with prescribed net owned funds

2nd Floor, 'Khivraj Mansion', No.10/2, Kasturba Road, Bengaluru - 560001
Contact no: 8867441507, email: hitesh@ksrao.in
Head office: Hyderabad; Branches: Chennai and Vijayawada.

requirement in accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the net owned funds of the subsidiary as on March 31, 2022, is in a deficit of Rs. 1,87,35,718 thousands, which is below the regulatory minimum of Rs. 20,000 thousands. The Consequential impact of such non-compliance on the Consolidated financial results is presently unascertainable.

5. Referring to the note 41 of the Consolidated financial statement, the wholly owned subsidiary company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 8.04 which is above the regulatory threshold of 1.25 on a standalone basis for the year ended March 31, 2022. The Consequential impact of such non-compliance on the Consolidated financial results is presently unascertainable.

6. The Company has initially recognised goodwill on acquisition of Jana Holding Limited, amounting to Rs. 17,985 thousand, whose net worth have fully eroded as at March 31, 2022. Further, the Company has not performed any impairment test of goodwill. Accordingly, in view of current financial position of Jana Holding Limited and in the absence of sufficient appropriate audit evidence, we are unable to comment on the carrying value of the goodwill.

7. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

8. We draw attention to Note 42 in the Consolidated financial statement, which indicates that the Company incurred a net loss of Rs. 36,50,104 thousands during the year ended March 31, 2022 and has accumulated losses amounting to Rs. 3,18,20,553 thousands, as of that date, which has eroded its net worth. Further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of March 31, 2022, as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, as stated in the note, the Company is in the process of raising additional funds as necessary to operate as a going concern. Accordingly, the Consolidated financial statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

K.S. RAO & CO. Chartered Accountants BENGALURU

Key Audit Matters

9. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How the matter was addressed in our Audit
Impairment Assessment of Investment in wholly owned Subsidiary: The investment in the Associate is accounted under equity method and is tested for impairment annually. On March 31, 2022, the carrying value of investment in associate is Rs. 13,99,552 thousands (as on March 31, 2021 13,25,395 thousands). The annual impairment testing of carrying value of investment in the associate is considered to be a key audit matter due to the materiality of investment for the company and the fact that process and methodology for assessing and determining the recoverable amount of investment are based on complex assumptions, that by their nature imply the use of the management's judgment, in particular with reference to identification of impairment indicators.	Our audit procedures to assess appropriateness of impairment test includes, but were not limited to the following: • Verified the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment of Investment in associate • Evaluated the appropriateness of the assumptions considered and key inputs used in the assessment of impairment. • Verified completeness, arithmetical accuracy and validity of the data used in the impairment assessment. • Assessed the accuracy of reversal of impairment loss and evaluated the adequacy of the disclosures in the consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon:

10. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

K.S. RAO & CO. Chartered Accountants BENGALURU

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated financial statements:

11. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the Consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its associate in accordance with the Ind AS and other accounting principles generally accepted in India. This respective management and Board of Directors of the Group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

12. In preparing the consolidated financial statements, Management and the Board of Directors are responsible for assessing the ability of Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

13. The respective management and Board of Directors of companies includes in the Group and of its associate are responsible for overseeing the financial reporting process of Group and of its associate.

Auditor's Responsibilities for the Audit of the consolidated financial statements:

14. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate,

K.S. RAO & CO. Chartered Accountants BENGALURU

they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

15. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary companies which companies are included in the consolidated financials, has adequate internal financial controls system with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associate ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our Opinion is based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

16. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

K.S. RAO & CO. Chartered Accountants BENGALURU

17. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

18. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter:

19. The audit of Consolidated financial statements for the year ended March 31, 2021, included in the Consolidated financial Statement was carried out by the predecessor auditor, who have expressed modified opinion vide their audit report dated September 23, 2021, whose report has been furnished to us and which has been relied upon by us, for the purpose of our audit of the Consolidated Financial Statements.

20. We did not audit the consolidated financial statements of wholly owned subsidiary company which reflects total consolidated assets of Rs. 14,28,383.57 thousand as at March 31, 2022, total consolidated revenue of Rs. 450.89 thousands for the year ended March 31, 2022, total consolidated net loss of Rs. 24,33,322.80 thousands as considered in the consolidated financial statements. These consolidated financial statements of the wholly owned subsidiary has been audited by the other auditor whose report has been furnished to us by the management and our opinion on the consolidated financial statements of the Company, in so far as it relates to the amounts and disclosure included in respect of the wholly owned subsidiary and our report in so far as it relates to the aforesaid wholly owned subsidiary is based solely on the report of the other auditor.

    Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements:

21. As required by Section 143(3) of the Act, we report that to the extent applicable that:

    a) We have sought and except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the Consolidated financial statements.

K.S. RAO & CO. Chartered Accountants BENGALURU

b) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, proper books of account as required by the Act relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

c) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, The aforesaid consolidated financial statements dealt with by this report are in agreement with the books of account maintained for the purpose of preparation of consolidated financial statements.

d) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

e) The matter described in Basis of Qualified Opinion and Material Uncertainty Related to Going Concern sections of our report, in our opinion, may have an adverse effect on the functioning of the Group.

f) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary company and its associate company and the operating effectiveness of such controls, refer to our separate report in "Appendix-A".

h) In our opinion and according to the information and explanations given to us the remuneration paid during the current year by the Holding Company, to its directors is in accordance with the provisions of Section 197 of the Act read with Schedule V to the Act.

i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position as at March 31, 2022;

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

K.S. RAO & CO. Chartered Accountants BENGALURU

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv.

a. The respective Managements of the Company and its subsidiaries has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries.

b. The respective Management of the Holding Company and its subsidiary has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The Company has not declared any dividend during the year. Accordingly, disclosure under this clause is not applicable.

K.S. RAO & CO. Chartered Accountants BENGALURU

22. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO report issued by us for the Holding Company and based on our consideration of CARO report issued by the respective auditor of the Subsidiary Company, such subsidiary as referred to in paragraph 20 above, we report that following adverse remarks has been made:

S.No	Name of the Company	CIN:	Holding/ Subsidiary/ Associate/ Joint Venture Company	Clause number of the CARO report which is qualified or adverse

Appendix - A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In Conjunction to the audit of Consolidated financial statements of the Group as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to the consolidated financial statements of **Jana Capital Limited** ("the Holding Company"), its subsidiary and its associate company as of date.

Managements Responsibility for Internal Financial Controls

The respective management and Board of Directors of the Holding Company, its subsidiary and its associate company, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company, its subsidiary and its associate, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

K.S. RAO & CO. Chartered Accountants BENGALURU

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary and its associate have, in all material respects, an adequate internal financial Control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Institute of Chartered Accountants of India.

K.S. RAO & CO. Chartered Accountants BENGALURU

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls system with reference to the Consolidated Financial Statements in so far as it relates to the subsidiary companies and associate companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, associates incorporated in India.

Notes to the Consolidated Financial Statements for the year ended 31 March 2022

1 **Company Overview**

1.1 **Reporting Entity**

The Company was incorporated on March 2n, 2015 to carry on the business of an investment Company and to invest, buy, sell, transfer, deal in and dispose of any Shares, stocks, debentures, whether perpetual or redeemable debentures, stocks, securities of any Government, Local, Authority, Bonds and Certificates. The Company received a certificate of registration dated 24 March 2017 from the Reserve Bank of India as a Non Banking Financial Institution - Non Deposit taking - Systemically Important Core Investment Company ("NBFC-CIC-ND-SI") under section 45ia of the Reserve Bank of India Act, 1934.

The company holds 100% investments in its wholly owned subsidiary company - Jana Holdings Limited (the Company). The wholly owned subsidiary company holds 42.84% of Equity shares in Jana Small Finance Bank being the Associate company.

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited (JCL). The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by letter dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1)(a) of the Act and rules made thereunder.

The Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad, vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with.

The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, Jana Holdings Limited arranged Rs.100 crores and made available part prepayment and part purchase of their NCDs from WOMI to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2021. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

1.2 **Statement of compliance**

These financial statements are Consolidated financial statements prepared in accordance with Indian Accounting Standards ("Ind AS"), the provisions of the Companies Act, 2013 ("the Act") (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

1.3 **Basis of preparation**

The Consolidated financial statements for the year ended 31 March 2022 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 **Principles of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiary together (referred to as ("Group") and Associates as at and for the year ended 31 March 2022. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Company gains control until the date the Company ceases to control the subsidiary.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LTD. BANGALORE

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Company's accounting policies.
The financial statements of all entities used for the purpose of consolidation are same reporting date as that of the parent company, i.e., year ended on March 31, 2022.

1.5 **Consolidation procedure:**

i. Combine like items of assets, liabilities, equity, income, and expenses of the parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

ii. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.

iii. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in line with the Company's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.
The financial statements of the following subsidiary company have been consolidated as per Ind AS 110 - Consolidated Financial Statements. Below mentioned subsidiary has been incorporated in India.

Name of Subsidiary	Country of Incorporation	% Holding as at March 31, 2022	% Holding as at March 31, 2021
Jana Holdings Limited	India	100%	100%

The Group has investments in the following associates, which are accounted under the Equity Method in accordance with the Ind AS 28 on Accounting for Investment in Associate in Consolidated Financial Statements as on March 31, 2022:-

Particulars	Details
Name of the Associate	Jana Small Finance Bank
Country of Incorporations	India
Ownership Interest (%)	42.84%
Investment as on March 31, 2021	13,23,395.76
Additional Investments during the year	6,59,999.06
Share of post acquisition Reserves & Surplus	(9,58,728.42)
(Impairment) / Impairment Reversal	3,72,886.21
Carrying	13,99,552.61

1.6 **Functional and Presentation currency**
These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.7 **Basis of measurement**
The Consolidated Financial statements have been prepared on a Historical cost basis.

1.8 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Consolidated financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made and, if material, their effects are disclosed in the notes to the financial statements.

The key estimates and assumptions used in preparation of consolidated financial statements are:

i. **Fair value of financial instruments**

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. Where the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

2 Significant accounting policies

The Company has applied the following accounting policies to all periods presented in these consolidated financial statements.

i. **Revenue recognition**

Dividend is recognised when the right to receive the dividend is established.

ii. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses, if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortised cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortised cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

K.S. RAO & CO. Chartered Accountants HYDERABAD

JARA CAPITAL LTD. BANGALORE

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non performance risk.

Where one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

iii. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

H. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:

a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and

b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

I. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

K.R. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL

vi. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortised cost in the balance sheet.

vii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

viii. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL. ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows.

• Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.

• Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.

• Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in subsidiary at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

ix. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Nature and purpose of reserves

(a) Securities Premium reserve
Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve
In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NBFCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period ended 31 March 22 as the Company has incurred losses.

(c) Retained Earnings
Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Contingent Liabilities and commitments

I	**Contingent Liabilities**	As at 31 March 2022	As at 31 March 2021
	Claims against the NBFC not acknowledged as debt	-	-
	Guarantees excluding financial guarantees	-	-

25 Earnings/ Loss per share (Rs. in thousands)

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	For the year ended 31 March 2022	For the year ended 31 March 2021
Net Loss as per the statement of Profit and Loss	(36,50,104.38)	(30,10,023.60)
Less: preference dividend after tax	-	-
Loss attributable to equity holders after preference dividend	(36,50,104.38)	(30,10,023.60)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(36,50,104.38)	(30,10,023.60)
Weighted average number of equity shares for basic EPS	27,04,181.00	27,04,181.00
Effect of dilution:		
Rights Shares issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	27,04,181.00	27,04,181.00
Basic loss per share (INR)	(1,349.80)	(1,113.10)
Diluted loss per share (INR)	(1,349.80)	(1,113.10)

26 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of INDAS 116, *A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to*
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard *If a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.*

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Janadhar India Private Limited and Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2021-2022. This is in line with the treatment adopted by the entity for the previous financial year 2020-2021.

28 Fair values of financial assets and financial liabilities

The fair value of other financial assets, cash and cash equivalents, investments, other payables, and other financial liabilities approximate the carrying amounts because of the nature of these financial instruments and their recorded amounts approximate fair values or are receivables or payables on demand.

The Debt securities has been amortized using the EIR method of measurement of financial liabilities.

29 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets as at March 31, 2022

(Rs. in thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Investment	-	-	13,99,552.61	13,99,552.61	13,99,552.61

Fair value measurement hierarchy of assets as at March 31, 2021

(Rs. in thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Investment	-	-	13,25,395.76	13,25,395.76	13,25,395.76

The carrying amount of cash and cash equivalents, other financial assets, other payables, other financial liabilities are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

JANA CAPITAL LIMITED BANGALORE

30 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, Trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in its associate company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

i Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the group.

ii Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in group. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews the performance of its investments in group.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount at amortised cost:

Investment in Associate As at 31 March 2022

(Rs. in thousands)

Carrying Amount	Investments during the year	Share in the Profit/(loss) of associates	Share in Other comprehensive income	Allowance for Impairment Loss	Carrying Amount and net of provision

Financial Asset			
Cash and cash equivalents	9,930.02	-	9,930.02
Bank balance other than cash and cash equi	7.44	-	7.44
Investment in Wholly owned Subsidiary	13,25,395.76	-	13,25,395.76
Other Financial Assets	1,819.73	-	1,819.73
Total	13,37,152.95	-	13,37,152.95

Expected credit loss on other financial assets

Security deposits represent other financial assets. Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount of receivable from the party. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of Rs. 17,737.23 thousands as at 31 March 2022 (31 March 2021: Rs. 9,930.02 thousands). The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

Other bank balances represent amount held towards Debenture subscription account amounting to Rs. 7.44 thousands as at 31 March 2022, (31 March 2021 - Rs. 7.44 thousands).

III Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by assuring the ability to meet its customers as they become due.
The liquidity risk can be either (i) institution specific or (ii) market specific.

I. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

II. Maturity pattern of financial assets and liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

JANA CAPITAL LIMITED BANGALORE

37 Disclosure on Proposed Merger with Wholly Owned Subsidiary

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited (JCL). The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by letter dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1)(b) of the Act and rules made thereunder.

The Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad, vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with.

The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, Jana Holdings Limited arranged Rs.100 crores and made available (part prepayment and part purchase of their NCDs from WDM) to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2023. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

38 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localized lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of Fiscal 2021. India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED BANGALORE

39 Capital to Risk Assets Ratio

Jana Holdings Limited (Wholly Owned Subsidiary Company) is a Non operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented.

For the year ended 31 March 2022, the Company CAR computed on consolidated basis is at (7.96%) which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company and invested as equity in bank, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above as per Note-37.

40 Net Owned Fund

Jana Holdings Limited (Wholly Owned Subsidiary Company) is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2022 which is in a deficit of INR 187,357 lakhs. The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above as per Note-37.

41 Breach of Leverage Ratio on a Standalone basis

The Wholly Owned Subsidiary Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 8.04 which is above the regulatory threshold of 1.25 on a standalone basis for the year ended 31 March 2022. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company has resulted in accumulated interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company had evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and had filed an application with Reserve Bank of India ("RBI") which has been explained above as per Note-37.

42 Going Concern Basis of Accounting

The Group incurred a net loss of INR 36,50,104.38 thousands during the year ended March 31, 2022 and has accumulated losses amounting to INR 3,18,20,553.31 thousands as of March 31, 2022 which has substantially eroded the net worth.

Further, the entity is in breach of regulatory requirements such as consolidated capital adequacy ratio, net owned fund and leverage ratios. (Refer note 39, 40 and 41 for detailed explanation regarding regulatory breaches). Above events, indicate that a material uncertainty exists that may cast significant doubt on Group's ability to continue as a going concern. However, the group had undertaken actions to raise further debt and equity as necessary to maintain sufficient liquidity, as a going concern. Further going concern appropriateness is considered based on the key changes in the Associate, such as return to profitability and maintenance of adequate liquidity surplus on an ongoing basis. Accordingly, the financial statements have been prepared under going concern assumption.

N.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED BENGALURU

43 The Company is a Core Investment Company CIC and its entire investment is in Jana Holdings Limited (JHL) and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DoR (NBFC).PD.003/03.10.119/2016-17 dated August 25, 2016, the Company is required to adhere to the prescribed Capital Requirements according to which the Adjusted Net Worth of a CIC shall at no point of time be less than 30% of its aggregate risk weighted assets on balance sheet and risk adjusted value of off balance sheet items as on the date of last audited balance sheet as at the end of the financial year. The Company has shortfall of the prescribed minimum requirement which is at 7.78% as of March 31, 2022.

The Core Investment Companies (Reserve Bank) Directions, 2016, further stipulate that the outside liabilities of a CIC-ND-SI shall at no point in time exceed 2.5 times its Adjusted Net Worth as on date of the last audited balance as at the end of the financial year. During the period ended March 31, 2022 the limit has been exceeded by 11.85 times.

The main reason for shortfall in the Capital Requirement and consequently in the Leverage Ratio of the Company is due to impairment of assets of the Company on account of accrual of interest on the Non-Convertible Debentures issued by Jana Holdings Limited, its wholly owned subsidiary. The Company will endeavour to address the shortfall by taking necessary steps.

44 The Comacny has not declared any dividend for the financial year ended March 31, 2022.

45 **Listing requirement for equity shares of Group Company**

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021 and received SEBI's approval to raise funds through IPO on July 12, 2021.

46 **Prior year comparatives**

Previous years figures have been regrouped/re-classified wherever necessary to correspond with the current year classification/disclosures.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Capital Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

1. We have audited the standalone financial statements of Jana Capital Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2023, Standalone statement of Profit and Loss, Standalone statement of changes in Equity and Standalone statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

2. In our opinion and to the best of our information and according to the explanations given to us except for the possible effects of the matter described in Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss, other total comprehensive income, changes in equity and cash flows for the year ended on that date.

Basis for Qualified Opinion

3. Referring to the note No. 34 (I) of the standalone financial statements, the Company is a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company. As on March 31, 2023, the adjusted net worth is (-) 558,829.60 % of its aggregate risk weighted assets which is less than the limit specified as per Section II of Master Direction DoR (NBFC). PD.003/03.10.119/2016-17 ("The Directions") dated August 25, 2016, and the outside liabilities of the Company as on March 31, 2023, is (-) 1 times of its adjusted Net worth which has not met the limit specified in the Directions.

4. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

2nd Floor, 'Khivraj Mansion', No.16/2, Kasturba Road, Bengaluru - 560001

Head office: Hyderabad; Branches; Chennai and Vijayawada.

Material Uncertainty Related to Going Concern

5. We draw attention to Note 30 of the standalone financial statements, which indicates that the Company incurred a net loss of Rs. 35,70,293.56 thousand during the year ended March 31, 2023, and has accumulated losses amounting to Rs. 34,13,535.92 thousand, as of that date, which has eroded its net worth. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company is in the process of raising additional funds as necessary to operate as a going concern. Accordingly, the standalone financial statements have been prepared under the going concern assumption.

   Our opinion is not modified in respect of this matter.

Key Audit Matters

6. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How the matter was addressed in our Audit
Impairment Assessment of Investment in wholly owned Subsidiary: The investment in the subsidiary is recorded at cost and is tested for impairment annually. On March 31, 2023, Investment in subsidiary amounts to Rs. 1,45,38,971.15 thousand (Previous year March 31, 2022: Rs. 1,37,88,972.36 thousand) against which total allowance of Rs. 1,45,38,971.15 thousand (till Previous year March 31, 2022: Rs. 1,14,27,529.39 thousand) was made towards impairment in the books of account due to which the investment value is NIL as of March 31, 2023. The annual impairment testing of value of investment in the subsidiary is considered to be a key audit matter due to the materiality of investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of investment based on complex assumptions, that by their nature imply the use of management's judgement, in particular with reference to identification of impairment indicators.	Our audit procedures to assess appropriateness of impairment test includes, but were not limited to the following; • Verified the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of impairment of Investment in subsidiary. • Evaluated the appropriateness of the assumptions considered and key inputs used in the assessment of impairment. • Verified completeness, arithmetical accuracy and validity of the data used in the impairment assessment. • Assessed the accuracy of the impairment loss and evaluated the adequacy of the disclosures in the standalone financial statements.

K.S. RAO & CO. Chartered Accountants BENGALURU

Information Other than the Standalone Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

   Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

   When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone financial statements:

8. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under sec 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the standalone financial statements, Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

10. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

K.S. RAO & CO. Chartered Accountants BENGALURU

Auditor's Responsibilities for the Audit of the standalone financial statements

11. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

12. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our Opinion is based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

K.S. RAO & CO. Chartered Accountants BENGALURU

13. Materiality is the magnitude of misstatements in the standalone financial stateiments that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

17. As required by Sec 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with schedule V to the Act.

18. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013, we give in "Appendix - **A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extend applicable.

19. As required by Section 143(3) of the Act, we report that:

    a) We have sought and except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the standalone financial statements.

    b) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

K.S. RAO & CO. Chartered Accountants BENGALURU

c) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, the aforesaid standalone financial statements dealt with by this report are in agreement with the books of account.

d) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

e) The matter described in Basis for Qualified Opinion section and Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the directors as on March 31, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Appendix-B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations except as disclosed in 13(d) of the standalone financial statements which would impact its financial position in its as of March 31, 2023.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv.

a. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries.

K.S. RAO & CO. Chartered Accountants BENGALURU

b. The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The Company has not declared any dividend during the year. Accordingly, disclosure under this clause is not applicable.

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

Appendix - A to the Independent Auditors' Report

The Appendix referred to in Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended March 31, 2023, we report that:

(i) In respect of Property, Plant and Equipment and Intangible Assets:

(a) According to the information and explanations given to us and on the basis of our examination of out records of the Company, the Company does not have Property, plant and equipment and intangible assets. Therefore, the provisions of paragraph 3 (i) of the Order are not applicable to the Company.

(ii) (a) The Company is Non-Banking Financial Company (NBFC) – Non-Deposit taking – Systematically Important- Core Investment Company (NBFC-ND-SI-CIC). Accordingly, it does not hold any physical inventories. Accordingly, the provisions stated in paragraph 3(ii) of the Order are not applicable to the Company.

(b) As per the information and explanations provided to us, the Company has not taken any working capital loan by providing security on current assets. Accordingly, disclosure under this clause is not applicable.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to any company, firm, Limited Liability Partnership or other parties listed in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Accordingly, clauses from (iii) (a) to (iii) (f) of paragraph 3 of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations given to us, the Company has not either directly or indirectly, granted any loan to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of section 185 of the Act. The Company has complied with Section 186(1) of the Act, in relation to investment made by the Company. The remaining provisions related to Section 186 of the Act do not apply to the Company as it is an NBFC.

(v) According to the information and explanations given to us, the Company has not accepted deposits and does not have any unclaimed deposits within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of the clause 3 (v) of the Order are not applicable.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Act for the business activities carried out by the Company. Accordingly, the provisions stated in paragraph 3 (vi) of the Order are not applicable to the Company.

K.S. RAO & CO. Chartered Accountants BENGALURU

(vii) In respect of statutory dues:

(a) According to the records of the Company, the Company is generally regular in depositing undisputed statutory dues payable including Provident Fund, Employees' State Insurance, Income Tax, Goods and Services Tax, and Cess and other material statutory dues as applicable to the Company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Services Tax, and Cess were in arrears as of March 31, 2023, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues in respect of income tax, sales tax, service tax, value added tax, goods and service tax, customs duty, excise duty, cess which have not been deposited on account of dispute.

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

(ix)

(a) In our opinion and according to the information and explanation provided us, the Company did not have any outstanding dues to debenture holders during the year. The Company does not have any loans or borrowings from any financial institutions, banks, governments during the year.

(b) According to the information and explanations provided to us, the Company has not been declared wilful defaulter by any bank or financial institution or other lender.

(c) The Company has applied the loans for which the loans were obtained.

(d) On an overall examination of standalone financial statements of the Company, the Company has not raised any funds on short-term basis. Accordingly, reporting under clause is not applicable for the Company.

(e) The Company has not raised any funds from any entity or person on account of or to meet the obligations of its subsidiary company or its associate Company. Accordingly, reporting under this clause not applicable.

(f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiary company. Accordingly, reporting under this clause is not applicable.

K.S. RAO & CO. Chartered Accountants BENGALURU

(x) (a) According to the information and explanations given by the management, the Company has not raised moneys by way of initial public offer or further public offer. However, money raised from debt instruments have been, prima facie, applied for the purposes for which they were raised.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the period.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) we have been informed by the management that there are no whistle blower complaints received by the Company during the year and upto the date of this report.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the books of account:

a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

K.S. RAO & CO Chartered Accountants BENGALURU

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him as referred to in section 192 of companies Act, 2013. Accordingly, paragraph 3(xv) of the Order is not applicable.

(xvi) (a) The Company is required to and has been registered under section 45 IA of the Reserve Bank of India Act, 1934 as NBFC-ND-SI-CIC.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid CoR from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is a Systematically Important Core Investment Company ("SI-CIC"). However, as mentioned in note 34 (II) of the standalone financial statements the asset size of the Company is below the specified limit as on March 31, 2023, due to the impairment accrued for investment in the Subsidiary Company.

(d) According to the information and explanation provided to us the Company has only one Core Investment Company.

(xvii) The Company has incurred cash losses of Rs. 4,58,851.81 thousand during the financial year covered by our audit and in the immediately financial year amounting to Rs. 3,15,162.93 thousand.

(xviii) There has been no resignation of statutory auditors during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, the matter specified in Material Uncertainty Related to Going Concern paragraph of our report, has causes us to believe that there is a material uncertainty as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

(xx) (a) The provision of Corporate Social Responsibility is not applicable for the Company. Accordingly, disclosure under clause 3 (xx) is not applicable for the Company.

K.S. RAO & CO. Chartered Accountants BENGALURU

(xxi) The reporting under clause 3(xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Appendix - B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Jana Capital Limited** ("the Company") as of March 31, 2023, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Managements Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

K.S. RAO & CO. Chartered Accountants BENGALURU

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial Control system over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2023, based on the internal control over financial reporting criteria established by the Institute of Chartered Accountants of India.

Notes to the standalone financial statements for the year ended 31 March 2023

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on March 26, 2015 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, stocks, securities of any Government, Local, Authority, Bonds and Certificates. The Company received a certificate of registration dated 24 March 2017 from the Reserve Bank of India as a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company ("NBFC-CIC-ND-SI") under section 45IA of the Reserve Bank of India Act, 1934.

The company holds 100% investments in its wholly owned subsidiary company - Jana Holdings Limited (the Company). The wholly owned subsidiary company holds 42.88% of Equity shares in Jana Small Finance Bank being the Associate company.

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required.

In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has obtained affidavits in the prescribed Formats from some of the creditors and shareholders for the merger. It is noted here that for want of the consent of one creditor constituting about 17.22% of the total creditors in value, due to which the earlier application was rejected, has during the current period provided their consent for the merger as the company has met their demand for providing the same.

The Company is working with the other creditors and shareholders for their consents. Upon the receipt of the same, the Company will file the application

with NCLT for merger and for seeking dispensation with the meeting of creditors and shareholders and follow the subsequent processes involved in the Merger.

1.2 Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Rules, 2016, notified under Section 133 of the Companies Act, 2013 (the 'Act'), other relevant provisions of the Act, guidelines issued by the Reserve Bank of India as applicable to a CICs and other accounting principles generally accepted in India.

Accounting policies have been consistently applied except where a newly issued Ind AS is initially adopted or a revision to an existing Ind AS required a change in the accounting policy hitherto in use. The standalone financial statements for the year ended March 31, 2023 were authorised for issue by the Board of Directors (BOD) on 29-05-2023.

1.3 Presentation of Standalone Financial Statements

The Standalone Balance Sheet, Statement of Standalone Profit and Loss and Statement of Standalone Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III of the Companies Act, 2013 (the 'Act'). The Statement of Standalone Cash Flows has been prepared and presented as per the requirements of Ind AS.

A summary of the significant accounting policies and other explanatory information is in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as specified under Section 133 of the Companies Act, 2013 (the 'Act') including applicable Indian Accounting Standards (Ind AS) and accounting principles generally accepted in India.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis.

1.4 Functional and Presentation currency

These Ind AS Financial Statements are presented in Indian Rupees in thousands (Rs.), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 Basis of measurement

The financial statements have been prepared on a historical cost basis.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED

1.6 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made and, if material, their effects are disclosed in the notes to the financial statements.

The key estimates and assumptions used in preparation of financial statements are;

i. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

2 Significant accounting policies

The Company has applied the following accounting policies to all periods presented in these financial statements.

i. Revenue recognition

Dividend is recognised when the right to receive the dividend is established.

ii. Financial assets and liabilities

a. Financial assets

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses, if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. Financial Liabilities

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realise the asset and settle the liability simultaneously.

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

III. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED

ii. Onerous contracts

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

iii. Contingencies related to claims, litigation, etc.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

iv. Income taxes

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. Current tax:

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:

a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and

b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

v. Earnings per share

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

vi. Cash and cash equivalents

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortised cost in the balance sheet.

vii. Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

K.S. RAO & CO

JANA CAPITAL LIMITED

viii. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.

ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in subsidiary at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

ix. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

* Management of the company has elected the to avail the exemption as per Ind AS 101 and measures the investment at Deemed cost i.e previous IGAAP carrying amount as on the Ind AS transition date i.e. April 01, 2017.

Based on the para 12 of Ind AS 36, there is an objective evidence of impairment based on the observable data with respect to investment made by the company in Jana Holdings Limited (JHL) based on the below mentioned factors:

i. The Company has invested in Jana Holdings Limited (JHL) [Wholly owned subsidiary] which is registered as Non Banking Financial Company – Non Operating Financial Holding Company ("NOFHC") and JHL holds investments only in Jana Small Finance Bank (JSFB) ("the Bank").

The Entity had performed the impairment test for its investments in wholly owned subsidiary entity - Jana Holdings Limited as on March 31, 2023 and accordingly impairment loss has been provided upto its carrying amount for the year ended March 31, 2023. Any impairment loss beyond the carrying amount shall be restricted and hence its been recorded at NIL value.

ii. JHL has reported a loss of INR 3,325,091.30 thousands during the FY 2022-2023.

iii. The fair value per share of JHL shares for the year ended 31 March 2023 has become negative as compared to INR 991.81 per share (31 March 2022) which is computed as per the book value method and hence the investments are recorded at NIL value.

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give internal strength to the balance sheets of the NBFCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the year ended 31 March 23 as the Company had incurred losses during the year.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to

(d) Contingent Liabilities and commitments

I Contingent Liabilities

JANA CAPITAL LIMITED

20 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	For the year ended 31-March-2023	For the year ended 31-March-2022
Net Loss as per the statement of Profit and Loss	(35,70,292.56)	(27,48,485.74)
Less: preference dividend after tax	-	-
Loss attributable to equity holders after preference dividend	(35,70,292.56)	(27,48,485.74)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(35,70,292.56)	(27,48,485.74)
Weighted average number of equity shares for basic EPS	27,04,181.00	27,04,181.00
Effect of dilution:		
Rights Shares issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	27,04,181.00	27,04,181.00
Basic loss per share (Rs.)	(1,320.29)	(1,016.38)
Diluted loss per share (Rs.)	(1,320.29)	(1,016.38)

21 Lease

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of INDAS 116, *A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to*
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- *Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.*

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2022-2023. This is in line with the treatment adopted by the entity for the previous financial year 2021-2022.

JANA CAPITAL LIMITED

23 **Fair values of financial assets and financial liabilities**

The fair value of other financial assets, cash and cash equivalents, investments, other payables, and other financial liabilities approximate the carrying amounts because of the nature of these financial instruments and their recorded amounts approximate fair values or are receivables or payables on demand.

The Debt securities has been amortised using the EIR method of measurement of financial liabilities.

24 **Fair value hierarchy**

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy as at March 31, 2023

(Amount are in Rs. thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	1,087.24	-	-	1,087.24	1,087.24
Bank balance other than cash and cash equivalents	7.44	-	-	7.44	7.44
Investment	-	-	-	-	-
Other Financial Assets	-	-	378.64	378.64	378.64
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	33,87,613.90	33,87,613.90	33,87,613.90
Other financial liabilities	-	-	510.00	510.00	510.00

Fair value measurement hierarchy as at March 31, 2022

(Amount are in Rs. thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	126.56	-	-	126.56	126.56
Bank balance other than cash and cash equivalents	7.44	-	-	7.44	7.44
Investment	-	-	23,61,442.97	23,61,442.97	23,61,442.97
Other Financial Assets	-	-	176.64	176.64	176.64
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	21,68,606.95	21,68,606.95	21,68,606.95
Other financial liabilities	-	-	9,504.80	9,504.80	9,504.80

based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

JANA CAPITAL LIMITED

25 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, Trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in its wholly owner subsidiary company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

I Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31-Mar-23	31-Mar-22
Variable rate borrowings	-	-
Fixed Rate of Borrowings	16.50%	16.50%
Total	0	16.50%

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

II Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in wholly owned subsidiary & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews the performance of its investments in wholly owned subsidiary.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

31-Mar-23 (Amount in thousands)

Particulars	Asset Group	Carrying Amount (Including additional investments)	Investments during the period	Allowance for Impairment Loss (Net of reversals)	Carrying Amount and net of provision
Investments in Wholly Owned Subsidiary	Investments at amortized cost	23,61,442.97	7,49,998.79	31,11,441.75	

K.S. RAO & CO. URU

JANA CAPITAL LIMITED

31-Mar-22 (Amount in thousands)

Particulars	Asset Group	Carrying Amount (including additional investments)	Investments during the period	Allowance for Impairment Loss	Carrying Amount net of provision
Investments in Wholly Owned Subsidiary	Investments at amortised cost	47,94,765.77	0	24,33,322.80	23,61,442.97

The below table shows the maximum exposure to credit risk by class of financial assets.

As at 31 March 2023 (Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	1,087.24	-	1,087.24
Bank balance other than cash and cash equivalents	7.44	-	7.44
Investment in Wholly owned Subsidiary	-	-	-
Other Financial Assets	378.64	-	378.64
Total	1,473.32	-	1,473.32

As at 31 March 2022 (Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	126.56	-	126.56
Bank balance other than cash and cash equi	7.44	-	7.44
Investment in Wholly owned Subsidiary	23,61,442.97	-	23,61,442.97
Other Financial Assets	176.64	-	176.64
Total	23,61,753.61	-	23,61,753.61

Expected credit loss on other financial assets

Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount of receivable from the party. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of Rs. 1,087.24 thousands as at 31 March 2023 (31 March 2022: Rs. 126.56 thousands). The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

Other bank balances represent amount held towards Debenture subscription account amounting to INR 7.44 thousands as at 31 March 2023, (31 March 2022 - INR 7.44 thousands).

iii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by assuring the ability to meet its liabilities as they become due.
The liquidity risk can be either (i) institution specific or (ii) market specific.

i. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

ii. Maturity pattern of financial assets and liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

28 Disclosure on Proposed Merger with Wholly Owned Subsidiary

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.
Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).
The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and with other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.
Upon the receipt of the same, the Company will file the application with NCLT under section 230-232 of the Companies Act, 2013 for the merger with a prayer to dispense with holding of meeting with the creditors and shareholders and pursue the subsequent steps involved for the amalgamation or, alternatively, file an application with RD under section 233 of the Companies Act, 2013 by following the fast track route of merger as may be applicable.

29 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID- 19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.
The impact of COVID-19, including changes in customer behaviour and pandemic from, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.
India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Groups results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

30 Going Concern Basis of Accounting

The Company has reported a net loss of Rs.35,70,293.56 thousands during the financial year 2022-2023 and has accumulated losses amounting to INR 34,12,535.91 thousands, as on March 31, 2023 which has eroded the net worth. Further, the Company has breached regulatory requirements such as Adjusted Net worth to Risk Weighted Assets and Leverage Ratio. The said events indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its financial obligations when fall due and continue its business for the foreseeable future. Accordingly, the financial statements have been prepared under going concern assumption.

31 Listing requirement for equity shares of Group Company

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021 and received SEBI's approval to raise funds through IPO on July 12, 2021.

34 i) Capital Management

The Company is a Core Investment Company CIC and its entire investment is in Jana Holdings Limited (JHL) and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DoR (NBFC).FD.003/03.10.119/2016-17 dated August 25, 2016, the Company is required to adhere to the prescribed Capital Requirements according to which the Adjusted Net Worth of a CIC shall at no point of time be less than 30% of its aggregate risk weighted assets on balance sheet and risk adjusted value of off balance sheet items. The Company for the year ended March 31, 2023 has breached the prescribed minimum requirement which is at (558,829.60%) as at March 31, 2023. (Refer Note-1 for the computation)
The Core Investment Companies (Reserve Bank) Directions, 2016, further stipulate that the outside liabilities of a CIC-ND-SI shall at no point in time exceed 2.5 times its Adjusted Net Worth as on date of the last audited balance as at the end of the financial year. During the year ended March 31, 2023 the ratio stands at negative 1 times. (Refer Note-2 for the computation)

Note-1:

A) Computation of Capital Adequacy Ratio (CAR)

Particulars	31-Mar-23	31-Mar-22
Adjusted Net Worth (A)	-33,86,494.11	1,83,799.44
Risk Weighted Assets (B)	606.00	23,61,877.97
Capital Adequacy Ratio (C) = A/B	-558829.60%	7.78%

B) Computation of Adjusted Net Worth

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Capital Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

1. We have audited the accompanying consolidated financial statements of Jana Capital Limited (hereinafter referred as "the Holding Company") and its subsidiary (Holding and its Subsidiary together called as "the Group"), its associate, which comprise the Consolidated Balance Sheet as at March 31, 2023, Consolidated statement of Profit and Loss, Consolidated statement of changes in Equity and Consolidated statement of Cash Flows for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

2. In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Group and its associate, as at March 31, 2023, its consolidated loss, other total comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

3. Referring to note 38 of the consolidated financial statements, Jana Holding company (wholly owned Subsidiary Company) is a Non-operating Financial Holding company ('NOFHC') of Jana Small Finance Bank limited ('JSFB' or 'the bank') and has no operations of its own. As per the RBI guidelines, the Company shall maintain minimum Capital Adequacy Ratio ('CAR') at a Consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline – New capital Adequacy Framework (NCAF) issued under Basel II framework and guidelines on implementation of Basel III Capital Regulation of India, when implemented. For the year ended March 31, 2023, the Company CAR computed basis is at (-) 4.17% which is below the regulatory minimum of 15%. The Consequential impact of such non-compliance on the consolidated financial statements is presently unascertainable.

4. Referring to the note 39 of the consolidated financial statements, the terms and conditions of Certificate of registration issued to the subsidiary by the RBI vide letter No. N-02.00275 dated January 27, 2017, requires subsidiary to comply with prescribed net owned funds requirement in accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the net owned funds of the

K.S. RAO & CO. Chartered Accountants BENGALURU
2nd Floor, 'Khivraj Mansion', No. 21, Kasturba Road, Bengaluru - 560001
Contact no: 8867441507, email: hitesh@ksrao.in
Head office: Hyderabad; Branches: Chennai and Vijayawada.

subsidiary as on March 31, 2023, is in a deficit of Rs. 225,469.55 lakhs on standalone basis which is below the regulatory minimum of Rs. 200 lakhs. The Consequential impact of such non-compliance on the Consolidated financial results is presently unascertainable.

5. Referring to the note 40 of the Consolidated financial statements, the wholly owned subsidiary company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of (-) 105.52 which has not met the regulatory threshold of 1.25 on a standalone basis for the year ended March 31, 2023. The Consequential impact of such non-compliance on the Consolidated financial results is presently unascertainable.

6. The Company has initially recognised goodwill on acquisition of Jana Holding Limited, amounting to Rs. 17,985 thousand, whose net worth have fully eroded as at March 31, 2023. Further, the Company has not performed any impairment test of goodwill. Accordingly, in view of current financial position of Jana Holding Limited and in the absence of sufficient appropriate audit evidence, we are unable to comment on the carrying value of the goodwill.

7. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

8. We draw attention to Note 41 in the Consolidated financial statement, which indicates that the Company incurred a net loss of Rs. 38,54,263.02 thousand during the year ended March 31, 2023, and has accumulated losses amounting to Rs. 3,56,74,816.33 thousand, as of that date, which has eroded its net worth. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company is in the process of raising additional funds as necessary to operate as a going concern. Accordingly, the consolidated financial statements have been prepared under-going concern assumption.

   Our opinion is not modified in respect of this matter.

Key Audit Matters

9. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

K.S. RAO & CO. BENGALURU

Key Audit Matters	How the matter was addressed in our Audit
Impairment Assessment of Investment in Associate: The investment in the Associate is accounted under equity method and is tested for impairment annually. On March 31, 2023, the carrying value of investment in associate is Rs. 23,23,261.45 thousand (as on March 31, 2022, Rs. 13,99,552.61 thousand). The annual impairment testing of carrying value of investment in the associate is considered to be a key audit matter due to the materiality of investment for the company and the fact that process and methodology for assessing and determining the recoverable amount of investment are based on complex assumptions, that by their nature imply the use of the management's judgment, in particular with reference to identification of impairment indicators.	Our audit procedures to assess appropriateness of impairment test includes, but were not limited to the following: • Verified the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment of Investment in associate. • Evaluated the appropriateness of the assumptions considered and key inputs used in the assessment of impairment. • Verified completeness, arithmetical accuracy and validity of the data used in the impairment assessment. • Assessed the accuracy of reversal of impairment loss and evaluated the adequacy of the disclosures in the consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon:

10. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

    Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

    In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

    When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

K.S. RAO & CO. Chartered Accountants BENGALURU

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements:

11. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors, The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its associate in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. The respective management and Board of Directors of the Group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

12. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

13. The respective management and Board of Directors of companies includes in the Group and of its associate are responsible for overseeing the financial reporting process of Group and of its associate.

Auditor's Responsibilities for the Audit of the consolidated financial statements:

14. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

15. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

K.S. RAO & CO. Chartered Accountants BENGALURU

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associate ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our Opinion is based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

16. We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

17. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

K.S. RAO & CO. Chartered Accountants BENGALURU

18. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter:

19. We did not audit the consolidated financial statements of wholly owned subsidiary company which reflects total consolidated assets of Rs. 23,27,332.16 thousand as at March 31, 2023, total consolidated revenue of Rs. 8,840.16 thousand for the year ended March 31, 2023, total consolidated net loss of Rs. 33,25,091.30 thousand excluding the share of loss in its associate amounting to Rs. 70,319.96 thousand are considered in the consolidated financial statements. These consolidated financial statements of the wholly owned subsidiary has been audited by the other auditor whose report has been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosure included in respect of the wholly owned subsidiary and our report in so far as it relates to the aforesaid wholly owned subsidiary is based solely on the report of the other auditor.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements:

20. As required by Section 143(3) of the Act, we report that to the extent applicable that:

a) We have sought and except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the Consolidated financial statements.

b) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, proper books of account as required by the Act relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

c) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, the aforesaid consolidated financial statements dealt with by this report are in agreement with the books of account maintained for the purpose of preparation of consolidated financial statements.

K.S. RAO & CO. Chartered Accountants BENGALURU

d) Except for the matters described in the Basis of Qualified Opinion paragraph specified above, in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

e) The matter described in Basis of Qualified Opinion and Material Uncertainty Related to Going Concern sections of our report, in our opinion, may have an adverse effect on the functioning of the Group.

f) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiary company and its associate, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary company and its associate company and the operating effectiveness of such controls, refer to our separate report in "Appendix-A".

h) In our opinion and according to the information and explanations given to us the remuneration paid during the current year by the Holding Company, to its directors is in accordance with the provisions of Section 197 of the Act read with Schedule V to the Act

i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations except as disclosed in 16(d) of the consolidated financial statements which would impact its financial position as at March 31, 2023;

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

K.S. RAO & CO. Chartered Accountants BENGALURU

iv.

a. The respective Managements of the Company and its subsidiaries has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries.

b. The respective Management of the Holding Company and its subsidiary has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The Group and its associate have not declared any dividend during the year. Accordingly, disclosure under this clause is not applicable.

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

K.S. RAO & CO. Chartered Accountants BENGALURU

21. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and based on our consideration of CARO reports issued by the respective auditor of the Subsidiary Company, we report that following adverse remarks has been made:

Appendix - A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction to the audit of consolidated financial statements of the Group and its associate as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to the consolidated financial statements of **Jana Capital Limited** ("the Holding Company"), its subsidiary and its associate company as of date.

Managements Responsibility for Internal Financial Controls

The respective management and Board of Directors of the Holding Company, its subsidiary and its associate company, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company, its subsidiary and its associate, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

K.S. RAO & CO. Chartered Accountants BENGALURU

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary and its associate have, in all material respects, an adequate internal financial Control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Institute of Chartered Accountants of India.

K.S. RAO & CO. Chartered Accountants BENGALURU

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls system with reference to the consolidated financial statements in so far as it relates to the subsidiary companies and associate companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, associates incorporated in India.

JANA CAPITAL LIMITED

Notes to the Consolidated Financial Statements for the year ended 31 March 2023

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on March 26, 2015 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, stocks, securities of any Government, Local, Authority, Bonds and Certificates. The Company received a certificate of registration dated 24 March 2017 from the Reserve Bank of India as a Non-Banking Financial Institution - Non-Deposit taking - Systemically important Core Investment Company ("NBFC-CIC-ND-SI") under section 45IA of the Reserve Bank of India Act, 1934.

The company holds 100% investments in its wholly owned subsidiary company - Jana Holdings Limited ('the Company'). The wholly owned subsidiary company holds 42.88% of Equity shares in Jana Small Finance Bank being the Associate company.

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the In-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

Upon the receipt of the same, the Company will file the application with NCLT under section 230-232 of the Companies Act, 2013 for the merger with a prayer to dispense with holding of meeting with the creditors and shareholders and pursue the subsequent steps involved for the amalgamation or, alternatively, file an application with RD under section 233 of the Companies Act, 2013 by following the fast track route of merger as may be applicable.

1.2 Statement of compliance

These financial statements are Consolidated financial statements prepared in accordance with Indian Accounting Standards ("Ind AS"), the provisions of the Companies Act, 2013 ("the Act") (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

1.3 Basis of preparation

The Consolidated financial statements for the year ended 31 March 2023 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 Principles of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiary together referred to as ("Group") and Associates as at and for the year ended 31 March 2023. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee.

V.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Company gains control until the date the Company ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Company's accounting policies.
The financial statements of all entities used for the purpose of consolidation are same reporting date as that of the parent company, i.e., year ended on March 31, 2023.

1.5 Consolidation procedure:

i. Combine like items of assets, liabilities, equity, income, and expenses of the parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

ii. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.

iii. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in line with the Company's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.
The financial statements of the following subsidiary company have been consolidated as per Ind AS 110 - Consolidated Financial Statements.
Below mentioned subsidiary has been incorporated in India

Name of Subsidiary	Country of Incorporation	% Holding as at March 31, 2023	% Holding as at March 31, 2022
Jana Holdings Limited	India	100%	100%

The Group has investments in the following associates, which are accounted under the Equity Method in accordance with the Ind AS 28 on Accounting for Investment in Associate in Consolidated Financial Statements as on March 31, 2023:-

Name of associates as on March 31, 2022	Country of Incorporations	Ownership Interest (%)	Investment as on March 31, 2022	Additional Investments during the year	Share of post acquisition Reserves & Surplus	(Impairment) / Impairment Reversal	Carrying Amount of Investments
Jana Small Finance Bank	India	42.88%	13,99,552.61	9,99,999.64	(76,290.80)	-	23,23,261.45

1.6 Functional and Presentation currency

These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

K.S. RAO & CO. Chartered Accountants HYDERABAD

JANA CAPITAL LIMITED

1.7 Basis of measurement

The Consolidated financial statements have been prepared on a historical cost basis.

1.8 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Consolidated financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made and, if material, their effects are disclosed in the notes to the financial statements.

The key estimates and assumptions used in preparation of consolidated financial statements are:

I. **Fair value of financial instruments**

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

2 Significant accounting policies

The Company has applied the following accounting policies to all periods presented in these consolidated financial statements.

I. **Revenue recognition**

Dividend is recognised when the right to receive the dividend is established.

II. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses, if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED

Financial assets at fair value through profit or loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **assets and financial**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

K.S. RAO & CO. Chartered Accountants

JANA CAPITAL LIMITED

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

iii. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

iv. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax:**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

K.S. RAO & CO. Chartered Accountants BENGALURU

JANA CAPITAL LIMITED

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

v. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.

vi. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

vii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

viii. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.
ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:
• Financial assets that are not credit impaired – as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
• Financial assets with significant increase in credit risk but not credit impaired – as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
• Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows
Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in subsidiary at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

ix. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Total Reserves and surplus	**(2,36,19,244.58)**	**(1,97,59,010.72)**

Nature and purpose of reserves

(a) Securities Premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NFBCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the year ended 31 March 23 as the Company had incurred losses during the year.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Contingent Liabilities and commitments

I Contingent Liabilities	As at 31 March 2023	As at 31 March 2022
Claims against the NBFC not acknowledged as debt	-	-
Guarantees excluding financial guarantees	-	-
Other money for which the NBFC is contingently Liable (Note-1)	1,17,84,657.63	64,84,838.36
Total	-	-

Note-1

Other money for which the entity is contingently liable represents the difference between Cap Rate and Floor rate for each series of non convertible debentures issued by the entity as agreed upon in the Debenture Trust Deed with the debenture holders detailed as under: Series L2 and P are in the nature of fixed interest rate and hence no contingent liabilities has been recognised.

24 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	For the year ended 31-March-2023	For the year ended 31-March-2022
Net Loss as per the statement of Profit and Loss	(38,54,263.02)	(36,50,104.38)
Less: preference dividend after-tax	-	-
Loss attributable to equity holders after preference dividend	(38,54,263.02)	(36,50,104.38)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	**(38,54,263.02)**	**(36,50,104.38)**
Weighted average number of equity shares for basic EPS	27,04,181.00	27,04,181.00
Effect of dilution:	-	-
Rights Shares Issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	**27,04,181.00**	**27,04,181.00**
Basic loss per share (Rs.)	(1,425.30)	(1,349.80)
Diluted loss per share (Rs.)	(1,425.30)	(1,349.80)

25 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Governement of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of INDAS 116, *A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to*
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard *If a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.*

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2022-2023. This is in line with the treatment adopted by the entity for the previous financial year 2021-2022.

27 Fair values of financial assets and financial liabilities

The fair value of other financial assets, cash and cash equivalents, investments, other payables, and other financial liabilities approximate the carrying amounts because of the nature of these financial instruments and their recorded amounts approximate fair values or are receivables or payables on demand.

The Debt securities has been amortised using the EIR method of measurement of financial liabilities.

28 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

JANA CAPITAL LIMITED

29 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, Trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in its wholly owner subsidiary company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

I Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31-Mar-23	31-Mar-22
Variable rate borrowings	-	-
Fixed Rate of Borrowings	16.50%	16.50%
Total	16.50%	16.50%

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

II Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in wholly owned subsidiary & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

Notes to the Consolidated financial statements for the year ended 31 March 2023

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews the performance of its investments in wholly owned subsidiary.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

31-Mar-23 (Amount in thousands)

Particulars	Asset Group	Carrying Amount (Including additional Investments)	Investments during the period	Share in the Profit/(loss) of associates	Share in Other comprehensive Income	Allowance for Impairment Loss (Net of reversals)	Carrying Amount and net of provision
Investments in Wholly Owned Subsidiary	Investments at amortized cost	13,99,552.61	9,99,999.64	(70,319.96)	(5,970.84)	-	23,23,261.45

31-Mar-22 (Amount in thousands)

Particulars	Asset Group	Carrying Amount (Including additional Investments)	Investments during the period	Share in the Profit/(loss) of associates	Share in Other comprehensive Income	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Wholly Owned	Investments at amortized cost	13,39,995.76	6,59,999.06	(9,01,618.04)	(57,109.78)	(3,72,886.21)	13,99,552.61

The below table shows the maximum exposure to credit risk by class of financial assets.

As at 31 March 2023 (Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	2,251.81	-	2,251.81

JANA CAPITAL LIMITED

As at 31 March 2022 (Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	17,737.23	-	17,737.23
Bank balance other than cash and c	7.44	-	7.44
Investment in Wholly owned Subsidi	13,99,552.61	-	13,99,552.61
Other Financial Assets	2,117.64	-	2,117.64
Total	**14,19,414.93**	-	**14,19,414.93**

Expected credit loss on other financial assets

Security deposits are measured at amortized cost. Based on the past trends, the Company has not written off any amount of receivable from the party. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of Rs. 2,251.81 thousands as at 31 March 2023 (31 March 2022: Rs. 17,737.23 thousands). The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

Other bank balances represent amount held towards Debenture subscription account amounting to INR 7.44 thousands as at 31 March 2023, (31 March 2022 - INR 7.44 thousands).

Note-29 continued

iii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by assuring the ability to meet its liabilities as they become due.

The liquidity risk can be either (i) institution specific or (ii) market specific.

i. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

ii. Maturity pattern of financial assets and liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

As at 31 March 2023

36 Disclosure on Proposed Merger with Wholly Owned Subsidiary

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(b) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

Upon the receipt of the same, the Company will file the application with NCLT under section 230-232 of the Companies Act, 2013 for the merger with a prayer to dispense with holding of meeting with the creditors and shareholders and pursue the subsequent steps involved for the amalgamation or, alternatively, file an application with RD under section 233 of the Companies Act, 2013 by following the fast track route of merger as may be applicable.

K.S. RAO & CO. BENGALURU

JANA CAPITAL LIMITED

37 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID 19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID- 19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government-mandated or elected by us.

38 Capital to Risk Assets Ratio

Jana Holdings Limited is a Non operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented.

For the year ended 31 March 2023, the CAR computed on consolidated basis is at (4.17%) which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company and invested as equity in bank, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above.

39 Net Owned Fund

Jana Holdings Limited is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking Financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2023 being (INR 225,469.55 lakhs). The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above.

40 Breach of Leverage Ratio on a Standalone basis

Jana Holdings Limited is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of (105.52) which has not met the regulatory threshold of 1.25 on a standalone basis for the year ended 31 March 2023. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company has resulted in accumulated interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company had evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and had filed an application with Reserve Bank of India ("RBI") which has been explained above.

41 Going Concern Basis of Accounting

The Group has reported a net loss of Rs.3,854,263.02 thousands during the financial year 2022-2023 and has accumulated losses amounting to INR 35,674,816.33 thousands, as on March 31, 2023 which has substantially eroded the net worth. The said events indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its financial obligations when fall due and continue its business for the foreseeable future. Accordingly, the financial results have been prepared under going concern assumption.

K.S. RAO & CO. Chartered Accountants BENGALURU

42 Listing requirement for equity shares of Group Company

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021 and received SEBI's approval to raise funds through IPO on July 12, 2021.

43 Prior year comparatives

Previous years figures have been re-grouped/re-classified wherever necessary to correspond with the current year classification/disclosures.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Capital Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the Standalone Financial Statements ("the Statements") of Jana Capital Limited ('The Company') which comprise the Balance Sheet as at 31 March 2024, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. Referring to the Note No. 35 of the Statement, the Company is a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company as on March 31, 2024 and the Company has negative net worth of Rs 1,395.74 Crores.

   (a) The Adjusted Net Worth of the Company is negative 311.67 % of its aggregate risk weighted assets which is less than the limit of minimum 30% specified as per Section II of Master Direction DoR (NBFC). PD.003/03.10.119/2016-17 ("The Directions") dated August 25, 2016 and subsequently updated as at August 29, 2023; and

   (b) The outside liabilities of the Company as on March 31, 2024 is negative 1.32 times of its adjusted Net worth against the limit of 2.5 times specified in the Directions.

   Accordingly, we are unable to comment on the impact of the above if any and Consequential impact on the Statement.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru – 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

Material Uncertainty Related to Going Concern

We draw attention to Note No. 31 in the Standalone Financial Statements, which indicates that the Company incurred a net loss of Rs. 1,057.09 crores during the year ended 31 March 2024 and has accumulated losses amounting to Rs. 2,624.81 crores, as of that date, which has significantly eroded its Net Worth. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2024 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast doubt on Company's ability to continue as a going concern. However, the company has been raising additional funds as necessary to operate as a going concern. Accordingly, the Standalone Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

1. We draw attention to Note No. 32 of the Statement wherein, as per the Small Finance Bank Licensing Guidelines issued by the RBI, the equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking bunness i.e., March 27, 2021. The IPO of equity shares of Jana Small Finance Bank Ltd has been completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

2. We draw attention to Note No. 33 (i) to the Statement about the reduction in short-term inter-corporate loan liability of Rs. 1093.80 Crores to Jana holding Limited ("the Subsidiary") and the same is due to complete waiver and not to claim any dues from the Subsidiary as per agreed terms between the Company and the Subsidiary and there by the same has resulted in expenditure in the Books of Account of the Company.

3. We draw attention to Note No. 33 (ii) to the Statement, wherein the Company purchased Debentures issued on private placement basis initially by the fully owned subsidiary company, from the Wholesale Debt Market before the due date at face value and the same were redeemed by the fully owned subsidiary company with full value on the due date. On account of this transaction, the Company made a profit of Rs. 989.82 Crores which is shown under Revenue from Operations in the Statement.

4. We draw attention to Note No. 33 (iii) to the Statement, wherein the Company issued fresh debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed by the existing investors at an investor IRR of 49% to be accrued annually as agreed to in the Debenture trust deed signed between the company and the debenture trustee. Further, as per the information and explanation provided to us, under the circumstances existing then, the company had no option but to agree to the said investor IRR 49% for fulfilling its obligation to redeem NCDs that were falling due in order to avoid default due to non-repayment. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover the fair value for accounting purposes.

Our opinion is not modified in respect of this matter.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru – 560 001.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Subsidiary

Refer Note No. 04 to the Standalone Financial Statement with respect to the disclosures of Investment in the Subsidiary.

The Investment in the subsidiary is recorded at cost and is tested for Impairment annually. On 31 March 2024, Investment in the subsidiary amounts to Rs. 2371.79 crores (Previous year 31 March 2023: Rs. 1453.89 crores) against which total allowance for Impairment Loss of Rs. 1,935.67 crores (till previous year March 31, 2023 is Rs. 1453.89 Crores).

Basis for Measurement:

Investments represent the shares invested in its subsidiary company, Jana Holdings Limited. The subsidiary company has further invested in its Jana Small Finance Bank ("the Associate"). The IPO of equity shares of Jana Small Finance Bank Ltd was completed and now the shares are listed on the stock exchanges with effect from 14th February 2024. The fair market value of shares of Jana Small Finance Bank as on March 31, 2024 is at Rs. 409.60 and accordingly the investments of the Subsidiary are valued at fair market value as per IND AS 28-Investment in Associates and Joint Ventures and presented

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru – 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

under Investments at Fair Value through profit or loss. This resulted in impairment in the value of investment reflected in the Subsidiary financial statements which has consequential effect in the Investments of the company.

The annual Impairment testing of value of Investment in the subsidiary is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

a. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.

b. The Review of the management's Impairment assessment and assessment of the reasonableness of judgements and assumptions used in such Impairment assessment.

c. The Assessment of the accuracy of the Impairment loss and evaluation of the adequacy of the disclosures in the Standalone Financial Statements.

Our opinion is not modified in respect of the above matters.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and designing, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), in terms of sub-section (11) of section 143 of the Act, we give in the "Appendix A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information and explanations given to us, the remuneration paid by the Company to its Directors is within the limits laid down under Section 197 read with Schedule V of the Act and the rules thereunder.

3. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c. The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report, are in agreement with the books of account.
   d. Except for the matter described in the Basis of Qualified Opinion section here in above, in our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru – 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

e. The matter described in Basis of Qualified Opinion section here in above and the Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Company.

f. On the basis of the written representations received from the Directors as on 31 March 2024 taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March 2024 from being appointed as a Director in terms of Section 164 (2) of the Act.

g. With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Appendix- B".

h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company does not have any pending litigations which would impact its financial position as at 31 March 2024.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

4.

a. The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

b. The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru – 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

c. Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

5. The Company has not declared any dividend during the Year.

6. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

   As Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from 1 April, 2023, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 on presentation of Audit Trail as per the Statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.

Appendix A - Statement on the matters specified in paragraphs 3 and 4 of the companies (Auditor's Report) Order, 2020 ("CARO"/The Order) to Independent Auditor's report of even date on the standalone financial statements of M/s. Jana Capital Limited for the year ended 31st March 2024.

Based on the audit procedure performed for the purpose of reporting a true and fair view on the Standalone Financial Statements of Jana Capital Limited ("*The Company*") and taking into consideration the information and explanations given to us and the books of account and other records examined by us in a normal course of audit, and to the best of our knowledge and belief, we report that:

(i) In respect of the Property, Plant and Equipment and Intangible Assets: According to the Information and the explanation provided to us and on the basis of our examination of the records, the company doesn't have property, plant and equipment and Intangible Assets. Therefore, the provisions of paragraph 3(i) of the order are not applicable to the company.

(ii)

(a) The Company is Non- Banking Financial Company ('NBFC') Non- Deposit taking-Systematically Important- Core Investment Company (NBFC-ND-SI-CIC). Accordingly, it does not hold any physical inventories. Accordingly, the reporting requirements stated in the clause 3(ii) of the order are not made.

(b) As per the information and the explanations provided to us, the company has not taken any working capital loan by providing security on current assets. Accordingly, disclosure under this clause is not applicable.

(iii) The Company, during the year in respect of the loans, or advances in the nature of loans, secured or unsecured granted, investments made, or providing of guarantees by the Company to companies, firms, limited liability partnerships or other parties, including the parties covered under the provisions of Section 2(76) of the Act. Our Opinion on the matters specified as per this clause is as under:

(a) The company had provided a short-term unsecured loan of Rs.1,093.80 crores to the Subsidiary, to meet the repayment obligations of the NCDs issued by it. The outstanding balance of the said short-term loan as at the balance sheet date is Nil due to the complete waiver of the loan by the Board.

(b) The Company had made Equity Investment in the Subsidiary during the current year as per the terms and conditions of agreement which are, prima facie not prejudicial to the Company's Interest.

The short-term unsecured loan of Rs.1,093.80 lent to the Subsidiary during the year is given at an interest rate of 6.84% per annum, which is substantially lower than the cost of funds to the Company and is prejudicial to the interest of the company.

(c) As per the terms of the agreement, the short-term unsecured loan of Rs.1,093.80 along with the interest thereon shall be paid back to the lender by the borrower within one year. However, on the basis of the request made by the Subsidiary for the waiver of the short-term loan, the Board of Directors of the Company, waived the same. Hence, reporting under this sub clause is not applicable.

(d) The Company doesn't have amounts overdue for more than ninety days and hence reporting under this sub clause is not applicable.

(e) The company has not given any loan or advance in the nature of loan granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.

(f) The company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) In our opinion and according to the information and explanations given to us, the Company has not either directly or indirectly, granted any loan to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of section 185 of the Act. The Company has complied with Section 186(1) of the Act, in relation to investment made by the Company. The remaining provisions related to Section 186 of the Act do not apply to the Company as it is an NBFC. Therefore, the provisions of paragraph 3(iv) of the order are not applicable to the company.

(v) The Company has not accepted any deposits or amounts which are deemed to be Deposits and hence compliance with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 and other applicable provisions of the Companies Act, 2013 and the Rules framed thereunder are not applicable. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal against this Company in any matter relating to the deposits. Therefore, the provisions of paragraph 3(v) of the order are not applicable to the company.

(vi) The Maintenance of Cost records has not been specified by the Central Government u/s 148 (1) of the Act for the business activities carried by the Company. Accordingly, the requirements under clause 3(vi) of the order are not applicable to the Company.

(vii)

a. According to the Information and explanations given to us and the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts in respect of the above statutory dues as at March 31, 2024 outstanding for a period of more than six months from the date they became payable.

b. There were no material dues on account of disputed statutory liabilities referred to in sub-clause (a), which have not been deposited.

(viii) The Company has not surrendered or disclosed any transactions, previously unrecorded as income in the Books of Account in the Income Tax assessments under the Income Tax Act, 1961, as income of the Company during the year.

(ix)

a. The Company has no loans except borrowings by way of debentures and there are no defaults in repayments of debentures including interest there on during the year to the debenture holders.

b. The Company is not a declared wilful defaulter by any Bank or Financials Institution or Other lenders.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru - 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

c. The Company has applied the loans for the purpose for which the said loans were obtained.

d. According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short-term basis which are used for long term purposes by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

e. The Company has raised funds by way of debentures which is utilized to meet the obligations of the Subsidiary and an investment of Rs. 917.89 crores during the year has been invested in Equity shares of the Subsidiary and for the waiver of Inter Corporate Loan of Rs. 1093.80 Crores (a part amount) given to the Subsidiary. The company has also subscribed to the Debentures of the Subsidiary in the secondary market amounting to Rs. 1050.50 Crores during the year.

(x)

a. The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence the reporting requirements under the clause 3(x)(a) is not made.

b. The Company has not made any preferential allotment or private placement of shares or fully, partially, optionally convertible debentures during the year and hence the reporting requirements under the clause 3(x)(b) is not made.

(xi)

a. In our opinion, no fraud by the Company or any fraud on the Company has been noticed or reported during the year and hence the reporting requirements under the clause 3(xi)(a) is not made and as per clause 3(xi)(b) for filing report under sub-section (12) of Section 143 of the Act by the Auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government does not arise.

b. In our opinion, the Company has not received any whistle – Blower complaints during the year as per the records maintained for the purpose and hence the impact of the same on the Standalone Financial Statements is Nil.

(xii) The Company is not a Nidhi Company and hence compliance requirements applicable to Nidhi companies as per clause 3(xii)(a), (b) and (c) are not applicable.

(xiii) In our opinion, all the transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and the details of the transactions have been disclosed in the Standalone Financial Statements as required by the applicable Accounting Standards.

(xiv)

a. The Company has an Internal Audit system commensurate with the size and nature of its business.

b. We have considered the Internal Audit reports of the Company issued till date, for the period under audit.

(xv) In our opinion, the Company has not entered into any non-cash transactions with its Directors or persons connected with them and hence, the compliance with the provisions of Section 192 of the Companies Act, 2013 is not applicable.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru - 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

(xvi)

a. The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as NBFC-ND-SI-CIC.
b. The Company has not conducted any Non-Banking Financial or Housing Finance activities during the year without obtaining a valid CoR form the Reserve Bank of India
c. The Company is a Systematically Important Core Investment Company ("SI-CIC"). It has obtained registration with the RBI and continues to fulfil the criteria of a CIC.
d. According to the information and the explanation provided to us, the Group has only one CIC as part of the Group.

(xvii) The Company has incurred cash losses in the financial year to the tune of Rs. 575.30 crores and in the immediately preceding financial year to the tune of Rs.45.88 crores. However, we observe that there is interest accrued on debentures during the year, which is the part of the cash losses for the year and is due & payable at the time of redemption of such debentures.

(xviii) There has been resignation of Statutory Auditors during the year and we have taken in to consideration the issues, objections/ concerns raised by the outgoing auditors.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, the matter specified in Material Uncertainty Related to Going Concern paragraph of our report, has causes us to believe that there is a material uncertainty as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE 'B' – The Report on the Internal Financial Controls under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Standalone Financial Statements of M/S. JANA CAPITAL LIMITED

We have audited the internal financial controls with reference to Standalone Financial Statements of Jana Capital Limited ("the Company") as of 31st March 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements includes obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

No. 204 and 205, 2nd Floor, "Ramanashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru - 560 001.
e-mail : info@raoemmar.com | Ph. No. 80500 78815

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at March 31, 2024, based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Notes to the standalone financial statements for the year ended 31 March 2024

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on March 26, 2015 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, stocks, securities of any Government, Local, Authority, Bonds and Certificates. The Company received a certificate of registration dated 24 March 2017 from the Reserve Bank of India as a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company ("NBFC-CIC-ND-SI") under section 45IA of the Reserve Bank of India Act, 1934.

The company holds 100% investments in its wholly owned subsidiary company - Jana Holdings Limited ('the Company'). The wholly owned subsidiary company holds 22.54% of Equity shares in Jana Small Finance Bank being the Associate company.

The Board in its meeting held on October 21, 2019, and December 06, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

Jana Capital Limited, transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 13th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in-principle approval for merger given by them through their letter dated 10th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

1.2 Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Rules, 2016, notified under Section 133 of the Companies Act, 2013 (the 'Act'), other relevant provisions of the Act, guidelines issued by the Reserve Bank of India as applicable to a CICs and other accounting principles generally accepted in India.

Accounting policies have been consistently applied except where a newly issued Ind AS is initially adopted or a revision to an existing Ind AS required a change in the accounting policy hitherto in use. The standalone financial statements for the year ended March 31, 2024 were authorised for issue by the Board of Directors (BOD) on 17th May 2024.

1.3 Presentation of Standalone Financial Statements

The Standalone Balance Sheet, Statement of Standalone Profit and Loss and Statement of Standalone Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III of the Companies Act, 2013 (the 'Act'). The Statement of Standalone Cash Flows has been prepared and presented as per the requirements of Ind AS.

A summary of the significant accounting policies and other explanatory information is in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as specified under Section 133 of the Companies Act, 2013 (the 'Act') including applicable Indian Accounting Standards (Ind AS) and accounting principles generally accepted in India.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis.

1.4 Functional and Presentation currency

These Ind AS Financial Statements are presented in Indian Rupees in thousands (Rs.), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 **Basis of measurement**

The financial statements have been prepared on a historical cost basis.

1.6 **Significant areas of estimation, critical judgments and assumptions in applying accounting policies**

The preparation of financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made and, if material, their effects are disclosed in the notes to the financial statements.

The key estimates and assumptions used in preparation of financial statements are:

I. **Fair value of financial instruments**

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., at exit prices) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

2 **Significant accounting policies**

The Company has applied the following accounting policies to all periods presented in these financial statements.

I. **Revenue recognition**

Dividend is recognised when the right to receive the dividend is established.

II. **Financial assets and liabilities**

A. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses, if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as "accounting mismatch").

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortised cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as "active" if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

III. **Provisions and contingencies related to claims, litigation, etc**

A provision is recognized if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost.

a. Onerous contracts

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. Contingencies related to claims, litigation, etc.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

iv. Income taxes

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. Current tax:

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:
a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities, and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

v. Earnings per share

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.
Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti dilutive.

vi. Cash and cash equivalents

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

vii. Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

viii. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.

ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired – as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired – as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in subsidiary at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment ("loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

ix. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NFBCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period ended 31 March 2024 as the Company has made losses.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

Total	310.80	70.80	453.30	787.60	633.30

21 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	For the year ended 31-Mar-2024	For the year ended 31-March-2023
Net Profit / (Loss) as per the statement of Profit and Loss	(1,05,70,921.29)	(35,70,293.56)
Less: preference dividend after-tax		
Loss attributable to equity holders after preference dividend	(1,05,70,921.29)	(35,70,293.56)
Add: Interest on convertible preference shares		
Loss attributable to equity holders adjusted for the effect of dilution	(1,05,70,921.29)	(35,70,293.56)
Weighted average number of equity shares for basic EPS	27,04,181.00	27,04,181.00
Effect of dilution:		
Rights Shares issued		
Weighted average number of equity shares adjusted for the effect of dilution	27,04,181.00	27,04,181.00
Basic loss per share (Rs.)	(3,909.10)	(1,320.29)
Diluted loss per share (Rs.)	(3,909.10)	(1,320.29)

22 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs notification.

- As per Para 5 of INDAS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard If a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridhatan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss for the period April 2023 to March-2024. This is in line with the treatment adopted by the entity for the previous financial year 2022-2023.

24 Fair values of financial assets and financial liabilities

The fair value of other financial assets, cash and cash equivalents, investments, other payables, and other financial liabilities approximate the carrying amounts because of the nature of these financial instruments and their recorded amounts approximate fair values or are receivables or payables on demand.

The Debt securities has been amortised using the EIR method of measurement of financial liabilities.

25 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis.

Fair value measurement hierarchy as at March 31, 2024

(Amount are in Rs. thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	12,972.11	-	-	12,972.11	12,972.11
Bank balance other than cash and cash equi	7.44	-	-	7.44	7.44
Investment	-	-	43,61,112.77	43,61,112.77	43,61,112.77
Other Financial Assets	-	-	1,714.17	1,714.17	1,714.17
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	1,84,47,987.13	1,84,47,987.13	1,84,47,987.13
Other financial liabilities	-	-	330.00	330.00	330.00

Fair value measurement hierarchy as at March 31, 2023

(Amount are in Rs. thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	1,087.24	-	-	1,087.24	1,087.24
Bank balance other than cash and cash equi	7.44	-	-	7.44	7.44
Investment	-	-	-	-	-
Other Financial Assets	-	-	378.64	378.64	378.64
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	33,87,613.90	33,87,613.90	33,87,613.90
Other financial liabilities	-	-	510.00	510.00	510.00

The carrying amount of cash and cash equivalents, other financial assets, other payables, other financial liabilities are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the includes of unobservable inputs including own and counterparty credit risk.

34 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, Trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in its wholly owner subsidiary company, cash and cash equivalents, balances in bank other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

I **Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) **Interest rate risk**

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

(b) **Foreign currency risk**

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

II **Credit risk**

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in wholly owned subsidiary & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews the performance of its investments in wholly owned subsidiary.

(All amounts are rupees in thousands, unless otherwise stated)
Notes to the standalone financial statements for the year ended 31 March 2024

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

31-Mar-24

(Amount in thousands)

Particulars	Asset Group	Carrying Amount (Including additional investments)	Investments during the period	Allowance for impairment Loss (Net of reversals)	Carrying Amount and net of provision
Investments in Wholly Owned Subsidiary	Investments at amortised cost	0.00	91,78,936.91	48,17,824.16	43,61,112.77

31-Mar-23

(Amount in thousands)

Particulars	Asset Group	Carrying Amount (Including additional investments)	Investments during the period	Allowance for impairment Loss	Carrying Amount and net of provision
Investments in Wholly Owned Subsidiary	Investments at amortised cost	23,61,442.97	7,49,999	31,11,441.75	0.00

The below table shows the maximum exposure to credit risk by class of financial assets.

As at 31 March 2024

(Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	12,973.11	-	12,973.11
Bank balance other than cash and cash equivalents	7.44	-	7.44
Investment in Wholly owned Subsidiary	43,61,112.77	-	43,61,112.77
Other Financial Assets	1,714.17	-	1,714.17
Total	**43,75,807.50**	-	**43,75,807.50**

As at 31 March 2023

(Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	1,087.24	-	1,087.24
Bank balance other than cash and cash equivalents	7.44	-	7.44
Investment in Wholly owned Subsidiary	-	-	-
Other Financial Assets	378.64	-	378.64
Total	1,473.32	-	1,473.32

Expected credit loss on other financial assets

Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount of receivable from the party. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of Rs. 12,973.11 thousands as at 31 March 2024 (31 March 2023: Rs. 1,087.24 thousands). The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

Other bank balances represent amount held towards Debenture subscription account amounting to INR 7.44 thousands as at 31 March 2024, (31 March 2023 - INR 7.44 thousands).

Note 26 continued

iii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Assuring and managing liquidity needs are vital for effective operation of the Company by ensuring the ability to meet its liabilities as they become due. The liquidity risk can be either (i) institution specific or (ii) market specific.

I. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and constituted are as per RBI guidelines and mentioned by the Board.

II. Maturity pattern of financial assets and liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

As at 31 March 2024

29 Disclosure on Proposed Merger with Wholly Owned Subsidiary

The Board in its meeting held on October 11, 2019, and December 09, 2019, approved fast-track merger for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirements of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferee and the Transferor Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

Jana Capital Limited, transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 230 of the Companies Act, 2013 and, as such, the provisions of Section 230(1)(b) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the interim, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

However, the Company, in the interim, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024, the Board of both the companies passed resolution in their meetings held on 15th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in-principle approval for merger given by them through their letter dated 10th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

30 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government-mandated or elected by us.

31 Going Concern Basis of Accounting

The Company has reported a net Loss of Rs. (1,05,70,921.25 thousands) for the year ended March 31, 2024 and has accumulated losses amounting to (Rs.2,62,48,032.26 thousands), as on March 31, 2024 and has substantially eroded the net worth. Further, the Company has breached regulatory requirements such as Adjusted Net worth to Risk Weighted Assets and Leverage Ratio as explained below. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its financial obligations when fall due and continue its business for the foreseeable future. Accordingly, the financial results have been prepared under going concern assumption.

32 Listing requirement for equity shares of Group Company

As per Small Finance Bank Licensing Guidelines issued by the RBI, the equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The IPO of equity shares of Jana Small Finance Bank Ltd. has been completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

33 Other Important matters

(i) Note on waiver of loan to Jana Holdings Limited:

Jana Capital Limited provided a short-term loan of Rs.1,092.88 crores to Jana Holdings Limited, its wholly owned subsidiary, to meet the repayment obligations of the NCDs issued by it. It transpired from the review of Jana Holdings Limited that it had planned to repay the short-term loan by selling a part of its holding in Jana Small Finance Bank in which the entire investment of Jana Holdings Ltd., is held. Jana Small Finance Bank was expected to be listed on the Stock Exchange by November 2023. However, the IPO could not be launched by Jana Small Finance Bank for want of requisite regulatory approvals on time and in effect the listing had been completed with effect from 14th February 2024. Because of the delay in the launch of the IPO by Jana Small Finance Bank, Jana Holdings Limited was unable to sell its shares in the open market and repay the loan. In the above-mentioned circumstances, Jana Holding Limited found it difficult to repay the short-term loan to its Holding Company and it, therefore, sought a waiver of the short term loan along with finance accrued thereon from the beginning from Jana Capital Ltd., its holding company. Since it is a transaction between the wholly owned subsidiary and its holding Company, such a waiver would not impact other shareholders in any manner. Further, such a waiver helped Jana Holdings Limited obviate the difficulties that would have arisen on the failure to meet its financial commitments. After due consideration of the request made by Jana Holdings Limited for the waiver of the short term loan, the Board of Directors of Jana Capital Limited, its Holding Company, waived the same in the best interest of its wholly owned subsidiary.

(ii) The Company purchased Debentures issued by the fully owned subsidiary company on private placement basis initially, from the Whole sale Debt market before the due date at face value and the same were redeemed by the fully owned subsidiary company with full value on the due date. On account of this transaction, the company made a profit of Rs. 98.82 cr which is shown under Revenue from operations in the financials.

(iii) The Company issued fresh debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed by the existing investors at an investor IRR of 4% to be accrued annually as agreed to in the Debenture trust deed signed between the company and the debenture trustee . Under the circumstances existing then ,the company had no option but to agree to the said investor IRR 4% for fulfilling its obligation to redeem NCDs that were falling due in order to avoid default due to non-repayment. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover the fair value for accounting purposes.

35 i) Capital Management

The Company is a Core Investment Company CIC and its entire investment is in Jana Holdings Limited (JHL) and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DoR (NBFC) PD.003/03.10.119/2016-17 dated August 25, 2016, the Company is required to adhere to the prescribed Capital Requirements according to which the Adjusted Net Worth of a CIC shall at no point of time be less than 30% of its aggregate risk weighted assets on balance sheet and risk adjusted value of off balance sheet items. The Company for the period ended March 31, 2024 has breached the prescribed minimum requirement which is at -311.67% as at March 31, 2024. (Refer Note-1 for the computation).
The Core Investment Companies (Reserve Bank) Directions, 2016, further stipulate that the outside liabilities of a CIC-ND-SI shall at no point in time exceed 2.5 times its Adjusted Net Worth as on date of the last audited balance as at the end of the financial year. During the period ended March 31, 2024 the ratio stands at -1.32 times thereby below the prescribed limits. (Refer Note-2 for the computation)

Note-1:

A) Computation of Capital Adequacy Ratio (CAR)

Particulars	31-Mar-24	31-Mar-23
Adjusted Net Worth (A)	(1,39,57,415.39)	(33,86,494.11)
Risk Weighted Assets (B)	44,78,207.82	606.00
Capital Adequacy Ratio (C) = A/B	-311.67%	-558829.60%

B) Computation of Adjusted Net Worth

Particulars	31-Mar-24	31-Mar-23
Paid Up Equity Capital	27,041.81	27,041.81
Other Equity	(1,39,84,457.20)	(34,13,535.92)

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Capital Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of Jana Capital Limited (hereinafter referred to as 'the Holding Company'/'the Company') and its subsidiary "Jana Holdings Limited" (Holding and its subsidiary together called as "the Group"), Jana Small Finance Bank Limited, its Associate, which comprise the Consolidated Balance Sheet as at 31 March 2024, and the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "the consolidated financial statements").

In our opinion and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its Associate as at 31 March 2024, of consolidated loss, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Qualified Opinion

1. The Company is a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company as on March 31, 2024 and the Company has negative net worth of Rs 1,395.74 Crores.

   (a) The Adjusted Net Worth of the Holding Company (on Standalone basis) is negative 311.67 % of its aggregate risk weighted assets which is less than the limit of minimum 30% specified as per Section II of Master Direction DoR (NBFC). PD.003/03.10.119/2016-17 ("The Directions") dated August 25, 2016 and subsequently updated as at August 29, 2023; and

   (b) The outside liabilities of the Holding Company (on Standalone basis) as on March 31, 2024 is negative 1.32 times of its adjusted Net worth against the limit of 2.5 times specified in the Directions.

   Accordingly, we are unable to comment on the impact of the above if any and Consequential impact.

2. The terms and conditions of the Certificate of registration issued to the subsidiary by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, the Net Owned Funds of Subsidiary Company as on 31 March, 2024, is in a Deficit of Rs. 485.94 Crores, which is below the regulatory minimum of Rs. 200 Lakhs.

3. The Holding Company has initially recognized goodwill on acquisition of the Subsidiary amounting to INR 17,985 thousand, whose net worth has fully eroded as on March 31, 2024. Further the Company has not performed any test of Impairment of Goodwill. Accordingly in view of the current Financial Position of the Subsidiary and in the absence of sufficient and appropriate audit evidence we are unable to comment on the carrying value of the Goodwill.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group and its Associate in accordance with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and the relevant provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note No.41 in the Consolidated Financial Statements, which indicates that the Group incurred a net loss of Rs. 18.32 crores during the year ended 31 March 2024 and has accumulated losses amounting to Rs. 3,585.80 crores, as of that date, which has significantly eroded its Net Worth. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2024 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast doubt on Company's ability to continue as a going concern. However, the company has been raising additional funds as necessary to operate as a going concern. Accordingly, the Consolidated Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

1. We draw attention to Note No. 42 of the Consolidated Financial Statements wherein, as per the Small Finance Bank Licensing Guidelines issued by RBI, the equity shares of the Associate are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The IPO of equity shares of the Associate has been completed and the shares are listed on the stock exchanges with effect from 14 February 2024.

2. We draw attention to Note No. 38 (n) to the Consolidated Financial Statements about the reduction in short-term inter-corporate loan liability of Rs. 1093.80 Crores to the Subsidiary. The said reduction is due to a complete waiver and not claiming any dues in respect of the said loan as per agreed terms between the Company and the Subsidiary and this has thereby resulted in expenditure in the Books of

Account of the Company.

3. We draw attention to Note No. 38 (iii) to the Consolidated Financial Statements, wherein the Holding company purchased Non-Convertible Debentures (NCD's) issued on private placement basis initially by the Subsidiary, from the Wholesale Debt Market before the due date at face value and the NCD's were redeemed by the Subsidiary at full value on the due date. On account of this transaction, the Company made a profit of Rs. 989.82 Crores which is shown under Revenue from Operations in the Consolidated Financial Statements.

4. We draw attention to Note No. 38 (iv) to the Consolidated Financial Statements, wherein the Group issued fresh NCD's during the year on private placement basis to raise money mainly for redemption of other debentures that were falling due. The said NCD's were subscribed by the existing investors at an investor IRR of 49% to be accrued annually as agreed to in the Debenture Trust Deed signed between the Company and the Debenture Trustee. Further, as per the information and explanation provided to us, under the circumstances existing then, the Company had no option but to agree to the said investor IRR 49% for fulfilling its obligation to redeem NCDs that were falling due in order to avoid default due to non-repayment. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover the fair value for accounting purposes.

5. We draw attention to Note no. 36 of the Statement, which describes the merger of the Company with Jana Holdings Limited, its subsidiary.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Subsidiary

Refer Note No.04 to the Consolidated Financial Statement with respect to the disclosures of Investment in the Subsidiary.

The Investment in the Associate is recorded at cost and is tested for Impairment annually along with the share of Profit/Loss from the Associate. On 31 March 2024, Investment in the Associate amounts to Rs. 463.60 Crores (Previous year 31 March 2023: 195.04 crores) against which allowance for Impairment Loss for the Year is to the extent of Rs.463.60 crores (Reversal of Impairment Loss for the Last Year Rs. 37.29 Crores). The Impairment loss recognized during the year on account of Market value of the share which are listed and accordingly the investments are valued at Fair market value provided for Rs. 463.59 crores as at 31 March, 2024 only to the extent of Investment carrying value as on 31st March, 2024.

Basis for Measurement:

The Company's Investments represent the shares invested in the Subsidiary. The Subsidiary has further invested in the Group's Associate. The IPO of equity shares of the Associate has been completed and the shares are listed on the stock exchanges with effect from 14 February 2024. The fair market value of shares of the Associate as on March 31, 2024 is Rs. 409.60 and accordingly the Subsidiary's Investments are valued at fair market value as per IND AS 28 - Investment in Associates and Joint Ventures and presented under Investments at Fair Value through profit or loss. This has resulted in impairment in the value of the Subsidiary's Investments reflected in the Subsidiary's Standalone Financial Statements which has consequential effect in the Consolidated Financial Statements.

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment and the fact that process and methodology for assessing and determining the recoverable amount of Investments are based on certain assumptions, that by their nature imply the use of the Management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

a. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.

b. The Review of the Management's Impairment assessment and assessment of the reasonableness of judgements and assumptions used in such Impairment assessment.

c. The Assessment of the accuracy of the Impairment loss and evaluation of the adequacy of the disclosures.

Our opinion is not modified in respect of the above matters.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Annual Report, but does not include the Consolidated Financial Statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the Consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and its Associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the Companies included in the Group and its Associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and designing, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the Consolidated Financial Statements.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the Company's included in the Group and of its Associate are responsible for assessing the Group's ability and of its Associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the Group and its Associate are also responsible for overseeing the Group's financial reporting process and of its Associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

No. 204 and 205, 2nd Floor, "Ramaniashree Arcade"
Near Trinity Circle, M.G. Road, Bengaluru - 560 001.
e-mail : info@raoemmar.com | Ph. No. 80520 78615

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group and the Associate has internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability and of its Associate to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Associate to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the consolidated financial statements / financial information of the Subsidiary and the Associate whose financial Statements reflects total consolidated assets of Rs. 569.50 Crores as at March 31, 2024, total consolidated revenue of Rs. 1123.30 Crores for the year ended March 31, 2024, total consolidated Net loss of Rs. 460.42 Crores excluding the share of profit in its associate amounting to Rs. 250.63 Crores are considered in the consolidated financial statements. These consolidated financial statements of the Subsidiary have been audited by the other auditor whose report has been furnished to us by the Management and our

opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosure included in respect of the Subsidiary our report in so far as it relates to the aforesaid Subsidiary is based solely on the report of the other auditor.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, except for the matters described in the Basis of Qualified Opinion paragraph specified above, proper books of account as required by law relating to the preparation of the aforesaid Consolidated Financial Statements have been kept in so far as it appears from our examination of those books.

   c. Except for the matters described in the Basis of Qualified Opinion paragraph specified above, the Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flows dealt with by this Report, are in agreement with the books of account.

   d. Except for the matter described in the Basis of Qualified Opinion section here in above, in our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   e. The matter described in Basis of Qualified Opinion section here in above and the Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Companies included in the Group and its Associate.

   f. On the basis of the written representations received from the Directors of the Company as on 31 March 2024 taken on record by the Board of Directors of the Company and the reports of the Subsidiary and the Associate, none of the Directors are disqualified as on 31 March 2024 from being appointed as a Director in terms of Section 164 (2) of the Act.

   g. With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements of the Group and its Associate and the operating effectiveness of such controls, refer to our separate Report in "Appendix A".

   h. In our opinion and the information and explanations given to us the remuneration paid during the current year by the Holding Company to its Directors is in accordance with the provisions of Section 197 of the Act read with Schedule V of the Act;

   i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best

of our information and according to the explanations given to us:

(i) There were no pending litigations which would impact the Consolidated financial position as at 31 March 2024.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

(iv)

a) The respective Managements of the Holding company and its subsidiary has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

b) The respective Managements of the Company and its subsidiary has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Group from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or the Subsidiary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

(v) The Group and the Associate has not declared any dividend during the Year. Accordingly, disclosure under this clause is not applicable.

(vi) Based on our examination which included test checks, the Group has used an accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant

transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

(vii) As Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from 1 April, 2023, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 on presentation of Audit Trail as per the Statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.

(viii) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and based on our consideration of CARO reports issued by the respective auditor of the Subsidiary Company, we report that following adverse remarks have been made:

APPENDIX 'A' – THE REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB- SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT") TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF M/S. JANA CAPITAL LIMITED

We have audited the internal financial controls with reference to Consolidated Financial Statements of Jana Capital Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

Management's Responsibility for Financial Controls

The Respective Management of the Companies included in the Group and its Associate are responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Consolidated Financial Statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Companies' and policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's and the Associate's internal financial controls with reference to Consolidated Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements includes obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that pertain to

i. the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group and its Associate are being made only in accordance with authorizations of management and directors of the Group and its Associate; and
iii. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its Associate has, in all material respects, an adequate internal financial control with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2024, based on the internal controls with reference to Consolidated Financial Statements criteria established by the Group and its Associate considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under section 143(3)(1) of the Act on the adequacies and operative effectiveness of the Internal Financial Control System with reference to the consolidated financial statements in so far as it relates to the Subsidiary and Associate, which are companies incorporated in India, is based on the Corresponding Reports of Auditors of such subsidiaries and associates incorporated in India.

Notes to the Consolidated Financial Statements for the year ended 31 March 2024

Notes:

1 **Company Overview**

1.1 **Reporting Entity**

The Company was incorporated on March 26, 2015 to carry on the business of an investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, stocks, securities of any Government, Local, Authority, Bonds and Certificates. The Company received a certificate of registration dated 24 March 2017 from the Reserve Bank of India as a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company (NBFC-CIC/ND-SI") under section 45IA of the Reserve Bank of India Act, 1934.

The company holds 100% investments in its wholly owned subsidiary company - Jana Holdings Limited ('the Company'). The wholly owned subsidiary company holds 22.54% of Equity shares in Jana Small Finance Bank being the Associate company.

The Board in its meeting held on October 21, 2019, and December 09, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferee and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 232 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 15th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in-principle approval for merger given by them through their letter dated 10th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

1.2 **Statement of compliance**

These financial statements are Consolidated financial statements prepared in accordance with Indian Accounting Standards ("Ind AS"), the provisions of the Companies Act, 2013 ("the Act") (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

1.3 **Basis of preparation**

The Consolidated financial statements for the year ended 31 March 2024 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 **Principles of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiary together referred to as ("Group") and Associates as at and for the year ended 31 March 2024. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Company gains control until the date the Company ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Company's accounting policies.

The financial statements of all entities used for the purpose of consolidation are same reporting date as that of the parent company, i.e., year ended on March 31, 2024.

Notes:

1.5 Consolidation

I. Combine like items of assets, liabilities, equity, income, and expenses of the parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

II. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.

III. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non controlling interests, even if this results in the non controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in line with the Company's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.
The financial statements of the following subsidiary company have been consolidated as per Ind AS 110 - Consolidated Financial Statements.
Below mentioned subsidiary has been incorporated in India

Name of Subsidiary	Country of Incorporation	% Holding as at March 31, 2024	% Holding as at March 31, 2023
Jana Holdings Limited	India	100%	100%

The Group has investments in the following associates, which are accounted under the Equity Method in accordance with the Ind AS 28 on Accounting for Investment in Associate in Consolidated Financial Statements as on March 31, 2024 -

Name of associates as on March 31, 2024	Country of Incorporation	Ownership Interest (%)	Investment as on March 31, 2023	Additional Investments during the year	Share of post acquisition Reserves & Surplus	(Impairment) / Impairment Reversal	Carrying Amount of Investments
Jana Small Finance Bank	India	12.54%	22,23,161.45	-	36,85,586.16	-30,08,647.61	0.00

1.4 Functional and Presentation currency

These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 Basis of measurement

The Consolidated financial statements have been prepared on a historical cost basis.

1.6 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Consolidated financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made and, if material, their effects are disclosed in the notes to the financial statements.

The key estimates and assumptions used in preparation of consolidated financial statements are:

I. **Fair value of financial instruments**

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

JANA CAPITAL LIMITED

Notes:

2 **Significant accounting policies**

The Company has applied the following accounting policies to all periods presented in these consolidated financial statements.

i. **Revenue recognition**

Dividend is recognized when the right to receive the dividend is established.

ii. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses, if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:
- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

JANA CAPITAL LIMITED

Notes:

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

III. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

IV. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax:**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

JAMA CAPITAL LIMITED

Notes:

h. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

v. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

vi. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

vii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

viii. **Impairment of financial assets**

The Company recognizes impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.
ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in subsidiary at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

ix. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CODM include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

JANA CAPITAL LIMITED

Total Reserves and surplus	**(2,36,23,112.54)**	**(2,36,19,244.58)**

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

JANA CAPITAL LIMITED
CIN: U67100KA2015PLC079488
2nd Floor, No. 80, 5th Cross, 4th Main, Maruthi Extension Bangalore 560021
(All amounts are rupees in thousands, unless otherwise stated)
Notes to the Consolidated financial statements for the year ended 31 March 2024

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NFBCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the year ended 31 March 24 as the Company had incurred losses during the year.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Contingent Liabilities and commitments

i Contingent Liabilities

	As at 31 March 2024	As at 31 March 2023
Claims against the NBFC not acknowledged as debt	-	-
Guarantees excluding financial guarantees	-	-
Other money for which the NBFC is contingently Liable (Note-1)	5,24,438.24	1,17,84,657.63
Total	5,24,438.24	1,17,84,657.63

Note-1

Other money for which the entity is contingently liable represents the difference between Cap Rate and Floor rate for each series of non convertible debentures issued by the entity as agreed upon in the Debenture Trust Deed with the debenture holders detailed as under:
Series L2 and P are in the nature of fixed interest rate and hence no contingent liabilities has been recognised.

Series	Floor Rate	Cap Rate	Difference in Rate	31-Mar-24	31-Mar-23
A	16.50%	49.00%	32.50%	-	35,77,259.13
B1	16.50%	49.00%	32.50%	3,51,639.98	1,15,685.95
B2	16.50%	49.00%	32.50%	1,72,798.26	54,934.58
A	16.50%	25.00%	8.50%	-	5,49,796.51

25 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	For the year ended 31-March-2024	For the year ended 31-March-2023
Net Loss as per the statement of Profit and Loss	(1,83,177.24)	(38,54,263.02)
Less: preference dividend after tax	-	-
Loss attributable to equity holders after preference dividend	(1,83,177.24)	(38,54,263.02)
Add: interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(1,83,177.24)	(38,54,263.02)
Weighted average number of equity shares for basic EPS	27,04,181.00	27,04,181.00
Effect of dilution:		
Rights Shares issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	27,04,181.00	27,04,181.00
Basic loss per share (Rs.)	(67.74)	(1,425.30)
Diluted loss per share (Rs.)	(67.74)	(1,425.30)

26 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of INDAS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for lessee) to
  (a) short term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard If a lessee elects not to apply the requirements in paragraphs 22-49 to either short term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2023-2024. This is in line with the treatment adopted by the entity for the previous financial year 2022-2023.

28 Fair values of financial assets and financial liabilities

The fair value of other financial assets, cash and cash equivalents, investments, other payables, and other financial liabilities approximate the carrying amounts because of the nature of these financial instruments and their recorded amounts approximate fair values or are receivables or payables on demand.

The Debt securities has been amortized using the EIR method of measurement of financial liabilities.

29 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

JANA CAPITAL LIMITED
CIN: U67100KA2015PLC079488
2nd Floor, No. 80, 5th Cross, 4th Main, Maruthi Extension Bangalore 560021
(All amounts are rupees in thousands, unless otherwise stated)
Notes to the Consolidated Financial statements for the year ended 31 March 2024

Other financial liabilities	-	-	605.00	605.00	605.00

Fair value measurement hierarchy of assets as at March 31, 2023

(Amount are in Rs. thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	2,251.81	-	-	2,251.81	2,251.81
Bank balance other than cash and cash equivalents	7.44	-	-	7.44	7.44
Investment	-	-	22,22,261.45	22,22,261.45	22,22,261.45
Other Financial Assets	-	-	2,347.64	2,347.64	2,347.64
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	2,59,32,960.82	2,59,32,960.82	2,59,32,960.82
Other financial liabilities	-	-	845.00	845.00	845.00

calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

30 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, Trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in its wholly owner subsidiary company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

i Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

ii Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in wholly owned subsidiary & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews the performance of its investments in wholly owned subsidiary.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

Particulars	Asset Group	Carrying Amount (Including additional investments)	Investments during the period	Share in the Profit/(loss) of associates	Share in Other comprehensive income	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Associate	Investments at amortized cost	18,36,666.40	9,99,999.64	(70,319.96)	(1,970.84)	(3,72,885.21)	23,23,261.43

The below table shows the maximum exposure to credit risk by class of financial assets.

As at 31 March 2024

(Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	67,839.14	-	67,839.14
Bank balance other than cash and cash	7.44	-	7.44
Investment in Wholly owned Subsidiary	-	-	-
Other Financial Assets	3,425.43	-	3,425.43
Total	71,272.00	-	71,272.00

As at 31 March 2023

(Amount in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	2,251.81	-	2,251.81
Bank balance other than cash and cash	7.44	-	7.44
Investment in Wholly owned Subsidiary	23,23,261.45	-	23,23,261.45
Other Financial Assets	2,347.64	-	2,347.64
Total	23,27,868.34	-	23,27,868.34

Expected credit loss on other financial assets

Security deposits are measured at amortized cost. Based on the past trends, the Company has not written off any amount of receivable from the parts. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance

The Company holds a consolidated cash and cash equivalents and bank balance of INR 67,839.14 thousands as at 31 March 2024 (31 March 2023: Rs. 2,251.81 thousands). The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

Other bank balances represent amount held towards Debenture subscription account amounting to INR 7.44 thousands as at 31 March 2024, (31 March 2023 - INR 7.44 thousands).

JAMA CAPITAL LIMITED

Note-30 continued

III Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by assuring the ability to meet its liabilities as they become due. The liquidity risk can be either (i) institution specific or (ii) market specific.

I. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

II. Maturity pattern of financial assets and liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

As at 31 March 2024

36 Disclosure on Proposed Merger with Wholly Owned Subsidiary

The Board in its meeting held on October 21, 2019, and December 09, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 19th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are already listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 15th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has requested the RBI to let us know as to whether the in-principle approval for merger given by them through their letter dated 19th August 2020 would suffice to go ahead with the merger process afresh. The company would abide by the advice of the RBI and work on the merger process accordingly.

37 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID-19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

38 Other Matters;

(i) Capital to Risk Assets Ratio

The Company Jana Holdings Limited being a wholly owned subsidiary of Jana Capital Limited is a Non operating Financial Holding Company ("NOFHC") and has its investments in its associate entity Jana Small Finance Bank Limited ("JSFB" or "the Bank"). As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II Framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented. For the year ended March 31, 2024 the Consolidated CAR of Jana Holdings Limited is at 15.94% which is greater than the regulatory minimum of 15%.

(ii) Note on waiver of loan to Jana Holdings Limited:

Jana Capital Limited provided a short term loan of Rs.1,092.80 crores to Jana Holdings Limited, its wholly owned subsidiary, to meet the repayment obligations of the NCDs issued by it. It consulted from the request of Jana Holdings Limited that it had planned to repay the short-term loan by selling a part of its holding in Jana Small Finance Bank in which the entire investment of Jana Holdings Ltd., is held. Jana Small Finance Bank was expected to be listed on the Stock Exchange by November 2023. However, the IPO could not be launched by Jana Small Finance Bank for want of requisite regulatory approvals on time and in effect the listing had been completed with effect from 14th February 2024. Because of the delay in the launch of the IPO by Jana Small Finance Bank, Jana Holdings Limited was unable to sell its shares in the open market and repay the loan. In the above-mentioned circumstances, Jana Holding Limited found it difficult to repay the short-term loan to its Holding Company and it, therefore, sought a waiver of the short-term loan along with interest accrued thereon from the beginning from Jana Capital Ltd., its holding company. Since it is a transaction between the wholly owned subsidiary and its Holding Company, such a waiver would not impact other stakeholders in any manner. Further, such a waiver helped Jana Holdings Limited obviate the difficulties that would have arisen by the failure to meet its financial commitments. After due consideration of the request made by Jana Holdings Limited for the waiver of the short-term loan, the Board of Directors of Jana Capital Limited, its Holding Company, waived the same in the best interest of its wholly owned subsidiary.

(iii) The Company purchased Debentures issued by the fully owned subsidiary company on private placement basis initially, from the Whole sale Debt market before the due date at face value and the same were redeemed by the fully owned subsidiary company with full value on the due date. On account of this transaction, the company made a profit of Rs. 889.82 cr which is shown under Revenue from operations in the financials.

(iv) The Company issued fresh debentures during the year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said debentures were subscribed by the existing investors at an investor IRR of 4% to be accrued annually as agreed to in the Debenture trust deed signed between the company and the debenture trustee . Under the circumstances existing then ,the company had no option but to agree to the said investor IRR 4% for fulfilling its obligation to redeem NCDs that were falling due in order to avoid default due to non-repayment. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover the fair value for accounting purposes.

(All amounts are rupees in thousands, unless otherwise stated)
Notes to the Consolidated financial statements for the year ended 31 March 2024

39 Net Owned Fund

Jana Holdings Limited is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 300 Lakhs to carry on the business of a non-banking financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2024 being (INR 485.94 crores). The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

To resolve the issue, the Company evaluated the option to merge with Jana Capital Limited (the holding Company and a Core Investment Company) and accordingly filed an application with the Regional Director, MCA, Hyderabad, the position of which has been explained above as part of Note-36.

40 Breach of Leverage Ratio on a Standalone basis

Jana Holdings Limited is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 1.21 times which is below the regulatory threshold of 1.25 times on a standalone basis for the year ended 31 March 2024.

41 Going Concern Basis of Accounting

The Group has reported a net loss of INR 19.32 crores during the financial year 2023-2024 and has accumulated losses amounting to INR 3,585.80 crores, as on March 31, 2024 which has substantially eroded the net worth. The said events indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its financial obligations when fall due and continue its business for the foreseeable future. Accordingly, the financial results have been prepared under going concern assumption at a consolidated level.

42 Listing requirement for equity shares of Group Company

As per Small Finance Bank Licensing Guidelines issued by the RBI, the equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The IPO of equity shares of Jana Small Finance Bank Ltd. has been completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

43 Prior year comparatives

Previous years figures have been re-grouped/re-classified wherever necessary to correspond with the current year classification/disclosures.

Independent Auditor's Review Report on the unaudited quarterly financial results and year to date financial results of Jana Capital Limited pursuant to Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors
Jana Capital Limited

1. We have reviewed the accompanying statement of unaudited financial results of Jana Capital Limited ('the Company') for the quarter and Nine Months ended December 31, 2024 ("the Statement") being submitted by the Company pursuant to the requirements of Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 'Interim Financial Reporting' ("Ind AS 34"), as prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.

2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free from material misstatement. A review is limited primarily to enquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion:

3. Referring to the Note No. 4 of the statement, the Company is a Non-Banking Financial Institution - Non- Deposit taking - Systemically Important Core Investment Company. As on December 31, 2024, the Company has negative net worth of Rs. 2,065.42 Crores.

   Accordingly, the Company has not maintained the capital requirements and leverage ratio as indicated below:

   a. The Adjusted Net Worth of the Company is negative 771.51 % of its aggregate risk weighted assets which is less than the limit of minimum 30% specified as per Section II of Master Direction DoR (NBFC). PD.003/03.10.119/2016-17 ("The Directions") dated August 25, 2016, and subsequently updated as of August 29, 2023; and

b. The outside liabilities of the Company as on December 31, 2024, is negative 1.14 times of its adjusted Net worth against the limit of 2.5 times specified in the Directions.

Accordingly, we are unable to comment on the impact of adjustment if any and consequential impact on the Statement.

Qualified Conclusion:

4. Based on our review as conducted above, except for the possible effects of the matter described in Basis for Qualified Conclusion section, nothing has come to our attention that cause us to believe that the statement which is prepared in accordance with applicable Indian Accounting Standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 including the manner in which it is required to be disclosed, or that it contains any material misstatement.

Material Uncertainty relating to Going Concern:

5. We draw attention to the statement, which indicates that the Company made a net loss of Rs. 669.67 Crores during the Nine months ended 31 December 2024. The Company has accumulated losses amounting to Rs. 3, 294.48 Crores, as of that date, which has significantly eroded its Net Worth. Further, the Company is in breach of certain regulatory financial parameters as of 31 December 2024 as stated here in above, in the Basis of Qualified Conclusion section. These conditions indicate that a material uncertainty exists that may cast doubt on Company's ability to continue as a going concern. However, the Company has been raising additional funds as necessary to operate as a going concern. Accordingly, the statement has been prepared under the going concern assumption.

Our Conclusion is not modified in respect of the above matter.

Emphasis of Matter:

6. We draw attention to the Statement, wherein the Company has issued NCDs during the previous year on private placement basis to raise money mainly for redemption of debentures that were falling due. The said NCDs were subscribed by the then existing investors at an investor IRR of 49% to be accrued annually as agreed to in the Debenture trust deed signed between the Company and the Debenture Trustee. Further, as per the information and explanation provided to us, under the circumstances existing then, the Company had no option but to agree to the said investor IRR of 49% for fulfilling its obligation to redeem NCDs that were falling due in order to avoid default due to non-repayment. The said investor IRR agreed to is an outlier and the same is not to be found among the market rates which help discover the fair value for accounting purposes.

7. We draw attention to Note No. 5 of the Statement, which describes the merger of the Company with Jana Holdings Limited which is a wholly owned Non-Operating Financial Holding Company.

Our Conclusion is not modified in respect of the above matters.

STANDALONE UNAUDITED FINANCIAL RESULTS FOR THE PERIOD ENDED 31 DECEMBER 2024
REGULATION 52(1) AND (2) OF THE LISTING REGULATIONS

(₹ in INR '000s)

Notes:

1. The Company is a Non-Banking Financial Institution - Non-Deposit taking - Systemically Important Core Investment Company ("NBFC-CIC ND-SI") under section 45-IA of the Reserve Bank of India Act, 1934 registered on March 24, 2017.

2. The financial results for the period ended December 31, 2024 have been reviewed by the Audit Committee and recommended for adoption to the Board of Directors. The Board of Directors of the Company have considered and approved the same in its meeting held on 03 February 2025.

3. The financial results of the Company have been prepared in accordance with Indian Accounting Standards ("Ind As") notified under Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016, prescribed under Section 133 of the Companies Act 2013 ("the Act") read with relevant rules issued thereunder and other accounting principles generally accepted in India.

4. The Company is a Core Investment Company CIC and its entire investment is in Jana Holdings Limited (JHL) and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DoR (NBFC).PD.003/03.10.119/2016-17 dated August 25, 2016, the Company is required to adhere to the prescribed Capital Requirements according to which the Adjusted Net Worth of a CIC shall at no point of time be less than 30% of its aggregate risk weighted assets on balance sheet and risk adjusted value of off balance sheet items. The Company has breached the prescribed minimum requirement which is at (771.51%) as at December 31, 2024.
The Core Investment Companies (Reserve Bank) Directions, 2016, further stipulate that the outside liabilities of a CIC-ND-SI shall at no point in time exceed 2.5 times its Adjusted Net Worth as on date of the last audited balance as at the end of the financial year. During the period ended December 31, 2024 the ratio stands at (1.14) times thereby below the prescribed limits.

5. The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks. Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).
The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.
However, the Company, in the meanwhile, received a request from Jana Small Finance Bank Limited (JSFB) regarding the merger and, due to certain commercial considerations, the Company has decided to put the merger on hold till the listing process of the Jana Small Finance Bank is completed. Now that JSFB shares are listed with effect from 14th February 2024 , the Board of both the companies passed resolution in their meetings held on 15th March 2024 to restart the merger process and the same is underway to have the merger done as quickly as possible. The company has, as advised by the RBI, applied to the RBI for grant of in-principle approval for the merger.
Subsequent to the receipt of RBI approval dated July 29, 2024, the merger of Jana Holdings Limited (JHL), a 100% subsidiary of Jana Capital Limited (JCL), was initiated under the Scheme of Amalgamation between JHL (the Transferor Company) and JCL (the Transferee Company), in accordance with Sections 230 to 232 of the Companies Act, 2013, and other applicable provisions.

STANDALONE UNAUDITED FINANCIAL RESULTS FOR THE PERIOD ENDED 31 DECEMBER 2024
REGULATION 52(1) AND (2) OF THE LISTING REGULATIONS

(₹ in INR '000)

Notes:

5.1 The Board of Directors, in their meeting on October 11, 2024, approved shifting the Registered Office from Karnataka to Tamil Nadu under Sections 12 and 13(4) of the Act, which was resolved at the 14th EGM held on November 7, 2024. This move is aimed at enhancing operational efficiency, creating synergy, supporting future corporate actions, and mitigating stamp duty implications related to the merger schemes approval by the NCLT. Post the EGM resolution, advertisements were given in the newspaper for the change in Registered Office, and due consent from creditors and debenture holders was obtained. MGT-14 was subsequently filed, and relevant approval from the Regional Director (RD) office was also obtained. JCL has signed a rental agreement with the landlord for the purpose of registered office effective from December 24, 2024, with the address at Sy. No./2581, 3rd Floor, Sri Krishna Towers, Krishnagiri Bye-Pass Road, Hosur, Tamil Nadu - 635109. JCL and JHL have signed a Memorandum of Understanding/Letter of Intent effective from 24th December 2024 for sub-leasing the said office premise to JHL for the purpose of the registered office of JHL. The Bangalore address at #19/4, "Sair Bagh" Building, 4th Floor, Cunningham Road, Bangalore-560001, shall serve as the corporate office for both JCL and JHL. Additionally, the company filed INC-22, and has received the consent of the Registrar of Companies (ROC), Bangalore, and Registrar of Companies, Coimbatore, post which the Registered office of JCL and JHL stands officially shifted to Tamil Nadu with effect from 24th January 2025. JCL will restart the merger process very soon by filing an application with the NCLT, Chennai, under Section 230 of the Companies Act.

6 The Company is Core Investment Company and has classified this as its business segment and accordingly there are no separate reportable segments in accordance with Ind AS 108 'Operating Segment'.

7 Reserves include Statutory Reserve as per Section 45-IC of Reserve Bank of India Act 1934, balance in securities premium and retained earnings.

8 As per Small Finance Bank Licensing Guidelines issued by the RBI, the equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The IPO of equity shares of Jana Small Finance Bank Ltd has been completed and now the shares are listed in the stock exchanges with effect from 14th February 2024.

9 Previous period/year figures have been regrouped / reclassified, wherever necessary to conform to the current period presentation.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the Standalone Financial Statements of Jana Holdings Limited ('The Company') which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

(i) The Company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank', An Associate Company herein after called as "The Associate"). As per RBI guidelines, the Company shall maintain minimum Capital Adequacy Ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III CapitalRegulations of India, when implemented.

In Our Opinion, for the year ended 31 March 2022, the Company is not meeting with the regulatory minimumCAR on a consolidated basis. Capital adequacy computed on a consolidated basis as on 31 March 2022, is in negative data of 7.96% (minus 7.96%), which is below the regulatory minimum of 15%. The consequential impact of such non-compliances on the Standalone Financial Statements is presently unascertainable. (Refer Note 34 to the Audited Standalone Financial Statements).

(ii) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR.

PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2022, is in a Deficit of Rs.187,357 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Standalone Financial Statements is presently unascertainable. (Refer note 35 to the audited Standalone Financial Statements).

(iii) As per RBI guidelines, the NOFHC may have a Leverage of up to 1.25 times, of it's Paid up Equity Share Capital and Free Reserves. For the year ended 31 March 2022, the Company had a Leverage Ratio of 8.04 times which is above the regulatory threshold of 1.25 times as stated on a Standalone basis. In Our Opinion the consequential impact of such non-compliances on the Standalone Financial Statements is presently unascertainable. (Refer Note 36 to the Audited Standalone Financial Statements).

These matters have also been qualified by the previous Statutory Auditors on the Standalone Financial Statements of the Company.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 37 in the Standalone Financial Statements, which indicates that the Company incurred a net loss of INR 243.33 crores during the year ended 31 March 2022 and has accumulated losses amounting to INR 1143.98 crores, as of that date, which has substantially eroded its Net Worth and further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2022 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the matured debentures and the balance funds are invested in the equity shares of the Associate. Accordingly, the Standalone Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to Note 37 to the Standalone Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Standalone Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

Our opinion is not modified in respect of this matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note 3 to the Standalone Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded at cost and is tested for Impairment annually. On 31 March 2022, Investment in the Associate amounts to INR 2,390.16 crores (Previous year 31 March 2021: 2,324.16 crores) against which Reversal of Impairment Loss for the Year Rs. 37.28 crores (Impairment Loss/ Reversal of Impairment Loss for the Last Year Rs. Nil). The net provision of Impairment is provided for Rs. 256.83 crores as at 31 March 2022 (Previous year 31 March 2021: Rs. 294.12 crores).

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.
ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.
iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Standalone Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

MURALI & VENKATESH BANGALORE FIRM REG. NO. 004366S Chartered Accountants

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information and explanations given to us, the remuneration paid by the Company to its Directors is within the limits laid down under Section 197 read with Schedule V of the Act and the rules thereunder.

3. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report, are in agreement with the books of account.

d) Except for the matter described in the Basis of Qualified Opinion section here in above, in our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) The matter described in Basis of Qualified Opinion section here in above and the Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the Directors as on 31 March 2022 taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March 2022 from being appointed as a Director in terms of Section 164 (2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position as at 31 March 2022.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by

MURALI & VENKAT
Firm No.
Chartered Accountants

us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

ANNEXURE A - Statement on the matters specified in paragraphs 3 and 4 of the companies (Auditor's Report) order, 2020 ("CARO") to Independent Auditor's report of even date on the standalone of M/s. Jana Holdings Limited for the year ended 31st March 2022.

Based on the audit procedure performed for the purpose of reporting a true and fair view on the Standalone Financial Statements of Jana Holdings Limited ("*The Company*") and taking into consideration the information and explanations given to us and the books of account and other records examined by us in a normal course of audit, and to the best of our knowledge and belief, we report that:

(i)

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of its Property, Plant and Equipment. The Company has maintained proper records showing full particulars of its intangible assets.

(b) The Company's Property, Plant and Equipment have been physically verified by the management at reasonable intervals as per a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. The Company has reported that no material discrepancies were noticed on such verification made during the year.

(c) According to the Information and explanations given to us, there are no immovable properties and accordingly, the requirements under paragraph 3(i)(c) of the order are not applicable to the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) We have not observed nor have we been informed of any proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder to disclose appropriately in its Standalone Financial Statements.

(ii) The Company is Non- Banking Financial Company ('NBFC') Non- Operating Financial Holding Company ('NOFHC') and it does not hold any physical inventories. Accordingly, the reporting requirements stated in the clause 3(ii) of the order are not made.

MURALI & VENKAT

(iii) The Company, during the year has granted loans to its Holding Company and has made Investments in its Associate Company and no other Loans, Investments, Guarantees or Securities or Advances in the nature of loans are made/provided by the Company to any party. Our Opinion on the matters specified as per this clause is as under:

(a) During the year, The Company has granted Interest bearing Unsecured loan aggregating to an amount Rs.90,00,000/- to its Holding Company and the balance outstanding as at the Balance sheet date including Interest due is Rs.91,19,803/-.

(b) The Company has made Investments in its Associate Company as per the terms and conditions of agreement which are, prime of facie not prejudicial to the Company's Interest.

(c) In respect of the loans granted, the schedule of repayment of principal and payment of interest has been stipulated and such repayments / receipts are regular.

(d) There are no overdue amounts in respect of loans granted for more than ninety days.

(e) There are no loans or advances in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans given to settle the over dues of existing loans given to the same parties.

(f) The Company has granted demand loan of Rs.90,00,000/- (Outstanding dues as at 31-03-2022 Rs.91,19,803/- including interest dues) to its related party as defined in section 2(76) of the Companies Act, 2013, which in aggregate, works out to 100% of the total loans granted by the Company.

(iv) The Company has complied with the provisions of section 185 and 186 of the Act in respect of loans given and investments made.

(v) The Company has not accepted any deposits or amounts which are deemed to be Deposits and hence compliance with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 and other applicable provisions of the Companies Act, 2013 and the Rules framed thereunder are not applicable. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal against this Company in any matter relating to the deposits.

(vi) The Maintenance of Cost records has not been specified by the Central Government u/s.148 (1) of the Act for the business activities carried by the Company. Accordingly, the requirements under clause 3(vi) of the order are not applicable to the Company.

MURALI & VENKAT BANGALORE Firm No. 007375 Chartered Accountants

(vii)

(a) According to the Information and explanations given to us and the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts in respect of the above statutory dues as at March 31, 2022 outstanding for a period of more than six months from the date they became payable.

(b) There were no material dues on account of disputed statutory liabilities referred to in sub-clause (a), which have not been deposited.

(viii) The Company has not surrendered or disclosed any transactions, previously unrecorded as income in the Books of Account in the Income Tax assessments under the Income Tax Act, 1961, as income of the Company during the year

(ix)

(a) The Company has no loans except borrowings by way of debentures and there are no defaults in repayments of debentures including interest there on during the year to the debenture holders.

(b) The Company is not a declared will full defaulter by any Bank or Financials Intuition or Other lenders.

(c) The Company has no term loans obtained and hence clause 3(ix)(c) of the order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short-term basis by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company has raised funds by way of debentures from other parties to meet the obligations of its Associate and the total value of investment INR 2,390.16 crores as at the Balance Sheet date has been invested in Equity shares of the Associate Company. Also Refer Note 3 to the Standalone Financial Statement and our observation in the Key Audit Matters in our report here in above.

(x)

(a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence the reporting requirements under the clause 3(x)(a) is not made.

MURALI & VENKAT
BANGALORE
Firm No
002102S
Chartered Accountants

(b) The Company has not made any preferential allotment or private placement of shares or fully, partially, optionally convertible debentures during the year and hence the reporting requirements under the clause 3(x)(b) is not made.

(xi)

(a) In our opinion, no fraud by the Company or any fraud on the Company has been noticed or reported during the year and hence the reporting requirements under the clause 3(xi)(a) is not made and as per clause 3(xi)(b) for filing report under sub-section (12) of Section 143 of the Act by the Auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government does not arise.

(b) In our opinion, the Company has not received any whistle – Blower complaints during the year as per the records maintained for the purpose and hence the impact of the same on the Standalone Financial Statements is Nil.

(xii) The Company is not a Nidhi Company and hence compliance requirements applicable to Nidhi companies as per clause 3(xii)(a),(b) and (c) are not applicable.

(xiii) In our opinion, all the transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and the details of the transactions have been disclosed in the Standalone Financial Statements as required by the applicable Accounting Standards.

(xiv)

(a) The Company has an Internal Audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date, for the period under audit.

(xv) In our opinion, the Company has not entered into any non-cash transactions with its Directors or persons connected with them and hence, the compliance with the provisions of Section 192 of the Companies Act, 2013 is not applicable.

(xvi)

(a) The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as NBFC-ND-NOFHC.

(b) The Company has not conducted any non-Banking Financial or Housing Finance activities during the year.

(c) The Company is not a Core Investment Company (CIC) as defined in the Regulations made by the RBI.

(d) The Company's Group has one CIC (M/s Jana Capital Limited, Holding Company) as part of the Group.

MURALI & VENKAT
BANGALORE
Firm No
Chartered Accountants

(xvii) The Company has incurred cash losses in the financial year Rs.280.65 crores and in the immediately preceding financial year Rs.232.80 crores.

(xviii) The Statutory Auditors of the Company have resigned during the year and our appointment was made in place of such vacancy raised. We have not received any issues, objections or concerns raised by the outgoing Auditors to take into consideration in farming the report.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE 'B' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Standalone Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Standalone Financial Statements of Jana Holdings Limited ("the Company") as of 31st March 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements includes obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

MURALI & VENKAT
BANGALORE
Firm No. 007183S
Chartered Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

MURALI & VENKATA
BANGALORE
Firm No.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Jana Holdings Limited

JANA HOLDINGS LIMITED

Notes to the financial statements for the year ended 31 March 2022

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on 10 March 2016 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debenture, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non-Banking Financial Company (NBFC) Non Operating Financial Holding Company (NOFHC) from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of new banks in the private sector issued by Reserve Bank of India, the Company, a Non-Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (formerly known as 'Janalakshmi Financial Services Limited').

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited. The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by letter dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1)(a) of the Act and rules made thereunder.

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with.

The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, Jana Holdings Limited arranged Rs.100 crores and made available (part prepayment and part purchase of their NCDs from WDM) to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2023. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

1.2 Statement of compliance

These financial statements are separate financial statements prepared in accordance with Indian Accounting Standards ("Ind AS"), the provisions of the Companies Act, 2013 ("the Act") (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

Jana Capital Limited (the Parent Company or the Holding Company) is a company incorporated in India, which holds 100% of Jana Holdings Limited (the Company). The Company holds 42.84% of Equity shares of Jana Small Finance Bank (Associate).

1.3 Basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. (As Amended from time to time)

The financial statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements for the year ended 31 March 2019 were the first set of financial statements prepared in accordance with Ind AS.

The Company is regulated by the Reserve Bank of India ("RBI"). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its financial statements. The financial statements for the year ended 31 March 2022 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time. In this regard.

1.4 Functional and Presentation currency

These Ind AS Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 Basis of measurement

The Financial Statements have been prepared on a historical cost basis.

MURALI & VENKATA BANGALORE Firm No 002162S Chartered Accountants

Jana Holdings Limited

1.6 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Financial Statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Financial Statements.

The key estimates and assumptions used in preparation of Financial Statements are:

i. Fair value of Financial Instruments

The fair value of Financial Instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

ii. Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized.

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

2 Significant accounting policies

The Company has applied the following Accounting Policies to all periods presented in these Financial Statements.

i. Revenue recognition

Interest on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate.
Dividend is recognised when the right to receive the dividend is established.

ii. Finance Cost

Interest expense on financial liabilities is recognized on an accrual basis using effective interest rate (EIR) method.
The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusted for upfront expenses. The interest expense is recognized on EIR method on a time proportion basis applied on the carrying amount for financial liability.
Arranger fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.
Other fees and expenses such are recognized as and when they are incurred.

iii. Financial assets and liabilities

a. Financial assets

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.
In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as "accounting mismatch").
Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

MURALI & VENKAT BANGALORE Chartered Accountants

Jana Holdings Limited

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as "active" if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

iv. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Short term and long term employee Benefits are disclosed based on the period pending for due.

MURALI & VENKATESH BANGALORE Firm No. 007162S Chartered Accountants

Jana Holdings Limited

v. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight-Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use /disposed of.

vi. **Other intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets, comprising of software are amortized on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

vii. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ('CGU') exceeds the recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognized in statement of profit or loss, when the carrying value of an asset or cash generating unit ('CGU') exceeds the estimated recoverable amount. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

MURALI & VENKATA BANGALORE Firm No. 002162S Chartered Accountants

Jana Holdings Limited

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

ix. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax:**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:

a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and

b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

xi. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xii. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

xiii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

MURALI & VENKAT BANGALORE Firm No. 002625 Chartered Accountants

Jana Holdings Limited

xiv. Impairment of financial assets

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.
ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xv. Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO (being the CODM) include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

* Other basis of measurement such as cost may be explained as a footnote

*Basis of Measurement

The Bank has reported a profit INR 5.41 Crores as on March 31,2022 and the fair value of the Bank shares for the period ended March 31, 2022 is Rs.968.56 per share. In light of the above indicators, the company has estimated the recoverable amount of the investment in the Bank as INR 968.56 per share which is more than it carrying amount i.e. INR 951.09 per share.

The fair value of the bank equity shares being INR 968.56 per share has been determined by Management based on the third party valuation report issued by M/s. Kunal L. Kalanti dated 12th August 2021. Based on the above indicators no further impairment loss has been recognised during the financial year 2021-2022 upto March 31, 2022.

The Company has made additional investments of Equity shares of Face Value Rs 10 each, in Jana Small Finance Bank by way of preferential allotment being 423,208 shares at Rs.968.56 per share amounting to Rs. 40,96,99,496.48 (Rs.4,09,999.99 thousands) as on January 18, 2022 and 258,115 shares at Rs.968.56 per share amounting to Rs. 24,99,99,884 (Rs 2,49,999.99 thousands) as on February 28, 2022.

In light of the above indicators and the continued increase in per value of share of Jana Small Finance Bank (from the erstwhile Rs. 951.09 per share to Rs. 968.56 per share) the management has evaluated and determined to reverse the impairment loss recognised in the books of accounts during the FY 2021-2022 in accordance with Ind AS 36.

The amount of impairment Loss reversed during the FY 2021-2022 amounts to Rs. 37,38,86,212.80 (Rs 3,72,886.21 thousands) being 2,17,44,374 shares at Rs. 17.47 per share (968.56 - 951.09)

Nature and purpose of reserves

(a) Securities Premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve

In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NBFCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period year ended 31 March 2022 as the Company has incurred losses.

(c) Retained Earnings

Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Debenture redemption reserve

The Entity being an NBFC is exempted from creation of Debenture Redumption Reserve for Debentures issued through Private Placement Avenue.

(e) Contingent Liabilities and commitments

a Contingent Liabilities	31-Mar-22	31-Mar-21

22 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(Rs. in thousands)

	31-Mar-22	31-Mar-21
Net Loss as per the statement of Profit and Loss	(24,33,322.80)	(23,26,805.22)
Less: preference dividend after tax (Refer Note 14(f))	-	-
Loss attributable to equity holders after preference dividend	(24,33,322.80)	(23,26,805.22)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(24,33,322.80)	(23,26,805.22)
Weighted average number of equity shares for basic EPS*	23,80,944.00	23,80,944.00
Effect of dilution:	-	-
Rights Shares issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	23,80,944.00	23,80,944.00
Basic loss per share (INR)	(1,022.00)	(977.26)
Diluted loss per share (INR)	(1,022.00)	(977.26)

* The weighted average number of shares takes into account the weighted average effect of changes in treasury share transactions during the year.

23 Leases

The Entity has considered and evaluated the applicability of the standard (IND AS 116 Leases) which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of (INDAS 116), A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Jasvadhar India Private Limited and Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2021-2022. This is in line with the treatment adopted by the entity for the previous financial year 2020-2021.

25 Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables ,investments trade payables, short term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.
Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

26 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques:
•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).
No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets as at March 31, 2022

(Rs. in thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	17,610.67	-	-	17,610.67	17,610.67
Bank balance other than cash and cash equivalents	-	-	-	-	-
Investment in associates	-	-	2,13,33,305.94	2,13,33,305.94	2,13,33,305.94
Other Financial Assets	-	-	11,060.80	11,060.80	11,060.80
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	1,89,95,919.98	1,89,95,919.98	1,89,95,919.98
Other financial liabilities	-	-	329.50	329.50	329.50

Fair value measurement hierarchy of assets as at March 31, 2021

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	9,592.35	-	-	9,592.35	9,592.35
Bank balance other than cash and cash equivalents	-	-	-	-	-
Receivables					
Investment in associates	-	-	2,03,00,420.67	2,03,00,420.67	2,03,00,420.67
Other Financial Assets	-	-	1,610.69	1,610.69	1,610.69
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	1,55,16,034.36	1,55,16,034.36	1,55,16,034.36
Other financial liabilities	-	-	410.00	410.00	410.00

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short term borrowings are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

27 Financial risk management objectives and policies

The Company's principal financial liabilities comprise debt securities, Trade and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in associate company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

I Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

II Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in associates & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews performance of investments in associates.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

31-Mar-22 (Rs. in thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Associate	Investments at amortized cost	2,13,33,305.94	-	2,13,33,305.94

31-Mar-21 (Rs. in thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Associate	Investments at amortized cost	2,03,00,420.67	-	2,03,00,420.67

MORALI & VENKATESH BANGALORE Firm No. 002152S Chartered Accountants

Jana Holdings Limited

The below table shows the maximum exposure to credit risk by class of financial assets.

31-Mar-22 (Rs. in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	17,610.67	-	17,610.67
Bank balance other than cash and cash equivalents	-	-	-
Investment in associates	2,13,33,305.94	-	2,13,33,305.94
Other Financial Assets	11,060.80	-	11,060.80
Total	**2,13,61,977.42**	-	**2,13,61,977.42**

31-Mar-21 (Rs. in thousands)

Particulars	Maximum Exposure to Credit risk	Fair Value of Collateral	Net Exposure
Financial Asset			
Cash and cash equivalents	9,592.35	-	9,592.35
Bank balance other than cash and cash equivalents	-	-	-
Investment in associates	2,03,00,420.67	-	2,03,00,420.67
Other Financial Assets	1,610.69	-	1,610.69
Total	**2,03,11,623.72**	-	**2,03,11,623.72**

Expected credit loss on other financial assets

Security deposits represent Other Financial Assets. Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount of receivable from the party. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Amount due from related parties represents the unsecured loan advanced vide Board resolution dated April 27, 2021 to the holding company - Jana Capital Limited amounting to Rs. 90 Lakhs and the interest accrued on loan amounting to Rs. 1.19 lakhs

Cash and cash equivalents and Bank balance

The Company holds cash and cash equivalents and bank balance of Rs. 17,610.67 thousands as at March 31, 2022 (INR 9,592.35 thousands as at 31 March 2021) The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

III Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by assuring the ability to meet its liabilities as they become due. The liquidity risk can be either (i) institution specific or (ii) market specific.

I. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

II. Maturity of financial liabilities

The following are the remaining contractual cashflows of financial assets and liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

Jana Holdings Limited

28 Capital management

The Adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains requisite credit ratings. The funding requirements are met through equity and non convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per the terms and conditions of the license issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DBR.NBD.(SFB-JFS) No. 12881/16.13236/2016-17 dated 28 April 2017 ("Licensing letter"), the Company is required to comply with the provisions of paragraph 3(h)(ii) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ("CAR") compliance on a consolidated basis by the NOFHC as per RBI guidelines.

32 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited. The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.
Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).
The Transferee Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by letter dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1)(a) of the Act and rules made thereunder.
The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with.
The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, Jana Holdings Limited arranged Rs.100 crores and made available (part prepayment and part purchase of their NCDs from WDM) to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2023. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

33 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localized lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID- 19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government-mandated or elected by us.

34 Capital to Risk Assets Ratio

The Company is a Non operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ("CAR") at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented.

For the year ended 31 March 2022, the Company CAR computed on consolidated basis is at (7.96%) which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company and invested as equity in bank, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above as per Note-32.

35 Net Owned Fund

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2022. The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above as per Note-32.

36 Breach of Leverage Ratio on a Standalone basis

The Company is a Non-Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 8.04 which is above the regulatory threshold of 1.33 on a standalone basis for the year ended 31 March 2022. This is due to fact that Non-Convertible Debentures ("NCD") that have been issued by the Company has resulted in accumulated interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company had evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and had filed an application with Reserve Bank of India ("RBI") which has been explained above as per Note-32.

37 Going Concern Basis of Accounting

The Company incurred a net loss of INR 243.33 crores during the year ended March 31, 2022, and has accumulated losses amounting to INR 1143.98 crores, as of March 31, 2022 which has substantially eroded the net worth of the company. Further, breaches in the regulatory requirements such as consolidated capital adequacy ratio, net owned fund and leverage ratio continue to exist. (Refer note 34, 35, and 36 for detailed explanations regarding regulatory breaches). Above events indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its obligations and continue its business for the foreseeable future. Accordingly, the financial statements have been prepared under the going concern assumption.

38 Listing requirement for equity shares of Associate Company

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021, and received SEBI's approval to raise funds through IPO on July 12, 2021.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of Jana Holdings Limited (The Company), its Associate M/s Jana Small Finance Bank Limited, which comprise the Consolidated Balance Sheet as at 31 March 2022, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information. (hereinafter referred to as "the Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us,except for the effects of the matter described in the Basis for Qualified Opinion section of our report,the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their Consolidated state of affairs of the Company and its Associate as at 31 March 2022, and its Consolidated loss, Consolidated changes in equity and its Consolidated cashflows for the year ended on that date.

Basis for Qualified Opinion

(i) The Company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank', An Associate Company herein after called as "The Associate"). As per RBI guidelines, the Company shall maintain minimum Capital Adequacy Ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III CapitalRegulations of India, when implemented.

In Our Opinion, for the year ended 31 March 2022, the Company is not meeting with the regulatory minimumCAR on a consolidated basis. Capital adequacy computed on a consolidated basis as on 31 March 2022, is in negative data of 7.96% (minus 7.96%), which is below the regulatory minimum of 15%. The consequential impact of such non-compliances on the Consolidated Financial Statements is presently unascertainable. (Refer Note 33 to the Audited Consolidated Financial Statements).

(ii) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2022, is in a Deficit of Rs.187,357 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Consolidated Financial Statements is presently unascertainable. (Refer note 34 to the audited Consolidated Financial Statements).

(iii) As per RBI guidelines, the NOFHC may have a Leverage of up to 1.25 times, of it's Paid up Equity Share Capital and Free Reserves. For the year ended 31 March 2022, the Company had a Leverage Ratio of 8.04 times which is above the regulatory threshold of 1.25 times as stated on a Consolidated basis. In Our Opinion the consequential impact of such non-compliances on the Consolidated Financial Statements is presently unascertainable. (Refer Note 35 to the Audited Consolidated Financial Statements).

These matters have also been qualified by the previous Statutory Auditors on the Consolidated Financial Statements of the Company.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its Associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 36 in the Consolidated Financial Statements, which indicates that the Company incurred a net loss of INR 333.49 crores during the year ended 31 March 2022 and has accumulated losses amounting to INR 3114.12 crores, as of that date, which has substantially eroded its Net Worth and further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2022 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the matured debentures and the balance funds are invested in the equity shares of the Associate. Accordingly, the Consolidated Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

MURALI & VENKAT BANGALORE FRN 002163S Chartered Accountants

Emphasis of Matter

We draw attention to Note 36 to the Consolidated Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Consolidated Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

Our opinion is not modified in respect of this matter.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note 3 to the Consolidated Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded under Equity Method and is tested for Impairment annually. On 31 March 2022, Investment in the Associate amounts to INR 2,390.16 crores (Previous year 31 March 2021: 2,324.16 crores) against which Reversal of

MURALI & VENKAT BANGALORE FRN No. 002152S Chartered Accountants

Impairment Loss for the Year Rs. 37.28 crores (Impairment Loss/ Reversal of Impairment Loss for the Last Year Rs. Nil). The net provision of Impairment is provided for Rs. 256.83 crores as at 31 March 2022 (Previous year 31 March 2021: Rs. 294.12 crores).

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.
ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.
iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Consolidated Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the Board of Directors is responsible for assessing the Company and of its Associates, ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company and its Associate financial reporting process of the Company and of its Associate.

MURALI & VENKAT BANGALORE Firm No. 002102S Chartered Accountants

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

MURALI & VENKAT
BANGALORE
Firm No.
Chartered Accountants

- Obtain sufficient appropriate audit evidence regarding the financial information of the entity and its Associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the Audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the Independent Auditors.

We communicate with those charged with governance of the Company and such other entities included in the Consolidated Financial Statements of which we are Independent Auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section143(3) of the Act, We report, to the extent applicable, that:

   a. We have sought and, except for the possible effects of the matter described in the Basis for Qualified Opinion above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.

   b. Except for the effects of the matter described in the Basis for Qualified Opinion section above, in our Opinion, proper Books of Account as required by Law relating to preparation of the aforesaid Consolidated Financial Statements.

   c. The Consolidated Balance Sheet, The Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in Agreement with the relevant Books of Account maintained for the purpose of preparation of the Consolidated Financial Statements.

MURALI & VENKATESH

d. Except for the effects of the matter described in Basis for Qualified Opinion section above, in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 Companies (Accounts) Rules, 2014.

e. The matter described in the Basis of Qualified Opinion and Material Uncertainty Related to Going Concern section of our report, in our Opinion, may have an adverse effect on the functioning of the Company.

f. On the basis of the written representations received from the Directors of the Company as on 31st March, 2022 taken on record by the Board of Directors of the Company and the Reports of the Statutory Auditors of its Associate Company, none of the Directors of the Company, its Associate Company is disqualified as on 31st March, 2022 from being appointed as a Director in terms of Section 164 (2) of the Act.

g. The Qualification relating to the maintenance of Accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.

h. With respect to the adequacy of Internal Financial Controls with reference to Consolidated Financial Statements of the Company and the operating effectiveness of such Controls, refer to our separate Report in "Annexure-A".

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Consolidated Financial Statements disclose the impact of pending litigations on the Consolidated Financial position of the Company and its Associate. Refer Note 14(e) to the Consolidated Financial Statements.

   ii. The Company and its Associate did not have any material foreseeable losses on long-term contracts including Derivative Contracts.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company and its Associate Company incorporated in India.

MURALI & VENKAT

iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

vi. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the reports issued by the respective auditors of the Associate Company incorporated in India as referred in Para "Qualified Opinion", we report that, the respective auditor is of the opinion that CARO reporting is not applicable to such Associate Company.

MURALI & VENKATT

ANNEXURE 'A' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Consolidated Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Consolidated Financial Statements of Jana Holdings Limited ("the Company") and its Associate Company as of 31st March 2022 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements includes obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

MURALI & VENKAT BANGALORE Firm No. 002925 Chartered Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Jana Holdings Limited

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on 10 March 2016 to carry on the business of an investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debentures, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non-Banking Financial Company (NBFC) Non Operating Financial Holding Company (NOFHC) from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of new banks in the private sector issued by Reserve Bank of India, the Company, a Non-Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (formerly known as 'Janalakshmi Financial Services Limited').

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited. The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.
Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).
The Transferee Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by letter dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1)(a) of the Act and rules made thereunder.

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with.
The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, Jana Holdings Limited arranged Rs.100 crores and made available part prepayment and part purchase of their NCDs from NSM) to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2022. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

1.2 Statement of compliance

These financial statements are Consolidated financial statements prepared in accordance with Indian Accounting Standards ('Ind AS'), the provisions of the Companies Act, 2013 ('the Act') (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.
The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".
Amounts in the financial statements are presented in Indian Rupees in thousands rounded off as permitted by Schedule III to the Act. Per share data are presented in Indian Rupee to two decimal places.
Accounting policies have been consistently applied except where a newly-issued Ind AS is initially adopted or a revision to an existing Ind AS requires a change in the accounting policy hitherto in use.

Jana Capital Limited ('the Parent Company' or 'the Holding Company') is a company incorporated in India, which holds 100% of Jana Holdings Limited ('the Company'). The Company holds 47.84% of Equity shares of Jana Small Finance Bank ('Associate').

1.3 Basis of preparation

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, (As Amended from time to time).
The Consolidated financial statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).
The Consolidated financial statements for the year ended 31 March 2019 were the first set of financial statements prepared in accordance with Ind AS.
The Company is regulated by the Reserve Bank of India ('RBI'). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its financial statements.
The financial statements for the year ended 31 March 2022 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

Jana Holdings Limited

BURGAN & VENKAT
BANGALORE
Firm No. 002182S
Chartered Accountants

1.4 Principles of Consolidation

The consolidated financial statements comprise the financial statements of the Company and Associates as at and for the year ended 31 March 2022. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If associate uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that associate's financial statements in preparing the consolidated financial statements to ensure conformity with the Company's accounting policies.

The financial statements of all entities used for the purpose of consolidation are same reporting date as that of the parent company, i.e., year ended on March 31, 2022.

1.5 Consolidation procedure:

Assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, the investment in an associate is initially recognised at cost and adjusted thereafter to recognise the company's share of the profit or loss and other comprehensive income of the associates. Dividend received from associates is recognised as reduction in the carrying amount of the investments.

After application of the equity method, the company determines whether there is any objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognises the loss as 'Share of profit/loss of an associate in the Statement of Profit and Loss".

When a company transacts with an associate, profit or losses resulting from the transactions with associate are recognised in the company's consolidated financial statements only to the extent of interests in the associate that are not related to the company.

1.6 Functional and Presentation currency

These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.7 Basis of measurement

The Consolidated Financial Statements have been prepared on a historical cost basis.

1.8 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of COnsolidated Financial Statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Consolidated Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Consolidated Financial Statements.

The key estimates and assumptions used in preparation of Consolidated Financial Statements are:

i. Fair value of Financial Instruments

The fair value of Financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

ii. Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalised.

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

2 Significant accounting policies

The Company has applied the following Accounting Policies to all periods presented in these Consolidated Financial Statements.

i. Revenue recognition

Interest on fixed deposits is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate.

Dividend is recognised when the right to receive the dividend is established.

ii. Finance Cost

Interest expense on financial liabilities is recognised on an accrual basis using effective interest rate (EIR) method.

The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusting for upfront expenses. The interest expense is recognised on EIR method on a time proportion basis applied on the carrying amount for financial liability.

Arranger fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.

Other fees and expenses such are recognised as and when they are incurred.

iii. Financial assets and liabilities

a. Financial assets

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Jana Holdings Limited

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Consolidated Statement of Profit or Loss. The losses if any, arising from impairment are recognized in the Consolidated Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL. In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:
- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

MURALI & VENKAT BANGALORE Firm No. 002162S Chartered Accountants

Jana Holdings Limited

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

iv. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Short term and long term employee benefits are disclosed based on the period pending for due.

v. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight-Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed of.

vi. **Other intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets, comprising of software are amortized on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

vii. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ('CGU') exceeds its recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognized in statement of profit or loss, when the carrying value of an asset or cash generating unit ('CGU') exceeds the estimated recoverable amount. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

MURALI & VENKAT BANGALORE Firm No. 002102S Chartered Accountants

Jana Holdings Limited

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

x. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

a. **Current tax:**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:

a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and

b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

xi. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period. Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xii. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortised cost in the balance sheet.

MURALI & VENKAT BANGALORE Firm No. 002152S Chartered Accountants

Jana Holdings Limited

xiii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

xiv. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL:
ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a "loss event") and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xv. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO (being the CODM) include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

(b) **Rights, preferences and restrictions attached to shares**

The Company has only one class of equity shares being issued, subscribed and fully paid up having a par value of ₹ 10/- each. Each holder of equity share is entitled to one vote per share.

The Company declares and pays dividend on equity shares in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. The company has not declared dividend during the Financial year 2021-2022 to its shareholders.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive the assets of the Company. The distribution will be in proportion to the number of equity shares held by the equity shareholders.

Nature and purpose of reserves

(a) Securities Premium reserve
Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(b) Statutory Reserve
In terms of Section 45-IC of the RBI Act, NBFCs are required to create a reserve fund and transfer thereto a sum not less than twenty per cent of its net profit every year. The above requirement is to give intrinsic strength to the balance sheets of the NBFCs. The reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period year ended 31 March 2022 as the Company has incurred losses.

(c) Retained Earnings
Retained earnings are the profits/ losses that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Debenture redemption reserve
The Entity being an NBFC is exempted from creation of Debenture Redemption Reserve for Debentures issued through Private Placement Avenue.

(e) **Contingent Liabilities and commitments**

		31-Mar-22	31-Mar-21
a	**Contingent Liabilities**		
	Claims against the NBFC not acknowledged as debt	-	-
	Guarantees excluding financial guarantees	-	-

b	**Commitments**		
	Estimated amount of contracts remaining to be executed on capital account and not provided for;	-	-
	Uncalled liability on shares and other investments partly paid;	-	-
	Other commitments (specify nature).	-	-
	Total	-	-

Note
(i) The Company has not been declared as a wilful defaulter by any bank or financial institution or other lender.
(ii) As per the information available with us, the Company is not having any relationship with struck off Companies during the year.
(iii) The Company does not have any undisclosed income that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961
(iv) During the year, the Company has not traded or invested in Crypto Currency or in Virtual Currency.

22 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	31-Mar-22	31-Mar-21
Net Loss as per the statement of Profit and Loss	(33,34,941.45)	(27,36,175.86)
Less: preference dividend after tax (Refer Note 14(f))	-	-
Loss attributable to equity holders after preference dividend	(33,34,941.45)	(27,36,175.86)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(33,34,941.45)	(27,36,175.86)
Weighted average number of equity shares for basic EPS*	23,80,944.00	23,80,944.00
Effect of dilution:	-	
Rights Shares Issued	-	-
Weighted average number of equity shares adjusted for the effect of dilution	23,80,944.00	23,80,944.00
Basic loss per share (INR)	(1,400.68)	(1,149.20)
Diluted loss per share (INR)	(1,400.68)	(1,149.20)

* The weighted average number of shares takes into account the weighted average effect of changes in treasury share transactions during the year.

23 Leases

The Entity has considered and evaluated the applicability of the standard IND AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of INDAS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Janaadhar India Private Limited and Vidya Sridharan as low value in nature thereby the said payments has been recognised as an expense in the statement of profit and loss in the financial year 2021-2022. This is in line with the treatment adopted by the entity for the previous financial year 2020-2021.

Jana Holdings Limited

25 Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables ,investments trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount. Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

26 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets as at March 31, 2022

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	17,610.67	-	-	17,610.67	17,610.67
Bank balance other than cash and cash equivale	-	-	-	-	-
Investment in associates	-	-	13,99,552.47	13,99,552.47	13,99,552.47
Other Financial Assets	-	-	11,060.80	11,060.80	11,060.80
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	1,89,95,919.98	1,89,95,919.98	1,89,95,919.98
Other financial liabilities	-	-	329.50	329.50	329.50

Fair value measurement hierarchy of assets as at March 31, 2021

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	9,592.35	-	-	9,592.35	9,592.35
Bank balance other than cash and cash equivale	-	-	-	-	-
Receivables					
Investment in associates	-	-	13,25,395.62	13,25,395.62	13,25,395.62
Other Financial Assets	-	-	1,610.69	1,610.69	1,610.69
Financial Liabilities					
Payables	-	-	32.40	32.40	32.40
Debt securities	-	-	1,55,16,034.36	1,55,16,034.36	1,55,16,034.36
Other financial liabilities	-	-	410.00	410.00	410.00

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short-term borrowings are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

27 Capital management

The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains requisit credit ratings. The funding requirements are met through equity and non convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per the terms and conditions of the license issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DBR.NBD.(SFB-JFS) No. 12881/16.13216/2016-17 dated 28 April 2017 ("Licensing letter"), the Company is required to comply with the provisions of paragraph 2(H)(iii) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ("CAR") compliance on a consolidated basis by the NOFHC as per RBI guidelines.

31 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited. The Company submitted necessary documents on January 9, 2020, sought by the RBI vide their letter dated October 2019 and received in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. The Company is eligible to adopt Fast-track method for the merger as envisaged under Section 233 of the Companies Act, 2013 as it is the merger of wholly owned subsidiary with Holding Company. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The Transferee Company served notices (CAA-9) along with the proposed Scheme on the Registrar of Companies, Karnataka and Official Liquidator, Ministry of Corporate Affairs by letter dated 25th August 2020 seeking their objections / suggestions to the said scheme as required under section 233(1)(a) of the Act and rules made thereunder.

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors only to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with.
The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, Jana Holdings Limited arranged Rs 100 crores and made available (part prepayment and part purchase of their NCDs from WDM) to one of the creditors, as demanded, for enabling them to provide NOC for the merger although the said NCDs will mature in March 2023. The Transferor Company will seek NOCs from the debenture holders shortly. Thereafter, after obtaining other clearances/consents/approvals, the Company proposes to approach the Regional Director, Ministry of Corporate Affairs, Hyderabad, again for approval of the merger. Post the merger, the resultant entity, which is a CIC, is not required to maintain Net Owned Funds.

32 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID- 19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.
The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

33 Capital to Risk Assets Ratio

The Company is a Non operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented.
For the year ended 31 March 2022, the Company CAR computed on consolidated basis is at (7.96%) which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ('NCD') that have been issued by the Company and invested as equity in bank, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above as per Note-32.

34 Net Owned Fund

The Company is a NOFHC of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-Banking financial institution.
The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2022. The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.
In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above as per Note-31.

35 Breach of Leverage Ratio on a Standalone basis

The Company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of 8.04 which is above the regulatory threshold of 1.25 on a standalone basis.

For the year ended 31 March 2022, the Company had a leverage ratio of 8.04 vis-à-vis the regulatory threshold of 1.25 on a standalone basis. This is due to fact that Non-Convertible Debentures ('NCD') that have been issued by the Company has resulted in accumulated interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company had evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and had filed an application with Reserve Bank of India ("RBI") which has been explained above as per Note-32.

MURALI & VENKAT BANGALORE Firm No. 002122S Chartered Accountants

Jana Holdings Limited

36 Going Concern Basis of Accounting

The Company incurred a net loss of INR 3,334,941.45 thousands during the year ended March 31, 2022, and has accumulated losses amounting to INR 31,141,197.41 thousands, as of March 31, 2022 which has substantially eroded the net worth of the company. Further, breaches in the regulatory requirements such as consolidated capital adequacy ratio, net owned fund and leverage ratio continue to exist. (Refer note 33, 34, and 35 for detailed explanations regarding regulatory breaches). Above events indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its obligations and continue its business for the foreseeable future. Accordingly, the Consolidated financial statements have been prepared under the going concern assumption.

37 Listing requirement for equity shares of Jana Small Finance Bank (Associate Company)

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021, and received SEBI's approval to raise funds through IPO on July 12, 2021.

38 Prior year comparatives

Previous year figures have been re-grouped / reclassified wherever necessary to correspond with the current year's classification/ disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the Standalone Financial Statements of Jana Holdings Limited ('The Company') which comprise the Balance Sheet as at 31 March 2023, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us,except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

(i) The Company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank', An Associate Company herein after called as "The Associate"). As per RBI guidelines, the Company shall maintain minimum Capital Adequacy Ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III CapitalRegulations of India, when implemented.

In Our Opinion, for the year ended 31 March 2023, the Company is not meeting with the regulatory minimumCAR on a consolidated basis. Capital adequacy computed on a consolidated basis as on 31 March 2023, is in negative data of 4.17% (minus 4.17%), which is below the regulatory minimum of 15%. The consequential impact of such non-compliances on the Standalone Financial Statements is presently unascertainable. (Refer Note 34 to the Audited Standalone Financial Statements).

(ii) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2023, is in a Deficit of Rs.225,469.55 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Standalone Financial Statements is presently unascertainable. (Refer note 35 to the audited Standalone Financial Statements).

(iii)As per RBI guidelines, the NOFHC may have a Leverage of up to 1.25 times, of it's Paid up Equity Share Capital and Free Reserves. For the year ended 31 March 2023, the Company had a Leverage Ratio of Negative of 105.52 times which is above the regulatory threshold of 1.25 times as stated on a Standalone basis. In Our Opinion the consequential impact of such non-compliances on the Standalone Financial Statements is presently unascertainable. (Refer Note 36 to the Audited Standalone Financial Statements).

These matters were also qualified in our report on the Standalone Financial Statements for the year ended 31st March 2023.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 37 in the Standalone Financial Statements, which indicates that the Company incurred a net loss of INR 332.51 crores during the year ended 31 March 2023 and has accumulated losses amounting to INR 1476.50 crores, as of that date, which is completely eroded its Net Worth and resulted in negative. Further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2023 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the matured debentures and the balance funds are invested in the equity shares of the Associate. Accordingly, the Standalone Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to Note 37 to the Standalone Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Standalone Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

Our opinion is not modified in respect of this matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note 3 to the Standalone Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded at cost and is tested for Impairment annually. On 31 March 2023, Investment in the Associate amounts to INR 2,490.16 crores (Previous year 31 March 2022: 2,390.16 crores) against which Reversal of Impairment Loss for the Year Rs. Nil (Impairment Loss/ Reversal of Impairment Loss for the Last Year Rs. 37.28 crores). The net provision of Impairment is provided for Rs. 256.83 crores as at 31 March 2023 (Previous year 31 March 2022: Rs. 256.83 crores).

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.
ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.
iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Standalone Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information and explanations given to us, the remuneration paid by the Company to its Directors is within the limits laid down under Section 197 read with Schedule V of the Act and the rules thereunder.

3. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report, are in agreement with the books of account.

d) Except for the matter described in the Basis of Qualified Opinion section here in above, in our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) The matter described in Basis of Qualified Opinion section here in above and the Material Uncertainty Related to Going Concern section of our report, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the Directors as on 31 March 2023 taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March 2023 from being appointed as a Director in terms of Section 164 (2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position as at 31 March 2023.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

ANNEXURE A - Statement on the matters specified in paragraphs 3 and 4 of the companies (Auditor's Report) order, 2020 ("CARO") to Independent Auditor's report of even date on the standalone of M/s. Jana Holdings Limited for the year ended 31st March 2023.

Based on the audit procedure performed for the purpose of reporting a true and fair view on the Standalone Financial Statements of Jana Holdings Limited (*"The Company"*) and taking into consideration the information and explanations given to us and the books of account and other records examined by us in a normal course of audit, and to the best of our knowledge and belief, we report that:

(i)

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of its Property, Plant and Equipment. The Company has maintained proper records showing full particulars of its intangible assets.

(b) The Company's Property, Plant and Equipment have been physically verified by the management at reasonable intervals as per a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. The Company has reported that no material discrepancies were noticed on such verification made during the year.

(c) According to the Information and explanations given to us, there are no immovable properties and accordingly, the requirements under paragraph 3(i)(c) of the order are not applicable to the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) We have not observed nor have we been informed of any proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder to disclose appropriately in its Standalone Financial Statements.

(ii) The Company is Non- Banking Financial Company ('NBFC') Non- Operating Financial Holding Company ('NOFHC') and it does not hold any physical inventories. Accordingly, the reporting requirements stated in the clause 3(ii) of the order are not made.

(iii) The Company, during the year has granted loans to its Holding Company and has made Investments in its Associate Company and no other Loans, Investments, Guarantees or Securities or Advances in the nature of loans are made/provided by the Company to any party. Our Opinion on the matters specified as per this clause is as under:

(a) During the year, The Company has not granted Interest bearing unsecured loan aggregating to its Holding Company.

(b) The Company has made Investments in its Associate Company as per the terms and conditions of agreement which are, prime of facie not prejudicial to the Company's Interest.

(c) In respect of the loans granted, the schedule of repayment of principal and payment of interest has been stipulated and such repayments / receipts are regular.

(d) There are no overdue amounts in respect of loans granted for more than ninety days.

(e) There are no loans or advances in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans given to settle the over dues of existing loans given to the same parties.

(f) The Company has not granted any loan to its related party as defined in section 2(76) of the Companies Act, 2013, which in aggregate, works out to 100% of the total loans granted by the Company.

(iv) The Company has complied with the provisions of section 185 and 186 of the Act in respect of loans given and investments made.

(v) The Company has not accepted any deposits or amounts which are deemed to be Deposits and hence compliance with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 and other applicable provisions of the Companies Act, 2013 and the Rules framed thereunder are not applicable. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal against this Company in any matter relating to the deposits.

(vi) The Maintenance of Cost records has not been specified by the Central Government u/s.148 (1) of the Act for the business activities carried by the Company. Accordingly, the requirements under clause 3(vi) of the order are not applicable to the Company.

(vii)

(a) According to the Information and explanations given to us and the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts in respect of the above statutory dues as at March 31, 2023 outstanding for a period of more than six months from the date they became payable.

(b) There were no material dues on account of disputed statutory liabilities referred to in sub-clause (a), which have not been deposited.

(viii) The Company has not surrendered or disclosed any transactions, previously unrecorded as income in the Books of Account in the Income Tax assessments under the Income Tax Act, 1961, as income of the Company during the year

(ix)

(a) The Company has no loans except borrowings by way of debentures and there are no defaults in repayments of debentures including interest there on during the year to the debenture holders.

(b) The Company is not a declared will full defaulter by any Bank or Financials Intuition or Other lenders.

(c) The Company has no term loans obtained and hence clause 3(ix)(c) of the order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short-term basis by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company has raised funds by way of debentures from other parties to meet the obligations of its Associate and the total value of investment INR 2,490.16 crores as at the Balance Sheet date has been invested in Equity shares of the Associate Company. Also Refer Note 3 to the Standalone Financial Statement and our observation in the Key Audit Matters in our report here in above.

(x)

(a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence the reporting requirements under the clause 3(x)(a) is not made.

(b) The Company has not made any preferential allotment or private placement of shares or fully, partially, optionally convertible debentures during the year and hence the reporting requirements under the clause 3(x)(b) is not made.

(xi)

(a) In our opinion, no fraud by the Company or any fraud on the Company has been noticed or reported during the year and hence the reporting requirements under the clause 3(xi)(a) is not made and as per clause 3(xi)(b) for filing report under sub-section (12) of Section 143 of the Act by the Auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government does not arise.

(b) In our opinion, the Company has not received any whistle – Blower complaints during the year as per the records maintained for the purpose and hence the impact of the same on the Standalone Financial Statements is Nil.

(xii) The Company is not a Nidhi Company and hence compliance requirements applicable to Nidhi companies as per clause 3(xii)(a),(b) and (c) are not applicable.

(xiii) In our opinion, all the transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and the details of the transactions have been disclosed in the Standalone Financial Statements as required by the applicable Accounting Standards.

(xiv)

(a) The Company has an Internal Audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date, for the period under audit.

(xv) In our opinion, the Company has not entered into any non-cash transactions with its Directors or persons connected with them and hence, the compliance with the provisions of Section 192 of the Companies Act, 2013 is not applicable.

(xvi)

(a) The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as NBFC-ND-NOFHC.

(b) The Company has not conducted any non-Banking Financial or Housing Finance activities during the year.

(c) The Company is not a Core Investment Company (CIC) as defined in the Regulations made by the RBI.

(d) The Company's Group has one CIC (M/s Jana Capital Limited, Holding Company) as part of the Group.

(xvii) The Company has incurred cash losses in the financial year Rs.333.39 crores and in the immediately preceding financial year Rs.280.65 crores. However, we observe that there is no cash out flow occurred during the year for the interest on debentures, which is the part of the cash losses for the year and is due & payable at the time of redemption of such debentures.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly, the compliance clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE 'B' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Standalone Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Standalone Financial Statements of Jana Holdings Limited ("the Company") as of 31st March 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements includes obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

JANA HOLDINGS LIMITED

JANA HOLDINGS LIMITED

Notes to the financial statements for the year ended 31 March 2023

1 **Company Overview**

1.1 **Reporting Entity**

The Company was incorporated on 10 March 2016 to carry on the business of an investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debenture, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non-Banking Financial Company (NBFC) Non Operating Financial Holding Company (NOFHC) from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of new banks in the private sector issued by Reserve Bank of India, the Company, a Non-Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (formerly known as 'Janalakshmi Financial Services Limited').

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has obtained affidavits in the prescribed Formats from some of the creditors and shareholders for the merger. It is noted here that for want of the consent of one creditor constituting about 17.22% of the total creditors in value, due to which the earlier application was rejected, has during the current period provided their consent for the merger as the company has met their demand for providing the same.

The Company is working with the other creditors and shareholders for their consents. Upon the receipt of the same, the Company will file the application with NCLT for merger and for seeking dispensation with the meeting of creditors and shareholders and follow the subsequent processes involved in the Merger.

1.2 **Statement of compliance**

These financial statements are separate financial statements prepared in accordance with Indian Accounting Standards ('Ind AS'), the provisions of the Companies Act, 2013 ('the Act') (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

Jana Capital Limited ('the Parent Company' or 'the Holding Company') is a company incorporated in India, which holds 100% of Jana Holdings Limited ('the Company'). The Company holds 42.84% of Equity shares of Jana Small Finance Bank ('Associate').

1.3 **Basis of preparation**

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. (As Amended from time to time)

The financial statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements for the year ended 31 March 2019 were the first set of financial statements prepared in accordance with Ind AS.

The Company is regulated by the Reserve Bank of India ('RBI'). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its financial statements. The financial statements for the year ended 31 March 2023 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 **Functional and Presentation currency**

These Ind AS Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 **Basis of measurement**

The Financial Statements have been prepared on a historical cost basis.

MURALI & VENKAT BANGALORE Firm No. 002152S Chartered Accountants

JANA HOLDINGS LIMITED

1.6 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Financial Statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Financial Statements.

The key estimates and assumptions used in preparation of Financial Statements are:

i. Fair value of Financial Instruments

The fair value of Financial Instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

ii. Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized.

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

2 Significant accounting policies

The Company has applied the following Accounting Policies to all periods presented in these Financial Statements.

i. Revenue recognition

Interest on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate.
Dividend is recognised when the right to receive the dividend is established.

ii. Finance Cost

Interest expense on financial liabilities is recognized on an accrual basis using effective interest rate (EIR) method.
The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusted for upfront expenses. The interest expense is recognized on EIR method on a time proportion basis applied on the carrying amount for financial liability.
Arranger fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.
Other fees and expenses such are recognized as and when they are incurred.

iii. Financial assets and liabilities

a. Financial assets

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

MURALI & VENKAT BANGALORE Firm No. 002165S Chartered Accountants

JANA HOLDINGS LIMITED

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorisation as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognised at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

MURALI & VENKAT BANGALORE Firm No. 002152 Chartered Accountants

JANA HOLDINGS LIMITED

iv. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Short term and long term employee Benefits are disclosed based on the period pending for due.

v. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight-Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use /disposed of.

vi. **Other intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets, comprising of software are amortized on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

vii. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ('CGU') exceeds the recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognized in statement of profit or loss, when the carrying value of an asset or cash generating unit ('CGU') exceeds the estimated recoverable amount. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

MURALI & VENKAT BANGALORE Firm No. 010165 Chartered Accountants

JANA HOLDINGS LIMITED

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

x. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

a. **Current tax:**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

a) has a legally enforceable right to set off the recognized amounts; and

b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:

a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and

b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

MURALI & VENKAT BANGALORE Firm No. 002163S Chartered Accountants

JANA HOLDINGS LIMITED

xi. **Earnings per share**

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xii. **Cash and cash equivalents**

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

xiii. **Statement of cash flows**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

xiv. **Impairment of financial assets**

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL.

ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired - as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired - as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xv. **Segment Reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO (being the CODM) include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Nature and purpose of reserves

(a) Securities Premium reserve
Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies act, 2013.

(b) Statutory Reserve
In terms of Section 45-IC of the RBI act, NBFCs are required to create a reserve fund and transfer thereto a sum not less than twenty per cent of its net profit every year. The above requirement is to give immense strength to the balance sheets of the NBFCs. This reserve could be used for purposes as stipulated by the Reserve Bank of India from time to time. However, no transfer has been made to reserves for the period year ended 31 March 2023 as the Company has incurred losses

(c) Retained Earnings
Retained earnings are the profits/ (losses) that the Company has earned to date, less any dividends or other distributions paid to shareholders.

(d) Debenture redemption reserve
The Entity being an NBFC is exempted from creation of Debenture Redemption Reserve for Debentures issued through Private Placement avenue

(e) Contingent Liabilities and commitments

	31-Mar-23	31-Mar-22
a Contingent Liabilities		
Claims against the NBFC not acknowledged as debt		
Guarantees including financial guarantees		
Other money for which the NBFC is contingently liable (Refer Note-1 below)	80,36,777.96	46,03,846.67
Total		

Note:1
Other money for which the entity is contingently liable represents the difference between Cap Rate and Floor rate for each series of non convertible debentures issued by the entity as agreed upon in the Debenture Trust Deed with the debenture holders detailed as under:
Series I2 and F are in the nature of fixed interest rate and hence no contingent liability has been recognised

Note 1
The Company has a Leave policy defined as per which employees are entitled to 21 working days of privilege/earned leave during a financial year. The leave shall be credited at the beginning of the financial year for existing employees as at 01st April and for employees joined during the year the leave shall be credited on a proportionate basis.

As per the Company policy only 10 days of privilege leave from the current financial year can be carried forward to the next financial year; unused privilege leaves will be lapsed. Encashment of privilege leave will be possible at the time of separation on a pro rata basis.

During the previous financial year, the earned leave for eligible employees of the company where carried forward and accordingly leave encashment provision to such effect has been provided. During the current Financial year leave encashment provision amounting to INR. 477.137 has been provided considering the leave balances and actual leaves taken for the year.

22 Earnings/ Loss per share

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	31-Mar-23	31-Mar-22
Net Loss as per the statement of Profit and Loss	(33,25,091.30)	(24,33,322.80)
Less: preference dividend after tax (Refer Note 14(f))	-	-
Loss attributable to equity holders after preference dividend	(33,25,091.30)	(24,33,322.80)
Add: Interest on convertible preference shares	-	-
Loss attributable to equity holders adjusted for the effect of dilution	(33,25,091.30)	(24,33,322.80)
Weighted average number of equity shares for basic EPS*	23,80,944.00	23,80,944.00
Effect of dilution:		
Rights Shares issued	7,56,192.00	-
Weighted average number of equity shares adjusted for the effect of dilution	31,37,136.00	23,80,944.00
Basic loss per share (INR)	(1,059.91)	(1,022.00)
Diluted loss per share (INR)	(1,059.91)	(1,022.00)

* The weighted average number of shares takes into account the weighted average effect of changes in treasury share transactions during the year.

23 Leases

The Entity has considered and evaluated the applicability of the standard Ind AS 116 Leases which has been made effective from 01 April 2019 by the Government of India, through Ministry of Corporate Affairs Notification.

- As per Para 5 of IndAS 116, A lessee may elect not to apply the requirements in paragraphs 22-49 (Recognition and measurement criteria for leases) to:
  (a) short-term leases; and
  (b) leases for which the underlying asset is of low value (as described in paragraphs B3-B8).
- Further as per Para 6 of the said standard if a lessee elects not to apply the requirements in paragraphs 22-49 to either short-term leases or leases for which the underlying asset is of low value, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Considering the effect of the aforesaid paragraphs the entity determines the lease rental payments made to Vidya Sridharan as low value in nature thereby the said payments has been recognized as an expense in the statement of profit and loss in the financial year 2022-2023. This is in line with the treatment adopted by the entity for the previous financial year 2021-2022.

25 Fair values of financial assets and financial liabilities

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

26 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

•Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

•Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

•Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

MURALI & VENKAT BANGALORE Firm No. 002162S Chartered Accountants

JANA HOLDINGS LIMITED

JANA HOLDINGS LIMITED
Notes forming part of the Financial Statements for the year ended 31 March 2023
(Amount in INR thousands, unless otherwise stated)

Fair value measurement hierarchy of assets as at March 31, 2023

(Amount are in INR thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	1,164.57	-	-	1,164.57	1,164.57
Bank balance other than cash and cash equivalents	-	-	-	-	-
Investment in associates	-	-	2,23,33,305.58	2,23,33,305.58	2,23,33,305.58
Other Financial Assets	-	-	1,969.00	1,969.00	1,969.00
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	2,25,45,346.92	2,25,45,346.92	2,25,45,346.92
Other financial liabilities	-	-	335.00	335.00	335.00

Fair value measurement hierarchy of assets as at March 31, 2022

(Amount are in INR thousands)

Particulars	Level 1	Level 2	Level 3	Total Fair Value	Total Carrying Amount
Financial Assets					
Cash and cash equivalents	17,610.67	-	-	17,610.67	17,610.67
Bank balance other than cash and cash equivalents	-	-	-	-	-
Receivables					
Investment in associates	-	-	2,13,33,305.94	2,13,33,305.94	2,13,33,305.94
Other Financial Assets	-	-	11,060.80	11,060.80	11,060.80
Financial Liabilities					
Payables	-	-	-	-	-
Debt securities	-	-	1,89,95,919.98	1,89,95,919.98	1,89,95,919.98
Other financial liabilities	-	-	329.50	329.50	329.50

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short-term borrowings are considered to be the same as their fair values. The fair values of borrowings were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

27 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of debt securities and other payables. The main purpose of these financial liabilities is to invest in its operating entity. The Company's principal financial assets include investment in associate company, cash and cash equivalents, balances in banks other than cash and cash equivalents, refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

MURALI & VENKAT BANGALORE Firm No. 002165 Chartered Accountants

JANA HOLDINGS LIMITED

JANA HOLDINGS LIMITED
Notes forming part of the Financial Statements for the year ended 31 March 2023
(Amount in INR thousands, unless otherwise stated)

I Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rate and interest rate.

(a) Interest rate risk

Interest rate risk is the probability of unexpected fluctuations in interest rates. The Company has no exposure to interest rate risk as the debt securities of the Company are at fixed interest rates and not at variable rates.

(b) Foreign currency risk

Currency risk is the risk that the value of an receivable/ payable will fluctuate due to changes in foreign exchange rates. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's Functional currency (INR). The Company does not have any foreign currency transactions that would impact the profitability of the Company.

II Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Cash and cash equivalent, company's investment in associates & other financial assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Credit risk management approach

The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks. It is their responsibility to review and manage credit risk. It periodically reviews performance of investments in associates.

The below table shows the carrying amount of investments along with corresponding impairment losses and the net carrying amount:

31-Mar-23 (Amount in thousands)

Particulars	Asset Group	Carrying Amount	Allowance for Impairment Loss	Carrying Amount and net of provision
Investments in Associate	Investments at amortized cost	2,23,33,305.58	-	2,23,33,305.58

Financial Asset			
Cash and cash equivalents	17,610.67	-	17,610.67
Bank balance other than cash and cash equivalents	-	-	
Investment in associates	2,13,33,305.94	-	2,13,33,305.94
Other Financial Assets	11,060.80	-	11,060.80
Total	2,13,61,977.42	-	2,13,61,977.42

Expected credit loss on other financial assets
Security deposits represent Other Financial Assets. Security deposits are measured at amortised cost. Based on the past trends, the Company has not written off any amount of receivable from the party. Such receivables carry insignificant probability of default, hence the credit risk is also very low.

Cash and cash equivalents and Bank balance
The Company holds cash and cash equivalents and bank balance of Rs. 1,184.57 thousands as at March 31, 2023 (INR 17,610.67 thousands as at 31 March 2022) The cash and cash equivalents are held with bank and financial institution counterparties with acceptable credit ratings.

III Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing of amounts of cash flows, which is inherent to the nature of Company's operations. Liquidity risk could lead to situations where the Company needs to raise funds and/or assets need to be liquidated under unfavourable market conditions. Measuring and managing liquidity needs are vital for effective operation of the Company by assuring the ability to meet its liabilities as they become due. The liquidity risk can be either (i) institution specific or (ii) market specific.

i. Liquidity risk management

Liquidity has to be tracked through maturity or cash flow mismatches. For measuring and managing net funding requirements, the use of a maturity ladder and calculation of cumulative surplus or deficit of funds at selected maturity dates is adopted as a standard tool commonly referred to as Structural Liquidity. The Maturity Profile, are used for measuring the future cash flows of the Company in different time buckets. The time buckets are distributed and considered are as per RBI guidelines and monitored by the Board.

ii. Maturity of financial liabilities

The following are the remaining contractual cashflows of financial assets and liabilities as at the reporting date. The amounts are gross and undiscounted, and include estimated interest receipts and payments.

JANA HOLDINGS LIMITED

28 Capital management

The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The primary objectives of the Company's capital management are to ensure that the Company complies with externally imposed capital requirements and maintains requisite credit ratings. The funding requirements are met through equity and non convertible debentures. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Company is a NOFHC of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per the term and conditions of the license issued to the Bank to commence small finance bank business under Section 22 of the Banking Regulation Act, 1949 vide letter DBR.NBD.(SFB-JFS) No. 12881/16.13216/2016-17 dated 28 April 2017 ('Licensing letter'), the Company is required to comply with the provisions of paragraph 2(iv)(b) of the Guidelines for Licensing Of New Banks in the Private Sector dated 22 February 2013 which refers to Capital Adequacy ('CAR') compliance on a consolidated basis by the NOFHC as per RBI guidelines.

32 Disclosure on Merger with Parent Company

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has has taken steps to obtain affidavits in the prescribed Formats from the creditors and shareholders for the merger.

Upon the receipt of the same, the Company will file the application with NCLT under section 230-232 of the Companies Act, 2013 for the merger with a prayer to dispense with holding of meeting with the creditors and shareholders and pursue the subsequent steps involved for the amalgamation or, alternatively, file an application with RD under section 233 of the Companies Act, 2013 by following the fast track route of merger as may be applicable.

33 Disclosure on COVID-19

The outbreak of the COVID-19 pandemic had led to a nation-wide lockdown in March 2020. This was followed by localised lockdowns in areas with a significant number of COVID-19 cases. Following the easing of lockdown measures, there was an improvement in economic activity in the second half of fiscal 2021. India experienced a "second wave" of the COVID- 19 pandemic in April-May 2021 following the discovery of mutant coronavirus variants, leading to the re-imposition of regional lockdowns. These were gradually lifted as the second wave subsided.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations and in collection efficiency of the target company.

India is emerging from the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Group's results will depend on ongoing as well as future developments, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government mandated or elected by us.

34 Capital to Risk Assets Ratio

The Company is a Non operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank') and has no operation of its own. As per RBI guidelines, the Company shall maintain minimum capital adequacy ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III Capital Regulations of India, when implemented.

For the year ended 31 March 2023, the CAR computed on consolidated basis is at (4.17%) which is below the regulatory minimum of 15%. This is due to fact that Non-Convertible Debentures ('NCD') that have been issued by the Company and invested as equity in bank, which are not considered as capital on a consolidated basis. In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with Reserve Bank of India ("RBI") the status of which has been explained above as per Note-32.

MURALI & VENKAT BANGALORE Firm No. 002165 Chartered Accountants

JANA HOLDINGS LIMITED

35 Net Owned Fund

The Company is a NOFHC of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. In accordance with Section 45-IA of the RBI Act 1934, and Master Direction DNBR.PD.008/03.10.119/2016-17 dated September 1, 2016, the Company is required to adhere the prescribed net owned funds requirement of INR 200 Lakhs to carry on the business of a non-banking financial institution.

The Company has shortfall of the prescribed minimum net owned fund as of March 31, 2023 being (INR 225,469.55 lakhs). The main reason for shortfall is on account of accumulated losses which consists of cost of borrowings.

In order to resolve the issue, the Company has evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and filed an application with the Reserve Bank of India ("RBI") the status of which has been explained above as per Note 32.

36 Breach of Leverage Ratio on a Standalone basis

The Company is a Non Operating Financial Holding Company ("NOFHC") of Jana Small Finance Bank Limited ("JSFB" or "the Bank") and has no operation of its own. As per RBI guidelines, the Company had a leverage ratio of (105.52) which is above the regulatory threshold of 1.25 on a standalone basis for the year ended 31 March 2023. This is due to fact that Non Convertible Debentures ("NCD") that have been issued by the Company has resulted in accumulated interest costs and the investments in equity of the bank has been impaired, which has resulted in breach of leverage ratio on a standalone basis. In order to resolve the issue, the Company had evaluated merger option with Jana Capital Limited (the holding Company and a Core Investment Company) and had filed an application with Reserve Bank of India ("RBI") which has been explained above as per Note 32.

37 Going Concern Basis of Accounting

The Company has incurred a net loss of INR 332.61 crores for the year ended March 31, 2023 (net loss of INR 241.33 crores for the year ended March 31, 2022), and has accumulated losses amounting to INR 1,476.30 crores, as on March 31, 2023 which has substantially eroded the net worth of the company. Further, breaches in the regulatory requirements such as consolidated capital adequacy ratio, net owned fund and leverage ratio continue to exist. (Refer note 34, 35, and 36 for detailed explanations regarding regulatory breaches). Above events indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company has taken steps to raise further debt and equity that is required to maintain sufficient liquidity to meet its obligations and continue its business for the foreseeable future. Accordingly, the financial statements have been prepared under the going concern assumption.

38 Listing requirement for equity shares of Associate Company

As per Small Finance Bank Licensing Guidelines by the RBI, equity shares of the Bank are required to be listed on a stock exchange in India within three years from the date of commencement of banking business i.e., March 27, 2021. The Bank has filed draft red herring prospectus (DRHP) with Securities Exchange Board of India (SEBI) on March 31, 2021, and received SEBI's approval to raise funds through IPO on July 12, 2021.

39 Other Disclosures

(i) Payment of Gratuity

The Payment of Gratuity is not applicable to the company as the number of employees of the company are less than 10 and hence no provision of gratuity has been provided in the books of accounts.

INDEPENDENT AUDITOR'S REPORT

To the Members of Jana Holdings Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of Jana Holdings Limited ('The Company'), its Associate M/s Jana Small Finance Bank Limited, which comprise the Consolidated Balance Sheet as at 31 March 2023, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information. (Herein after referred to as "the Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us,except for the effects of the matter described in the Basis for Qualified Opinion section of our report,the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('The Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their Consolidated state of affairs of the Company and its Associate as at 31 March 2023, and its Consolidated loss, Consolidated changes in equity and its Consolidated cashflows for the year ended on that date.

Basis for Qualified Opinion

(i) The Company is a Non-Operating Financial Holding Company ('NOFHC') of Jana Small Finance Bank Limited ('JSFB' or 'the Bank', An Associate Company herein after called as "The Associate"). As per RBI guidelines, the Company shall maintain minimum Capital Adequacy Ratio ('CAR') at a consolidated level based on the prudential guidelines on Capital Adequacy and Market Discipline New Capital Adequacy Framework (NCAF) issued under Basel II framework and Guidelines on Implementation of Basel III CapitalRegulations of India, when implemented.

In Our Opinion, for the year ended 31 March 2023, the Company is not meeting with the regulatory minimumCAR on a consolidated basis. Capital adequacy computed on a consolidated basis as on 31 March 2023, is in negative data of 4.17% (minus 4.17%), which is below the regulatory minimum of 15%. The consequential impact of such non-compliances on the Consolidated Financial Statements is presently unascertainable. (Refer Note 33 to the Audited Consolidated Financial Statements).

(ii) The terms and conditions of the Certificate of registration issued to the Company by the RBI vide letter no. N-02.00275 dated 27 January 2017, requires to comply with prescribed Net Owned Fund requirement in accordance with Section 45-IA of the Reserve Bank of India Act, 1934 and RBI's Master Direction DNBR. PD.008/03.10.119/2016-17 dated 1st September 2016. In Our Opinion, The Net Owned Funds of the Company as on 31 March 2023, is in a Deficit of Rs.225,469.55 Lakhs, which is below the regulatory minimum of Rs. 200 Lakhs. The consequential impact of such non-compliance on the Consolidated Financial Statements is presently unascertainable. (Refer note 34 to the audited Consolidated Financial Statements).

(iii) As per RBI guidelines, the NOFHC may have a Leverage of up to 1.25 times, of it's Paid up Equity Share Capital and Free Reserves. For the year ended 31 March 2023, the Company had a Leverage Ratio Negative of 1.11 times which is above the regulatory threshold of 1.25 times as stated on a consolidated basis. In Our Opinion the consequential impact of such non-compliances on the Consolidated Financial Statements is presently unascertainable. (Refer Note 35 to the Audited Consolidated Financial Statements).

These matters were also qualified in our report on the Standalone Financial Statements for the year ended 31st March 2023.

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its Associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 36 in the Consolidated Financial Statements, which indicates that the Company incurred a net loss of INR 339.54 crores during the year ended 31 March 2023 and has accumulated losses amounting to INR 3453.66 crores, as of that date, which is completely eroded its Net Worth and resulted in negative. Further the Company has fixed term borrowings approaching maturity with prospects of repayment currently being evaluated by the management. Further, the Company is in breach of certain regulatory financial parameters as of 31 March 2023 as stated here in above, in the Basis of Qualified Opinion section. These conditions indicate that a material uncertainty exists that may cast significant doubt on Company's ability to continue as a going concern. However, the Company during the year raised additional funds to repay the matured debentures and the balance funds are invested in the equity shares of the Associate. Accordingly, the Consolidated Financial Statements have been prepared under going concern assumption.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to Note 32 & 36 to the Consolidated Financial Statements which describe the extent to which the COVID- 19 Pandemic will impact the Associate's Consolidated Financial Statements. Consequently, the impact on the Carrying Value of Investment in the Associate in the books of the Company will depend on the future developments.

Our opinion is not modified in respect of this matter.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Director's Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Impairment Assessment of Investment in Equity Shares in the Associate

Refer Note 3 to the Consolidated Financial Statement with respect to the disclosures of Investment in the Associate.

The Investment in the Associate is recorded under Equity Method and is tested for Impairment annually. On 31 March 2023, Investment in the Associate amounts to INR 2323.26 crores (Previous year 31 March 2022: 13,99.55 crores) against which Reversal of Impairment Loss for the Year Rs Nil (Impairment Loss/ Reversal of Impairment Loss for the Last Year Rs. 37.28 crores). The net provision of Impairment is provided for Rs. 256.83 crores as at 31 March 2023 (Previous year 31 March 2022: Rs. 256.83 crores).

The annual Impairment testing of value of Investment in the Associate is considered to be a key audit matter due to the materiality of Investment for the Company and the fact that process and methodology for assessing and determining the recoverable amount of Investment are based on certain assumptions, that by their nature imply the use of the management's judgment and prudence, in particular with reference to identification of Impairment.

Our audit procedures in respect of this area include but are not limited to:

i. The verification of the design, implementation and operating effectiveness of key internal controls over approval, recording and monitoring of Impairment in Investments.
ii. The Review of the management's Impairment assessment and assessed the reasonableness of judgements and assumptions used in such Impairment assessment.
iii. The Assessment of the accuracy of the Impairment loss and evaluated the adequacy of the disclosures in the Consolidated Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the Board of Directors is responsible for assessing the Company and of its Associates, ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company and its Associate financial reporting process of the Company and of its Associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exits, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entity and its Associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the Audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the Independent Auditors.

We communicate with those charged with governance of the Company and such other entities included in the Consolidated Financial Statements of which we are Independent Auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section143(3) of the Act, We report, to the extent applicable, that:

   a. We have sought and, except for the possible effects of the matter described in the Basis for Qualified Opinion above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.

   b. Except for the effects of the matter described in the Basis for Qualified Opinion section above, in our Opinion, proper Books of Account as required by Law relating to preparation of the aforesaid Consolidated Financial Statements.

   c. The Consolidated Balance Sheet, The Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in Agreement with the relevant Books of Account maintained for the purpose of preparation of the Consolidated Financial Statements.

   d. Except for the effects of the matter described in Basis for Qualified Opinion section above, in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 Companies (Accounts) Rules, 2014.

   e. The matter described in the Basis of Qualified Opinion and Material Uncertainty Related to Going Concern section of our report, in our Opinion, may have an adverse effect on the functioning of the Company.

   f. On the basis of the written representations received from the Directors of the Company as on 31st March, 2023 taken on record by the Board of Directors of the Company and the Reports of the Statutory Auditors of its Associate Company, none of the Directors of the Company, its Associate Company is disqualified as on 31st March, 2023 from being appointed as a Director in terms of Section 164 (2) of the Act.

   g. The Qualification relating to the maintenance of Accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.

   h. With respect to the adequacy of Internal Financial Controls with reference to Consolidated Financial Statements of the Company and the operating effectiveness of such Controls, refer to our separate Report in "Annexure-A".

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Consolidated Financial Statements disclose the impact of pending litigations on the Consolidated Financial position of the Company and its Associate. Refer Note 15(e) to the Consolidated Financial Statements.

ii. The Company and its Associate did not have any material foreseeable losses on long-term contracts including Derivative Contracts.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company and its Associate Company incorporated in India.

iv. (a) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. Based on reasonable audit procedures adopted by us, nothing has come to our notice that such representation contains any material misstatement.

(b) The management has represented to us that to the best of their knowledge and belief that no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on reasonable audit procedures adopted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.

v. The Company has not declared any dividend during the Year.

vi. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the reports issued by the respective auditors of the Associate Company incorporated in India as referred in Para "Qualified Opinion", we report that, the respective auditor is of the opinion that CARO reporting is not applicable to such Associate Company.

2. As required by the Companies (Amended) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company and its Associate to its Directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE 'A' – The Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the Independent Auditor's report of even date on the Consolidated Financial Statements of M/S. JANA HOLDINGS LIMITED

We have audited the internal financial controls with reference to Consolidated Financial Statements of Jana Holdings Limited ("the Company") and its Associate Company as of 31st March 2023 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Financial Controls

The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 and the Guidance Note to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements includes obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal controls with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of Internal Financial Controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

JANA HOLDINGS LIMITED

JANA HOLDINGS LIMITED

Notes to the Consolidated financial statements for the year ended 31 March 2023

1 Company Overview

1.1 Reporting Entity

The Company was incorporated on 10 March 2016 to carry on the business of an Investment Company and to invest, buy, sell, transfer, deal in and dispose of any shares, stocks, debentures, whether perpetual or redeemable debenture, debentures, stocks, securities of any Government, Local Authority, Bonds and Certificates. The Company is a wholly owned subsidiary of Jana Capital Limited. The Company has received certificate of registration for Non-Banking Financial Company (NBFC) Non Operating Financial Holding Company (NOFHC) from Reserve Bank of India, on 27 January 2017. As per the guidelines for licensing of new banks in the private sector issued by Reserve Bank of India, the Company, a Non-Operating Financial Holding Company, holds the investment in Jana Small Finance Bank (formerly known as "Janalakshmi Financial Services Limited").

The Board in its meeting held on October 21, 2019, and November 12, 2019, approved Fast-track method for merging Jana Holdings Limited (JHL), being the wholly owned Non-Operating Financial Holding Company (NOFHC), with its Holding as well as Core Investment Company, Jana Capital Limited after receiving the in-principle approval from the RBI on 10th August 2020. As per the existing guidelines, the requirement of having a NOFHC has been dispensed with by the RBI for setting up Small Finance Banks and Universal Banks.

Further, such a merger of the wholly owned subsidiary with the Holding Company will simplify the compliances to be reported to various Regulatory Authorities, besides resulting in lower operating costs. Subsequent to the receipt of the in-principle approval from the RBI, the Board of Directors of the transferor and the Transferee Companies met on 24th August 2020, approved the Scheme of Amalgamation of Jana Holdings Limited (Wholly Owned subsidiary) with Jana Capital Limited (Holding Company).

The transferee Company submitted necessary application to the Regional Director, South-East Region, Ministry of Corporate Affairs, Hyderabad, on 6th November 2020 for obtaining approval of Amalgamation under Section 233 of the Companies Act, 2013. Regional Director, Ministry of Company Affairs, Hyderabad vide letter dated 26th March 2021 rejected the application filed on 6th November 2020 for the merger of JHL with JCL, since JHL had obtained consent from the creditors to the extent of 82.78% in value as against the minimum threshold of consent from 90% of the creditors in value as required under Section 233 of the Companies Act, 2013 and, as such, the provisions of Section 233(1)(d) could not be fully complied with. The Board of Directors considered the aforesaid rejection order and resolved to file the fresh merger application subject to the approval of the Scheme by the Board of Directors, Shareholders, Creditors, and such other authorities as may be required. In the meanwhile, the Board of directors of both Jana Holdings Limited and Jana Capital Limited on November 14, 2022 have once again approved the scheme of amalgamation and resolved to apply afresh for the merger of the company with Jana Capital Limited, the Holding Company. In line with the decision of the Board of Directors, the company has obtained affidavits in the prescribed Formats from some of the creditors and shareholders for the merger. It is noted here that for want of the consent of one creditor constituting about 17.22% of the total creditors in value, due to which the earlier application was rejected, has during the current period provided their consent for the merger as the company has met their demand for providing the same.

The Company is working with the other creditors and shareholders for their consents. Upon the receipt of the same, the Company will file the application with NCLT for merger and for seeking dispensation with the meeting of creditors and shareholders and follow the subsequent processes involved in the Merger.

1.2 Statement of compliance

These financial statements are Consolidated financial statements prepared in accordance with Indian Accounting Standards ("Ind AS"), the provisions of the Companies Act, 2013 ("the Act") (as amended). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules, 2016.

Jana Capital Limited ('the Parent Company' or 'the Holding Company') is a company incorporated in India, which holds 100% of Jana Holdings Limited ('the Company'). The Company holds 42.88% of Equity shares of Jana Small Finance Bank ('Associate').

1.3 Basis of preparation

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. (As Amended from time to time)

The financial statements up to year ended 31 March 2018 were prepared in accordance with the accounting standards notified under the section 133 of the Act, read with with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements for the year ended 31 March 2019 were the first set of financial statements prepared in accordance with Ind AS.

The Company is regulated by the Reserve Bank of India ("RBI"). RBI periodically issues/amends directions, regulations and/or guidance (collectively "Regulatory Framework") covering various aspects of the operation of the Company, including those relating to accounting for certain types of transactions. The Regulatory Framework contains specific instructions that need to be followed by the Company in preparing its financial statements. The financial statements for the year ended 31 March 2023 have been prepared by the Company in accordance with Indian Accounting Standards ("Ind AS") notified by the Ministry of Corporate Affairs, Government of India under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016, as amended from time to time, in this regard.

1.4 Functional and Presentation currency

These Ind AS Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts are rounded off to the nearest thousands, unless otherwise indicated.

1.5 Basis of measurement

The Consolidated Financial Statements have been prepared on a historical cost basis.

MURALI & VENKAT BANGALORE Firm No. 002405 Chartered Accountants

JANA HOLDINGS LIMITED

1.6 Significant areas of estimation, critical judgments and assumptions in applying accounting policies

The preparation of Consolidated Financial Statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. The Company's management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of the changes in circumstances surrounding the estimates. Any changes in the accounting estimates are reflected in the period in which such change in circumstances are made, and if material, their effects are disclosed in the notes to the Financial Statements.

The key estimates and assumptions used in preparation of Financial Statements are:

i. **Fair value of Financial Instruments**

The fair value of Financial Instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items.

ii. **Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized.**

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. Use of assumptions is also made by the Company for assessing whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

2 Significant accounting policies

The Company has applied the following Accounting Policies to all periods presented in these Financial Statements.

i. **Revenue recognition**

Interest on fixed deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate.
Dividend is recognised when the right to receive the dividend is established.

ii. **Finance Cost**

Interest expense on financial liabilities is recognized on an accrual basis using effective interest rate (EIR) method.

The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial liability adjusted for upfront expenses. The interest expense is recognized on EIR method on a time proportion basis applied on the carrying amount for financial liability.

Arranger fees, stamp duty charges and other fees that are integral to the effective interest rate on a liability are included in the effective interest rate.

Other fees and expenses such are recognized as and when they are incurred.

iii. **Financial assets and liabilities**

a. **Financial assets**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial assets are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the origination/acquisition of the financial asset.

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest outstanding on the principal amount outstanding (SPPI).

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Statement of Profit or Loss. The losses if any, arising from impairment are recognized in the Statement of Profit or Loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at FVOCI, only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. When the financial asset is derecognized the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

MURALI & VENKAT BANGALORE Firm Reg. 002150 Chartered Accountants

JANA HOLDINGS LIMITED

Financial assets at fair value through profit or loss (FVPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

In addition, the Company may also elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is done only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as "accounting mismatch").

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

Classification and subsequent measurement

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

b. **Financial Liabilities**

Initial recognition and measurement

Except for items at fair value through profit or loss (FVTPL), all financial liabilities are recognized initially at fair value plus or minus transaction costs that are directly attributable and incremental to the issue of the financial liabilities.

Subsequent measurement

All financial liabilities are subsequently measured at amortized cost except for financial liabilities at FVTPL. Such liabilities including derivatives that are liabilities are subsequently measured at fair value.

c. **De-recognition of financial assets and financial liabilities**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in Statement of Profit or Loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

d. **Modifications of financial assets and financial liabilities**

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognized at fair value adjusted for any eligible transaction costs.

If the cash flows of the modified asset carried at amortized cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in Statement of profit or loss.

Financial liabilities

The Company derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in statement of profit or loss.

e. **Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when the Company has a legal right to offset the amounts and intends to settle on net basis or to realize the asset and settle the liability simultaneously.

JANA HOLDINGS LIMITED

MURALI & VENKAT BANGALORE Firm No. 007125 Chartered Accountants

f. **Fair value measurement**

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

iv. **Employee Benefits**

The employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Short term and long term employee Benefits are disclosed based on the period pending for due.

v. **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and borrowing costs on qualifying assets.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within the statement of profit or loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Depreciation

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values (at 0.01% except for leasehold improvements which are fully depreciated) using the Straight-Line Method (SLM) over their estimated useful lives, and is recognized in Statement of profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Particulars	Useful Life
Furniture and Fixtures	10 Years
Computers and Printers	3 Years

The depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use /disposed of.

vi. **Other intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets, comprising of software are amortized on the basis of written down value method over the estimated useful life of the asset.

Particulars	Useful Life
Computer Software	3 Years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

MURALI & VENKAT BANGALORE Firm No. 002102S Chartered Accountants

JANA HOLDINGS LIMITED

vii. **Impairment (non-financial asset)**

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds the recoverable amount, which is the higher of the fair value less costs to sell and value in use. The fair value less costs to sell is arrived based on available data from binding sales transactions at arm's length, for similar assets. The value in use is based on a discounted cash flow (DCF) model, whereby the future expected cash flows discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Impairment losses are recognized in statement of profit or loss, when the carrying value of an asset or cash generating unit ("CGU") exceeds the estimated recoverable amount. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

viii. **Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currency of the Company at exchange rates at the dates of the transactions or at the average rate if such rate approximates the actual rate at the date of the transaction.
Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in Statement of profit or loss.

ix. **Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost.

a. **Onerous contracts**

A contract is considered as onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

b. **Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc., are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

x. **Income taxes**

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

a. **Current tax:**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the balance sheet date.
Current tax assets and liabilities are offset only if, the Company:
a) has a legally enforceable right to set off the recognized amounts; and
b) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

MURALI & VENKAT
MANGALORE
Firm No.
Chartered Accountants

JANA HOLDINGS LIMITED

b. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and its tax base.

Deferred tax assets are reviewed at each reporting date and, based on management's judgment, are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the balance sheet date, to recover or settle the carrying amount of its assets and liabilities.

The effect of changes in the tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or substantive enactment date.

Deferred tax assets and liabilities are offset only if:
a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

xi. Earnings per share

The Company presents basic and diluted earning per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss that is attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss that is attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, except where the results are anti-dilutive.

xii. Cash and cash equivalents

Cash and cash equivalents include balance with banks and fixed deposits with an original maturity of three months or less. Cash and cash equivalents are carried at amortized cost in the balance sheet.

xiii. Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transaction of non-cash transactions, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents includes bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

xiv. Impairment of financial assets

The Company recognises impairment allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL. ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Financial assets that are not credit impaired – as the present values of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired – as the present values of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

The Company accounts for investments in associates at cost and tests for impairment at each reporting date. At each reporting date, the Company assesses whether financial assets carried at amortised cost are impaired. The financial assets are tested for impairment and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated.

xv. Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses whose results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Company's CEO (being the CODM) include items that are directly attributable to a segment as well as those that can be allocated on a reasonable basis.
